

WFBM OPENS WITH IMPROVED EQUIPMENT.

Merchants Heat and Light Station Has Better Facilities.

WFBM is back on the air. With a new broadcasting station, new and greatly enlarged studio, improved aerial and generally improved equipment, the good will station of the Merchants Heat & Light Company is in a better position than ever before to give broadcasting service of the highest grade to radio fans.

The station opened officially today, although Sunday the address of Albert J. Beveridge on "The Bible as Good Reading" was broadcast from the State fairground as a courtesy to the Indiana State board of agriculture, and religious services were put on the air from two Indianapolis churches.

Station Moved

The new station has been moved from Lenore to the tower of the Stephenson Bldg., Cruse and McCarty Sts. The new antenna, of the inverted L type, about 130 feet in the air, is designed to overcome directional tendencies which interfered with reception in certain localities last year.

The new studio is located on the ninth floor of the Indianapolis Athletic Club and occupies four times the space of the studio used last year. In the reception room is located the control boards and telephones. In the broadcasting studio a large number of outlets makes it possible to set the microphone wherever desired without the necessity of dragging long lines of wiring about the room.

Same Wave Length

WFBM broadcasts on the same wave length, 268 meters, that was used last year.

The staff is composed of the following: Tom Polk, director of radio; Bailey Fesler, chief announcer;

World's Series to Be on Air

The Indianapolis Times, in connection with the United Press, will broadcast a play by play description of the world's series over WFBM, the Merchants Heat and Light Company station, direct from the playing fields.

A special United Press wire has been leased which will be connected to the local station giving the baseball and radio fans a word picture of the entire world's series.

Robert T. Miller, program director; Mrs. Lucille Pettit, assistant program director; William Ehlers, station operator; Hobart Ashlock, radio engineer, and Blythe Q. Hendricks, director of publicity.

DAVIS FIRM SIGNS UP

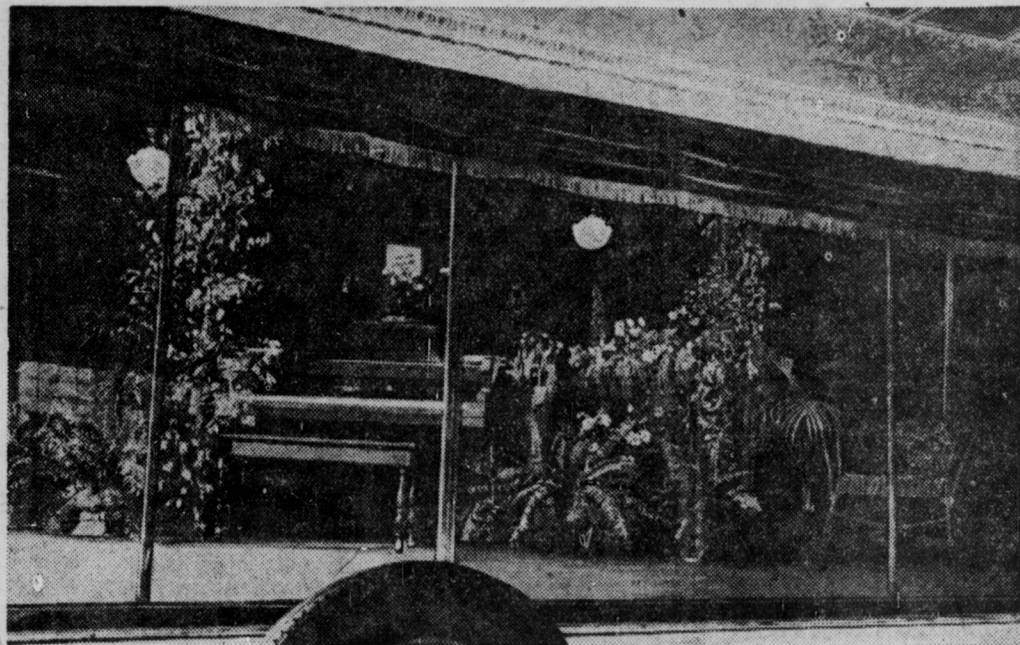

Will Broadcast Program Each Thursday Over WFBM.

The R. B. Davis Company, Hoboken, N. J., manufacturers of Davis Baking Powder and Davis Cocomalt, have made arrangements through their advertising agency, Frank Seaman, Inc., New York City, to broadcast a weekly program over WFBM.

Many of the radio listeners are no doubt familiar with the splendid programs of the Davis Saxophone octet, broadcast the past year over the WEAFA network of nine stations.

The services of Mary Traub Busch, contralto, have been obtained to supervise the broadcasting of the R. B. Davis Company over WFBM. Franklin Greenwood, baritone, has been engaged to appear exclusively on these programs. The programs will go on the air each Thursday evening from the Indianapolis Athletic Club studio.

