

GERMANY ADMITTED TO LEAGUE

Once Enemy Is Elevated to Permanent Membership in Council.

SPAIN WILL DROP OUT

Three New Nonpermanent Seats Created.

GENEVA, Sept. 8.—Germany today was elevated to permanent membership in the League of Nations Council—an honor which heretofore has been reserved for the major nations which opposed her during the war.

In admitting Germany to the league, the assembly removed the last obstacle which had prevented consummation of the Locarno agreements for peace, security and arbitration.

Heavy Cost

It appeared today that the league had gained Germany at the expense of Spain and Brazil, both of which countries demanded permanent council seats last March when it was proposed that Germany should be so honored. Brazil has withdrawn from the league, and Spain only awaited today's assembly action to make her course plain.

Demand Expected

As soon as Germany is firmly settled in her new role she is expected to demand reconsideration of the clause in the Versailles treaty which brands her as guilty of causing the war.

At frequent intervals during the eight years since the close of the war Germany has been summoned before the bar of allied or other justice to explain, promise or to deny. Henceforth, Germany may be expected to occupy a comfortable chair at international council tables and her representatives will speak and argue on a parity with the representatives not only of the nations which were neutral but those which opposed her during the war.

Membership Increased

Simultaneously with its action in creating a permanent council seat for Germany, the league assembly created three new nonpermanent council seats, thereby increasing the membership of the upper house of the league from ten to fourteen. There now are five permanent council seats possessed by the British Empire, France, Italy, Japan and Germany. One other permanent seat is being held for the United States.

The assembly's vote admitting Germany to the league was unanimous—but six months later, the league council and the league assembly sought last March to make Germany a member, but the warring debate over permanent council seats prevented the desired action.

With Germany's entry into the league, Europe hoped for the beginning of a new era of tranquillity, for upon Germany's admission depended the consummation of the famous agreements of Locarno in which the statesmen of England, France, Italy, Poland, Belgium, Czechoslovakia and Germany last autumn pledged their various countries to peace and arbitration.

SPAIN DRAFTS NOTE

Will Announce Withdrawal From League.

GENEVA, Sept. 8.—The Spanish government is preparing a note announcing Spain's withdrawal from the League of Nations, according to the Daily Mail's Paris (France) correspondent.

The note is being drafted for forwarding in the event of the league assembly's rejection of Spain's claim for a permanent seat in the league council expected today, according to the dispatch.

RESIGNATION DENIED

League Secretariat Says Spain Has Not Submitted It.

GENEVA, Sept. 8.—The League of Nations secretariat today denied that Spain had submitted her resignation from the League of Nations.

Dry Rosh Hashonah

WASHINGTON, Sept. 8.—With the advent of Rosh Hashonah—Jewish New Year—at 8 p. m. tonight, prohibition authorities estimated that 250,000 gallons of wine had been withdrawn from bonded warehouses for Hebrew feasts that continue until Oct. 8.

This, it was said, will be the driest Jewish religious celebration in American history. Heretofore nearly 1,000,000 gallons of wine had been released.

Seven Saved From Burning Ship at Sea

PHILADELPHIA, Sept. 8.—With a thrilling story of rescue from a burning ship at sea, the crew of seven of the schooner Frederick Robinson was safe in port here today on board the Czechoslovakian steamer Izabran.

The Robinson with a load of lumber from Norfolk to New York was misdirected in a squall off the coast last Friday.

Shortly after a gasoline engine rigged to the ship's pump, backfired, setting the ship on fire. "There was seven feet of water in the hold," Captain Ed. Brown of the Robinson, said today, "and we were drifting rapidly. We bent every effort to keep the fire from the cargo of white pine, meantime sending out an S. O. S., which was picked up by the U. S. S. Cummings. She came alongside Saturday morning, but it was too rough to lower a boat. Then the tanker Pawnee came in sight and stood by for a while, but she could not help either. Saturday night the Izabran boat in sight just about the time the fire got beyond control.

