

## JUDGE TELLS WHY BREAD AND WATER TERMS ARE GIVEN

Nebraska Jurist Says Men Should Get Punishment They Remember.

The United Press herewith presents an exclusive statement by County Judge Wilbur F. Bryant of Hartington, Neb., Sept. 16.—

During my fourteen years as a county judge, I have administered sentences with a bread and water diet in at least 100 cases.

That method of intensifying imprisonment is as old as civilization itself. Saying that it belongs to the dark ages is simply ridiculous. Ninety-nine out of every hundred charged with crime are guilty and they are generally worthless characters, sent to jail to loaf and play cards and be well fed at public expense. This form of punishment is a vacation to them and the jails become veritable vacation resorts.

I believe a man should be punished so severely that he will remember it and avoid repeating the offense.

I have found that a man that I have sentenced to bread and water never came back for a second dose.

Before administering a bread and water sentence, however, I think that a court should take into consideration the health and physical condition of the defendant. And, I have never administered that punishment when I knew I would not do it again in a like case.

Bootlegging will never be stopped except by the most drastic enforcement.

## TWO WOMEN FOUND HELP

By Reading Experiences of Other Women

Mrs. Nina Matteson, Box 206, Oxford, N. Y., writes—"If it had not been for the help I found in your medicine, I could not have done my work as it should have been done. Mother told me of Lydia E. Pinkham's Vegetable Compound, and I had read in different papers what it had done for different women. She wanted me to try it, so my husband got me one bottle at first; then I took two others. . . . Now I am feeling quite strong again."

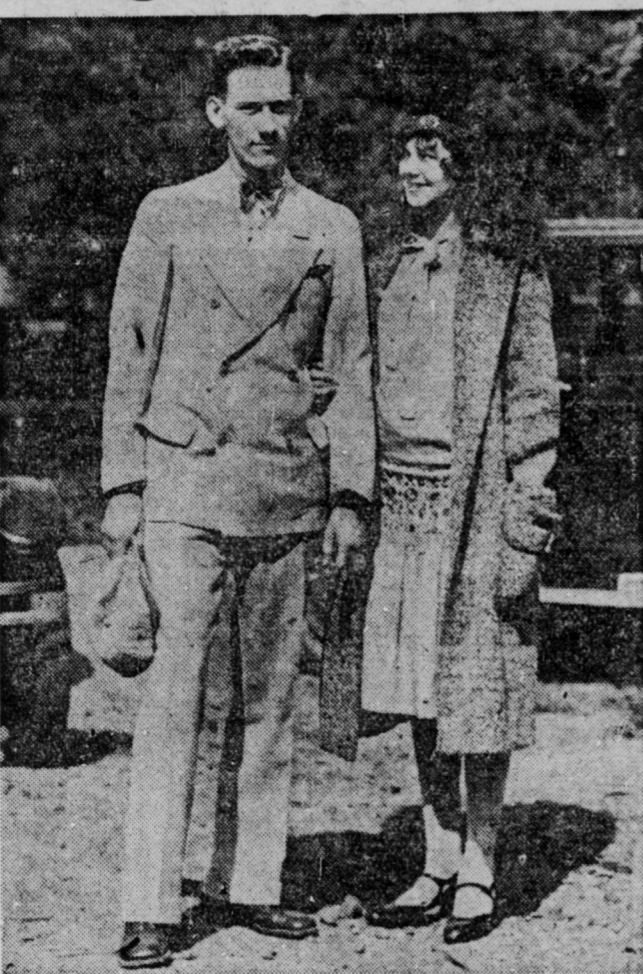

Mrs. Ernest Tangway of Adams, Mass., says she was ill for four years and could not sleep nights or go out on the street. She read about the Vegetable Compound and decided to try it. After taking eight bottles she was able to do all her work and go anywhere and is quite herself again.

This dependable Vegetable Compound is a household word in thousands of homes. The fourth generation is now learning the merit of Lydia E. Pinkham's Vegetable Compound. If this medicine has helped other women, why shouldn't it help you? At your druggist's.

## EIGHT ARE HURT IN AUTO CRASHES WEDNESDAY NIGHT

Woman Motorist Arrested as 'Hit and Run' Driver.

Eight persons were injured, an alleged woman "hit and run" driver was arrested, in a series of accidents Wednesday night.

Mrs. Edna Porter, 40, of 2318 N. Dearborn St., is alleged to have driven away from Twenty-Fifth St. and Columbia Ave., where her auto struck James Mitchell, Negro, of 2210 Valley Ave.

She asked Mitchell why he did not get his bicycle out of the way, witnesses said, and drove on. Motor Policemen Fisher and Clark slated her.

Autos driven by Joseph Dixon, 51, of 3140 N. Delaware St., president of the Dixon-Parrish, Inc., and Charles C. Adkins, 38, of 1522 Park Ave., of the International Harvester Company, collided at Thirtieth St. and Kessler Blvd. Dixon was hurled into the ditch. Edward Lennox, 67, of 2845 N. Illinois St., retired piano dealer was with Dixon. Both were sent to the St. Vincent's Hospital where it was learned Dixon has a fractured shoulder and cuts about the face. Lennox has cuts about the face and body injuries. Both were unconscious when found by passing motorists.

Adkins was thrown from his auto and alighted in the ditch. He suffered a sprained back and cuts.

Police said the men blamed the heavy rain storm for the collision. The cars met with terrific force.

Lennox and Dixon are both prominent in local golf circles.

Police endeavored to learn if anyone was seriously injured in an accident at Harding St. and White River, where they found an auto in the ditch. At 2:40 p. m., two couples used a telephone at a railroad signal tower near the accident to call a taxi. They asked that police be notified. The towerman said he thought four couples were in the auto. None were injured, although the car turned over twice. Tracing the license, police learned it is owned by Ray Francis Klein, 253 Parkview Ave.

Lawrence Elert, Danville, Ind., was charged with assault and battery, and failure to stop at a boulevard. His auto struck one driven by William Flanders, 45, of 4650 Cornelius Ave., at Twenty-First St. and Capitol Ave. Flanders was cut and bruised.

Autos driven by Benny Seigel, 26, of 1230 N. West St., and Dr. C. A. Weller, 39, of 3720 N. Delaware St., collided at Thirty-First St. and Washington Blvd. Weller was injured about the abdomen and Seigel

## U. S. WILL SUE C. I. & W. ROAD

Alleged to Have Violated Freight Rate Order.

WASHINGTON, Sept. 16.—The Justice Department, at the request of the Interstate Commerce Commission, today instructed United States attorneys for the eastern district of Virginia and the district of Indiana to institute penalty suits against the Chesapeake & Ohio Railway and the Cincinnati, Indianapolis & Western Railroad for alleged violation of the interstate commerce act.

The carriers were charged with failure to obey the commission's orders after they had increased freight rates and the Federal railroad body had decided the increases were unjustified.

Cincinnati, Indianapolis & Western allowed the increased rates to remain effective fifty-nine days after the revocation order was issued. The act provides a penalty of \$5,000 for each day of disobedience, but in each case the Government claims a forfeiture for one day only.
