

LEGISLATORS ARE GUESTS AT FAIR

(Continued From Page 1)

2:04 trot, the principal attraction. Other harness events were the 2:18 trot for the \$1,000 Governor's stake, the three-year-old pace for the \$1,000 Abbedale award and the 2:18 pace for a \$1,000 award, limited to half-mile horses. A half-mile dash, with a \$200 stake, was the only running event scheduled. A vaudeville program was to be given in front of the grand stand between the racing events.

The double-barreled program of amusement was to be presented to-night, with the horse show to begin at 7 in the Coliseum and the vaudeville and fireworks program scheduled to commence an hour later in front of the grandstand.

Many at Dog Show

East of the grandstand in a large tent, the dog show, presented by the Hoosier Kennel Club, continued to attract hundreds. The dog show will continue through Friday. Approximately 1,500 persons attended the opening bench exhibition Wednesday, according to Billy Clark of Indianapolis, superintendent. Judging began this morning following the return of Alex Stewart of Chicago, judge.

Wide appreciation of Indiana farmers in dedicating one day of the fair to their interest was shown in a check of the attendance Wednesday. Farmers day. Practically every county of the State was represented.

Attention of today's forenoon crowd was centered in opening of the State horse show singles contest in front of the grand stand. Finals will be played Friday. Ed Verner and Joe Brooks of Indianapolis, who topped the \$25 cash prize as winners of the State doubles championship. The Blackford County team, with only two defeats, won second place and \$65 cash. Huntington County's team was third, and Sullivan and Madison Counties tied for fourth.

Elliott to Speak

Dr. Edward C. Elliott, Purdue University president, is scheduled to address members of the Boys' Club this evening at headquarters in the northwest corner of the exposition grounds. Dr. Elliott met with alumni and former students of Purdue at the annual reunion of the Purdue Agricultural Alumni Association at 1 this afternoon in the Purdue Bldg. One of the best Hereford herds in America, owned by Henry W. Mar-

shall of Lafayette, was competing today. Marshall brought fourteen whiteface Herefords from the Illinois State Fair, where they won grand championships in both male and female classes. An animal owned by the Sni-Bar farms of Grain Valley, Mo., was adjudged grand champion shorthorn bull.

The boys' judging team from LaPorte County won highest honors Wednesday in judging dairy cattle. Then team will represent Indiana at the national dairy exposition at Detroit next month.

2 P. M.—Grand Circuit races and vaudeville, grand stand.
7 P. M.—Vaudeville and fireworks, grand stand.
8 P. M.—Society night, horse show, Coliseum.

GOOD HEALTH HIS ONLY CAPITAL

This is true of many workingmen (and women also), dogged with a haunting fear of ill-health and helplessness. Wm. F. Lagle, Anderson, Ind., heeds nature's warning sign of pain and acts promptly: "When my back hurts and irregular flow warns me of coming trouble, I take Foley's, a diuretic stimulant for the kidneys. They gave me quick results." A reliable, valuable medicine, constantly in use over 25 years. Satisfaction guaranteed. Cost little. Sold everywhere. Ask for Foley's Pills, diuretic.—Advertisement.

Specifications Agreed Upon by State Commissioners.

State election commissioners have approved printing of the ballots for voting on the four proposed State constitutional amendments on white paper, eleven by eight inches. The commissioners met with Governor

COMING EVENT MEANS MUCH TO JEWELRY LOVERS

J. F. HUFFMAN

Mr. J. F. Huffman, one of Indianapolis' well-known business men has been connected with the Kay Jewelry Co. for the past four years as secretary and credit manager. His liberal policies in extending credit has enabled hundreds of deserving people in wearing good jewelry. Mr. Huffman is taking a very active part in arranging for the celebration of his company's 12th Anniversary Sale, details of which will be found elsewhere in this paper.

Mr. Huffman will be glad not only to meet all of his friends during this sale, but also wishes to assure them that they will be able to find some of the greatest jewelry values ever offered the people of Indianapolis and vicinity.—Advertisement.

Jackson Wednesday. General election will be Nov. 2.
State tickets will be printed on pink paper, county on white and township on yellow paper.
Attorney General Arthur L. Gilliam ruled that county auditors can't reject registration forms which do not have a blank for denoting the voting place in last election, as provided by the 1925 election law. Thousands of persons would not know where they voted

last time, Gilliam said. First order of the forms did not contain the blank due to an error of the election commissioners, who published a pamphlet containing the form prescribed by law.
PHYSICIANS TO PARTICIPATE
Two Indianapolis physicians will participate in the annual convention of the American Electric Research Association which convenes in Chicago Sept. 19. Dr. J. F. Spaulhurst,

4331 Boulevard Place, will deliver the address of introduction of Dr. Frank Chaffee, president of the College of Electronic Medicine at San Francisco.

Furnace Comfort for Small Homes

Is Yours With the New Improved

Estate HEATROLA

That's the Heatrola's mission—to heat your entire home efficiently and satisfactorily at a smaller cost than any other heating plant.

No larger than a stove, and designed to harmonize with your home's furnishings, the Heatrola will keep a five-room house healthfully warm throughout the coldest weather—and do it with the most economy.

The Heatrola Circulates Heat

That is the secret of its efficiency. Great volumes of air are drawn in through the sides of the Heatrola, intensely heated and discharged through the top into the room. The heated air circulates throughout the house, while the cool air, replaced, returns to the Heatrola to be reheated. This process, continually repeated, keeps the whole house comfortable and healthfully warm.

Important Features That Make for Satisfaction

Heatrolas are designed with the utmost care to assure service completely satisfactory.

They're easy to operate and care for. The shaking grate rests on ball bearings and can be worked, even when heavily loaded, by a child. They burn the coal and its gases too, thus diminishing the amount of smoke. The ash box door is fitted tissue paper tight, and the inner feed door is provided with a smoke curtain. There's plenty of room to put in fuel, but no chance for smoke to get out.

But the Big Thing Is This—

The Heatrola Does the Work of a Basement Furnace, but It Uses No More Fuel Than a Single Stove
—Ayres—Heatrolas, sixth floor.

Buy the Heatrola on Ayres' Deferred Payment Plan

The price of the Heatrola is \$154.50. But through Ayres' Deferred Payment Plan your expenditure of this amount can be so spread out that at no time are you occasioned the slightest financial inconvenience.
