ARMS CRAMPED AND SORE FROM AWFUL NEURITIS

Pains Were Agonizing, Says Local Lady; Konjola Completely Relieved Her.

"I know that any one who has neuritis certainly suffers pain and misery, and that is why I am so anxious to publicly endorse Konjola, for this medicine cleared up a very bad case for me after I had tried almost everything else," said Mrs. Edith Diggs, popular Indianapolis

MRS. EDITH DIGGS.

lady, living at 220 North Noble Street, this city. In a recent statement submitted to the Konjola Man at Hook's Drug Store, Pennsylvania and Market Streets, Indianapolis, where he is introducing this celebrated medicine to the local public,

"My arms were cramped and sore from this awful neuritis," continued Mrs. Diggs. "I had a spot in the palm of my hand and another on my elbow—these were the center of agonizing pains. Just before, I would have these spells my muscles would jerk, then a dull ache would follow. My limbs would jerk and twist, and an awful itching would appear that just seemed to sting every nerve in my body. I would awake in the middle of the night with these spells and then never go back to sleep again that night. I was subject to having the 'blues' and spells of worry and melancholy all the time, and my back was sore and achy, so that just a little bit of tension would unnerve me and completely tire me out.

"I tried to get relief by special treatments, and for over five years I kept trying everything I heard of, but now I willfully state that Konjola has conquered my suffering and put a stop to the pain and misery after everything else failed. Why, nearly every one I know is talking about the great change that has come over me, for I am no longer complaining about my health, but instead, I am showing signs of new life, and every one notices it. My arms are entirely free of neuritis, and I don't have the cramps and jerking spells in my limbs any more. All of the dull, achy feeling is gone, and I haven't suffered from neuritis since I finished the second bottle of Konjola. I took four bottles of this medicine before stopping and I've gained more strength and new energy than I ever expected to enjoy in my life again. I don't have the backaches like I used to, and I get up every morning after a good night of refreshing sleep and I can work all day without tiring. It certainly is wonderful to have such new feelings of health, and after all Konjola has done for me I can't help but praise it to every one."

The Konjola Man is at Hook's Drug Store, Pennsylvania and Market Streets, Indianapolis, where he is daily meeting the local public and introducing and explaining the merits of this remedy.

Konjola is also for sale by every Hook Drug Store in Indianapolis, and by other druggists in the nearby towns.—Advertisement.

Superior Performance Results from Superior Manufacturing

The Chrysler plan of Quality Standardization differs from, and is superior to, ordinary manufacturing practice and methods, because it demands fixed and inflexible quality standards which enforce the same scrupulously close limits—the same rigid rule of engineering exactness—the same absolute accuracy and precision of alignment and assemblage—in the measurement, the machining and the manufacturing of every part, practice and process in four lines of Chrysler cars—"50", "60", "70" and Imperial "80".