"She put a boat over in the heavy sea and took the six men of the crew and myself from the schooner. They threw life lines to us. One after another men in the boat were dragged through the sea to the Izabran's deck. After the last of the Robinson's crew was pulled to safety, the lifeboat was splintered against the side of the ship."

SHUMAKER CASE LATER

No Action Expected on Contempt Charges Before Oct. 5.

Action on contempt charges against Edward S. Shumaker, Indiana Anti-Saloon League superintendent, will not be taken by the Indiana Supreme Court before Oct. 5, Chief Justice David A. Myers indicated today.

Shumaker was charged with being in contempt of court as result of statements contained in the annual report of the league, in a bill of information filed by Attorney General Arthur L. Gilliom.

G. O. P. WILL OPEN UP

Leaders to Start County Campaign at Rally Saturday.

Amid salvos from the big guns of the party, the Republican county campaign will be opened at a rally in Bullman's Grove, three miles east of the city limits on the E. Tenth St. Rd., Saturday afternoon under auspices of the Irvington Republican Club.

The oratorical menu will include dissertations by Senators James E. Robinson, and Arthur R. Robinson, Governor Jackson, Secretary of State Frederick E. Schortemeier and Congressman Ralph E. Updike.

PRINCE 'PRAGGA WAGGA'

That's What Wales Is Known by at Oxford.

OXFORD.—The Prince of Wales, it is disclosed, has among his numerous titles one which does not appear in the official lists.

He is known to the Oxford underground as "the Pragma Wagga."

And has been so known ever since his Oxford days.

Nobody here knows the origin of the nickname, except that it's just plain slang.

ILL-FATED HONEYMOON

Young Married Man Arrested by Federal Dry Agents.

A 17-year-old son of Mrs. James Mathews, living on a farm near New Albany, probably wished today that he had taken a wedding trip.

Federal Agents Charles R. Liebert and Roy Wegley arrested the youth Tuesday near New Albany on State Rd. 2, alleging he was operating a fifty-five-gallon still on his mother's farm. Three gallons of liquor were confiscated. Agents reported the young man was on his honeymoon.

100 Years Old, She Takes Plane Ride

PORTLAND, Maine, Sept. 8.—Sitting in a seaplane 1,200 feet above this city, Grandma Bennett celebrated her 100th birthday today.

Thus she kept a "date" made five years ago with Harry Jones, former army flyer, whom she had promised to accompany on an air ride the day she reached the century mark.

MANY ARRESTS BUT FEW CONVICTIONS

Liquor Case Figures Compiled for Remy Show Small Percentage of Alleged Bootleggers Found Guilty.

While 1,456 persons were arrested in Indianapolis from Oct. 1, 1924, through August, 1925, charged with operating blind tigers, only 430 were convicted, it was disclosed today in tabulations submitted to Prosecutor William H. Remy by accountants.

These figures cover cases handled in municipal courts three and four, presided over by Judges Dan V. White and Paul C. Wetter, where the majority of police liquor cases are taken.

Other figures for this same period are: Operating still, twenty arrested, twelve convicted; drunkenness, 2,893 arrested, 1,592 convicted; operating blind tiger, 1,619 arrested, 101 convicted; transporting liquor, 131 arrested, fifty-six convicted.

Tabulations of arrests and convictions from October, 1925, through August, 1926, are: operating still, nineteen arrested, ten convicted; operating blind tiger, 1,619 arrested, 101 convicted; drunkenness, 3,126 arrested, 2,077 convicted; operating under the influence of liquor, 475 arrested, 242 convicted, and transporting liquor, 130 arrested, 17 convicted.

From October, 1924, to August, 1925, all fines paid amounted to \$15,090 and costs totaled \$7,922. From October, 1925, to August, 1926, fines collected were \$28,882 and costs \$8,372.

