One Which Relayed Messages Arrives in N. Y.

By United Press
NEW YORK, Sept. 22.—Incoming ships brought stories to New York today of having been caught in the fringe of the West Indian hurricane which swept the southeast Florida coast, and told of the efforts which resulted in the first word of the Miami disaster reaching the outside world.

It was the Ward liner Siboney which relayed from Alfred P. Reck, United Press correspondent at Miami, the first dispatch telling of the hurricane.

"We were abreast Miami," Raymond D. Hutchins, the radio operator, said, "when I picked up exceedingly faint signals which said: 'Can you take care of messages to New York?'"

Hutchins replied that he could and the messages from Reck was sent. It required two and a half hours to handle."

The Siboney had no difficulty, but did encounter rough weather. The United Fruit liner La Playa reported she was ahead of the storm and passed through Jupiter Inlet just before the storm broke.

The liners Lara and Maracaibo reported rough weather, but no serious trouble.

STATE OFFICIALS TO STUDY BORER

Joins Government Party in Canada Trip.

Headed by State Entomologist Frank N. Wallace, a group of State officials left today for Toledo from where an expedition will be led by Government officials into the corn borer infested district of Canada. What is learned from the Canada trip will be used in combating the borer in the five counties in north-eastern Indiana. Accompanying Wallace will be Harry F. Dietz, assistant State entomologist; Paul Uman, State corn borer expert; William Stahl, representing the Indiana Farm Bureau; State Representative Thurman A. Gottschalk, Berne, member of the legislative finance committee, and others. Thursday the group will confer in Toledo, with United States and Canadian experts. Friday the expedition will penetrate into Kent and Essex Counties, Ontario, where the borer will be observed at work. On Saturday the entire delegation will assemble in Detroit, to discuss means of preventing further spread in the Middle West.

MR. FIXIT

Arlington Ave. Neglected, Says Resident.

Let Mr. Fixit present your case to city officials. He is the Times representative at the city hall. Write him at the Times.
With the passage by city council of an ordinance appropriating \$85,000 for repairs to streets, relief seems on the way for Arlington Ave. and other streets.
DEAR MR. FIXIT: Arlington Ave., from Pleasant Run Blvd. to Tenth St., one of the beauty spots of the city; a street traveled extensively not only by Indianapolis residents, but by many who visit the golf course, one of our few cross-town streets.
It would seem that such a street would be given particular attention, but instead it has been sadly neglected and allowed to get in impassable condition because of holes and ruts.
TAXPAYERS.
Within a few weeks you should have relief.

DEAR MR. FIXIT: I am a property owner at 527 Goodlet Ave. The alley in the rear of my house is higher than my lot. I can't raise my lot because I have my cement walks and my garage floors down. Every time it rains it runs in from the alley.

TIMES READER.
Your only remedy is to fill your lot. The streets department will not change the alley grade.
Investigations are in progress of the following complaints: Water over sidewalks in front of 602 Exeter Ave., alley entrance between La Salle and Dearborn Sts., on E. Sixteenth St.