Nite Hawks to Begin Programs Tonight

FIRESTONE CORNER STUDIO

Tonight will find the Hoosier Nite Hawk G. Dippers back on the air from Firestone Corner studio at the Carr Tire Company, Delaware and Michigan Sts., when WFBM, the Merchants Heat and Light Company station, takes the air again after a two-months lay-off.

Bill Lynch, the leader, said the orchestra has been practicing up on some of the song hits of the summer season and promised to play a few tunes that have not been heard in this city over the radio as yet. The Hoosier Nite Hawks is the oldest radio organization to play steadily

over WFBM and thousands hear its weekly program.

Miss Stella Haugh, the "Sunshine

PRIZE WINNERS ON AIR

Lists to Be Announced From Fair-ground Each Evening.

Each evening this week WFBM will broadcast the following day's State Fair programs and a list of the principal prize winners.

This is being done so that listeners in the rural districts may be able to keep in close touch with the fair. These bulletins will be broadcast each evening at 6:30 p. m.

Girl," again will be one of the regular features from this studio. If able assistant at the piano, Goldy Saylor, will again help Miss Haugh put over her enjoyable programs. The Sunshine Twins request that listeners call the Carr Tire Company and leave their request numbers.

Billy McAree, tenor, again will be featured this year along with the Sunshine Girl and requests for him to sing should be called in early.

TIMES WILL OPEN ITS RADIO SEASON ON FRIDAY NIGHT

First Program, Again From Severin, to Be Operatic Festival.

Radio program which will make all radio patrons want to tune in will be the aim of the Indianapolis Times during the fall and winter season.

The first radio program of the Indianapolis Times for its second season will begin at 9:30 p. m. Friday, Sept. 10, from the studio at the Severin over WFBM, Merchants Heat and Light Company station.

An Operatic Festival will be the nature of the opening program.

This festival program of operatic music will introduce over the air for the first time the Bel Canto Opera Company.

Members of Company

It is composed of Miss Norma France, contralto, student of Fred Newell Morris and Corinne Rider-Kelsey; Ernst Heberlein baritone, student of Glenn Freimood and Gertrude Conte; Miss Victoria Pogiani, soprano, student of Gertrude Conte; Miss Helen Montpel, soprano, student of Gertrude Conte and Miss Opal Dawson, Carmel, Ind., soprano, student of Gertrude Conte. Miss Gertrude Conte is director of the company and Mr. Heberlein is

manager as well as a member of the organization.

This opera company, composed of well-known Indianapolis artists, will present scenes from "Barber of Seville" and "Madame Butterfly" as well as groups of vocal solos and instrumental numbers.

New to Times' Friends

This operatic group is entirely new to the radio friends of The Indianapolis Times, and it is with great pleasure that its debut is announced.

On the first program will appear Miss Kathleen Bumbaugh, a singer who is well known on The Times programs of last season.

She will sing two groups of numbers; the first, "Evening," by Hagerman, and "Rain," by Curran, and the second, "Dawn," by Weaver; "Cherie, I Love You," by Goodman, and "Mary Lou."

On the second Friday night of the new season, Sept. 17, The Times will reintroduce Charles De Sautelle and his Original Royal Terrace Orchestra, one of the warmest and best known dance playing organizations in the city. De Sautelle and his organization will be assisted by Miss Bumbaugh. The second program of The Times will be known as De Sautelle Night.

Studio Draped

The studio has been draped and other improvements have been made by the Severin management so as to obtain the best possible broadcasting results.

Again a Baldwin grand piano will be used on every program. Carl Fohl again will be the announcer.

SPRINGSTEEN ON VACATION

City Councilman Robert E. Springsteen left Indianapolis Sunday for a ten-day vacation at Lake Maxinkuckee, Ind.

RAINBOW HOUR TO BE STARTED

Through Courtesy of Beauty Culture Academy.

The Rainbow Hour of Music to be broadcast over WFBM, through the courtesy of the Rainbow Academy of Beauty Culture, sponsored by Mr. and Mrs. C. W. Falton, will be under the personal direction of Mrs. Mary Traub Busch, contralto.

Mrs. Busch will strive to maintain the same high standard during these hours of entertainment as she did in her programs last season.

These programs will be distinctive in that, beginning on Monday, Sept. 13, each will include a short talk, both educational and entertaining; the latter, because each program will be built around the subject for the evening. The first Rainbow Hour will be broadcast Tuesday evening, Sept. 7, from 8:30 to 9:30. Thereafter it will be featured on Monday evening, from 10:30 to 11:30.

OBTAIN NEW ANNOUNCER

Jack Carr To Be in Charge of Firestone Programs.

WFBM has added a new announcer to the staff, Jack Carr of the Carr Tire Company, sponsor of the popular Monday evening Firestone Corner programs, will preside at the microphone this year during the Firestone programs in place of John McPhee. Carr has a pleasing, deep voice and should become popular with the listener's of Firestone Corner.