Mother Seeks to Move Son's Body

Judge James M. Leathers of Superior Court One was appealed to today by Mrs. Carrie Day Vande who is seeking to enjoin her former husband, George L. Day, from preventing her from removing the body of her son, Russell E. Day, from the husband's family plot in Memorial Park Cemetery.

Mrs. Vande in a petition filed in Court One declares her son was temporarily interred in the Day family plot in December of 1924. But she says her son wished her to be buried alongside him and there is not sufficient room for that on the present plot. She has purchased a new plot.

ACCIDENT MARS RACES

PHILADELPHIA, Sept. 8.—An accident to a Martin bomber from the Quantico resulting in serious injuries to Sgt. R. H. Jordan of New Orleans marred the opening of the afternoon program at the national air races here today.

Patrolman's Nds Saves House

The nose of Patrolman Charles O'Donnell prevented a serious blaze at the home of Frank Perkins, 968 English Ave., today.

Walking his beat O'Donnell smelt something burning. He broke in the back door to find the kitchen aflame and the house filled with smoke.

Mrs. Perkins, who neighbors said went to the State fair this morning, had left an electric iron connected. Firemen extinguished the blaze. Damage to the house was estimated at \$200.

Two parrots and an English bulldog valued at more than \$100, were suffocated by the smoke.

FARMERS OF STATE FILL FAIRGROUND

Agriculturists Arrive Early to See Displays—Expect New Record.

JUDGING ON PROGRAM

Indianapolis Mounts Carry Off Ribbons.

Today was Farmers' day at the Indiana State fair.

Thousands of Hoosier agriculturists were on hand early in the morning, eager to get a glimpse at the numerous exhibits throughout the big reservation and take a look at the side attractions in time to witness the Grand Circuit racing this afternoon on the one-mile track.

It seemed likely that the Wednesday attendance record would be broken, when it was announced that the attendance up to noon had been 35,000. Last year the mark for all day was 41,000.

A recheck by officials of Monday's attendance today showed 71,260 paid admissions, bettering by more than 9,000 the previous attendance record for that day, established last year. Paid admissions for Tuesday totaled 25,232, as against 19,284 last year. Fair officials were highly elated and were confident that the attendance goal of 250,000 paid admissions would be reached this year.

Judging Begun

Today's program was to begin with the judging of Percheron horses and Shorthorn and Guernsey cattle in the Coliseum. Sheep entries were to be judged in the Coliseum. In the sheep barn and Duroc and Berkshire hogs in the swine arena.

State records for horse-pulling were broken by a team owned by Markle Brothers, Gaston, Delaware County, after two horses had won first place in a 3,000-pound class contest. They pulled the equivalent of fifteen and one-half tons and were handled by Loren Markle. He received a big ovation when it was announced the record had been broken. Second place in the contest was won by a team owned by Jack Gillespie, Warsaw, Ind. These horses failed on a fifteen-ton pull.

