

REMY MAY AID IN INVESTIGATION OF CITY POLICEMEN

Says He'll See Ward and Offer Cooperation in U. S. Probe.

Prosecutor William H. Remy may take part in the investigation of the Indianapolis police force ordered by Federal Judge Robert C. Baltzell, Wednesday, he indicated today.

Remy, who last spring during the primary campaign charged that the police department is controlled by politicians in a public address, said he would confer with United States Attorney Albert Ward in regard to the latest investigation.

The investigation was ordered by Baltzell when John Cox, 730 1/2 Ft. Wayne Ave., said that six policemen often came to his place to drink home brew beer, which he gave them for "protection."

To See Ward

"I shall get in touch with Ward as soon as possible," Remy said, "and offer to cooperate, taking it for granted that Ward will do his duty. I knew such things as this were going on and said so repeatedly."

Ward, however, when asked what he would do on the investigation to said: "Nothing at all. I am busy on other matters."

Later he said that the investigation would be conducted in the regular manner and probably submitted to the Federal grand jury, if the facts warrant it.

He indicated there will be no special session of the grand jury to probe the matter.

It was learned that Police Chief Claude F. Johnson has been conducting a probe of the Cox case since it was before the Federal grand jury last week.

Policemen named by Cox denied drinking in the place and taking women there.

Johnson said that if investigation reveals facts that prove the men were implicated in violation of the law, he would see that they were re-

MANY HEALTH TROUBLES END FOR THIS LADY

Konjola Produced Amazing Change Over Entire System, She Says.

The effect of this celebrated new Konjola medicine upon the stomach, liver, kidneys and bowels is producing such surprising relief in many cases of indigestion, constipation, flatulence, etc., and is so thorough in its action and so safe that it is destined to be the most remarkable remedy known in

recent years. The Konjola Man, who is introducing Konjola at Hook's drug store, Pennsylvania and Market Streets, Indianapolis, is besieged by so many callers throughout each day that it is necessary to keep hundreds of bottles of this new compound wrapped ahead of time to supply the demand. At the same time, many grateful, sincere reports are received daily from former sufferers themselves right here in Indianapolis, who strongly endorse this Konjola to the public after it has restored them to a new state of health. Only a few days ago, Mrs. T. C. Moore, popular local lady, living at 525 Woodlawn Avenue, Indianapolis, made the following statement about Konjola:

"I suffered many health troubles," stated Mrs. Moore. "My stomach had been in a sick, unhealthy condition for a long time. I couldn't eat a thing that agreed with me—suffered hours after each meal, had terrible attacks of indigestion and a heavy bloated, painful feeling about the pit of my stomach clear up to my throat. My liver was disordered, which brought on dreadful bilious attacks, sick headaches and awful dizzy spells. Nearly every morning I had a very bitter taste in my mouth, tongue was coated and I was always a victim of a very bad case of constipation. I never could find the right medicine and kept going down in health until I lost 18 pounds."

"When I got Konjola this medicine produced an amazing change over my entire system before the first bottle was gone. I have taken 6 bottles and I frankly admit that every one of my former health troubles are ended. I can eat a meal without the least misery afterward, and I believe my digestion is perfect. All the bloating, gas, heartburn and pains are relieved. I don't have the sick headaches or bilious, dizzy spells like I had before, and I can honestly say that Konjola really conquered my liver trouble and the constipation from which I suffered many years."

"Your wonderful Konjola has delivered me from my awful health troubles, and I am glad to endorse it."

The Konjola Man is at Hook's drug store, Pennsylvania and Market Streets, Indianapolis, where he is daily meeting the local public in introducing and explaining the merits of this remedy.

Konjola is also for sale by every Hook drug store in Indianapolis and by other druggists in the nearby towns.—Advertisement.

moved and also would aid in their prosecution.

James (Red) Collins, one of the policemen named by Cox, has resigned since Cox made his charges.

Turn Over Evidence

Last spring Remy turned over to Ward a number of affidavits he had gathered in an investigation of police.

Shortly after this Chief Johnson unearthed evidence which resulted in Remy's special investigator, W. J. Keeney, being charged with contempt of Federal Court and bribery.

Remy said he had not talked with Ward about what use has been made of the evidence he turned over to Ward last spring.