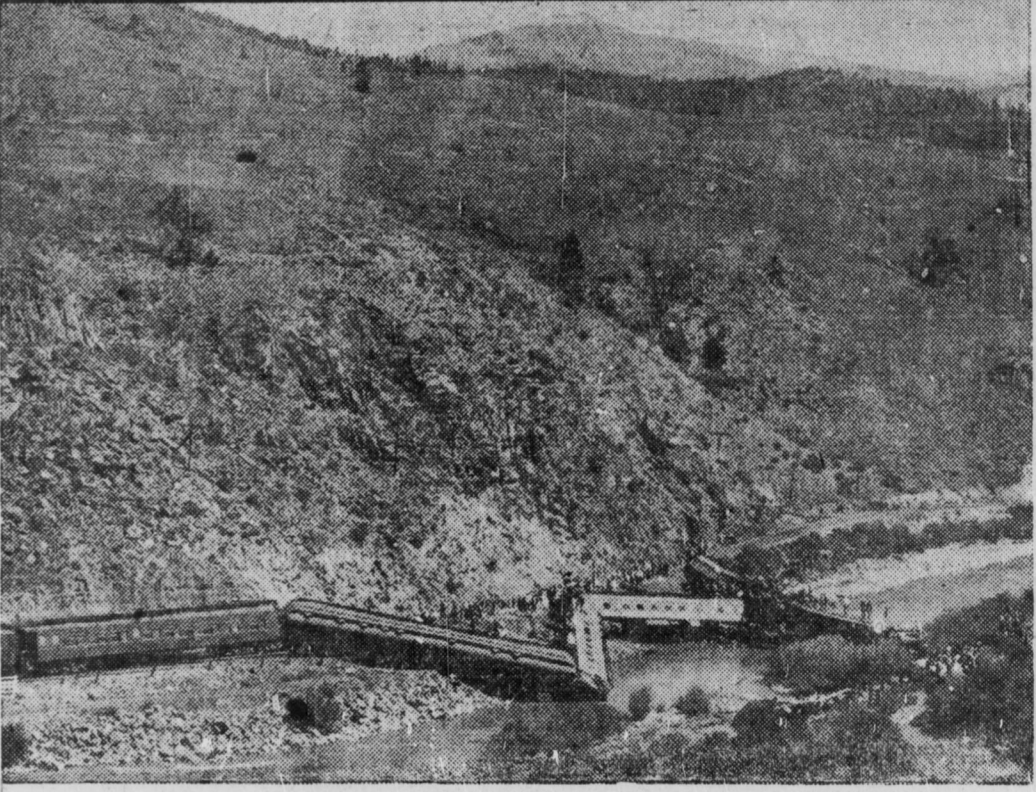

The pulling contest is a new feature of the fair and outlasted all other morning attractions Tuesday. P. T. Brown of Purdue University is in charge of the horse pulling dynamometer.

The afternoon racing feature was the 2:10 pace for the \$5,000 Silver Flash purse. Another interesting race was the two-year-old trot for a \$1,000 purse, for which forty-two entries were received.

Show at Night

At night the regular horse show will be given in the Coliseum and (Turn to Page 2)

Where 27 Met Death in Wreck

Twenty-seven deaths and injury to fifty was the toll of this wreck of the Denver & Rio Grande Railway's "Scenic Limited" near Salida, Colo. The locomotive, a baggage car, two coaches and a Pullman plunged from the rails to the bottom of the Royal Gorge as the engineer attempted to round a curve at forty miles an hour. This NEA Service picture, rushed to The Indianapolis Times by airplane and fast mail, shows in a graphic manner how the cars piled up in the Arkansas River alongside the right-of-way.

PAVING WAR BELIEVED CAUSE OF SCHMIDT'S RESIGNATION

NOMINATION OF GOV. BLAINE OVER LENROOT ASSURED

Manager Concedes Defeat of Wisconsin Senator in Primary.

MILWAUKEE, Sept. 8.—Nomination of Governor J. J. Blaine over Senator Irvine L. Lenroot in the Republican senatorial primary race, was practically assured at 1 p. m. today as Governor Blaine increased his lead over Senator Lenroot to between 14,000 and 15,000, with over 2,000 of the State's 2,729 precincts reported.

H. A. Well, chairman of the Lenroot campaign committee, conceded the defeat of Senator Lenroot.

Blaine stands on a platform favoring prohibition modification and on position to the world court while Lenroot's platform provides for American adherence to the world court and State referendum on prohibition.

Should the Governor—who long has been allied with the La Follette progressive movement—win it will be the first time the progressive forces have been able to batter down the Lenroot strength and also will (Turn to Page 5)

Need of Campaign Funds

Also Thought to Be Back of Ousting.

Constant warfare among paving material contractors and the possibility of death of contributions to the Republican county campaign fund were factors entering into the discharge by Mayor Duval of City Engineer George G. Schmidt, it was learned today.

However, Duval said that Schmidt was discharged because the board of works members believed "Schmidt moved around in a circle of his own."

Duval said that the board would not select any of the former city (Turn to Page 13)

THREE BREAK JAIL AT RICHMOND; ONE A MURDER SUSPECT

Two Sentenced for Auto Thievery Also Escape—Pry Off Locks.

RICHMOND, Ind., Sept. 8.—Leiland Phillips, 18, awaiting trial for the murder of Frank Buck, slain in a quarrel last spring over Phillips' alleged attentions to Buck's wife, and two other prisoners, escaped early today from the Wayne County jail, here.

The prisoners pried the locks from their cell doors with steel bars taken from their beds, walked down a corridor through the women's section, opened an outer door and escaped.

The other two who escaped were Edward France and Howard Davis, both 20, sentenced Tuesday to three to five years in the State reformatory for vehicle taking. They were said to be the leaders of a ring of auto thieves responsible for the theft of fifty or more cars here.

France and Davis occupied the same cell and apparently broke open their cell door first and then aided Phillips. It is believed the trio fled in a stolen auto.

The jail break was discovered by the sheriff's wife shortly before breakfast.

A general alarm was sent out to police of eastern Indiana and western Ohio cities.

Phillips was a fugitive for more than a month after the killing of Buck, being arrested at Dayton, O. He is regarded as a desperate character.

Two other local prisoners also made their escape last night. Russel Phenix 14, confined in the home for the friendless, gained his liberty by removing screws from the lock on the door to his room.

Dorman Barker, serving out a term for liquor law violations made his escape from the penal farm. Phenix was being held after having escaped from the State School for the Feeble-Minded.

DRIVER NOT IN COURT

Coroner Robinson to Recommend He Be Held for Jury.

Coroner Paul F. Robinson today said he would recommend that Fernie Pernell, 30, of 13332 N. Missouri St., be held for the grand jury on a manslaughter charge, in connection with the death of Miss Margaret Lenihan, 23, of 104 Johnson Ave. The man failed to appear in municipal court this morning when his case was called. He was to appear this afternoon.

Pernell was driving an Artificial Ice Company truck at Senate Ave. and Washington St., Aug. 16, when it struck Miss Lenihan. She died en route to the hospital.

OPENING GUN IS FIRED ON DAUGHERTY

Detailed Story of Alleged Graft Is Told to Federal Jury at New York.

JESSE SMITH IS NAMED

Described as Go-Between for German Manufacturer.

NEW YORK, Sept. 8.—The Government today unfolded a veritable defective story by which it expects to prove that Harry M. Daugherty, former attorney general and Thomas W. Miller, former alien property custodian, defrauded it of their best advice and services.

United States Attorney Emory R. Buckner in his opening statement, charged that Richard Merton of Frankfurt, Germany, came to this country in April 1921 and through the late Jesse Smith, Daugherty's confidant, laid by improper means a foundations which made possible the return to a Swiss concern allegedly controlled by him \$7,000,000 in assets of the seized American Metals Company.

Buckner said he would prove that \$391,000 in Liberty bonds came into the hands of the late John T. King, former Republican national committeeman from Connecticut and that \$50,000 of the bonds were traced directly into the possession of Miller. Buckner said that a day after King collected coupons on \$100,000 worth of the bonds, the coupons amounting to \$2,125, a deposit of that amount was made in the account of Daugherty in his brother's bank at Washington Courthouse, Ohio.

Much Negotiation

After much negotiation the assets were ordered returned.

Buckner said he would prove that the assets were reduced to cash, excepting for \$391,000, which was in Liberty bonds.

Miller, he charged, then took personally the Government's check for \$6,800,000, representing the amount of cash, and brought it to New York with him. Jesse Smith accompanied him.

That night at the Ritz-Carlton in New York Buckner charged Smith. (Turn to Page 13)
