GOD OF INFINITE GOOD AVAILABLE, SAYS SPEAKER

Lecturer Gives Facts Concerning Founding of Christian Science.

Interesting facts concerning the founding of Christian Science as a religion were told by Mrs. Melvia E. Ritchie of Sewickley, Pa., in a lecture Sunday afternoon at the Murat Theater.

Mrs. Ritchie is a member of the board of lectureship of the Mother Church at Boston, Mass. The lecture was given under auspices of the Second Church of Christ, Scientist, of Indianapolis. She was introduced by Harvey B. Irons.

God the Same

"Christian Science makes clear to us that God is "the same yesterday, and to day, and for ever." It also makes clear to us the availability of this changeless, God who is infinite good, this first Cause, who is the maker, sustainer, and ruler of the universe, forever the same, bestowing all good upon His perfect, spiritual creation. If this first Cause or God is changeless, always the same as the Bible states. He could not be corporeal or material in the slightest degree. An intelligent creative Cause could not proceed from or include non-intelligent matter.

"God is infinite, that is, entirely complete within Himself. And Christian Science teaches that since He is within Himself divine, then He includes only that which is divine; divine strength, wisdom, health, happiness; all that is good and harmonious To gain the faintest understanding of God as Life, Truth, and Love, and man as His perfect reflection, will give to all hope and assurance.

In God's Image

"Now, the question is, How may we understand man' We need only turn to the Bible to learn the truth about man. In the first chapter of Genesis we read, 'God created man in his own image, in the image of God created he him'; and that God gave man dominion over all things. Reasoning from this true basis will disclose to you, and to all who seek salvation, that everything proceeding from God must be God-like, good, complete, and perfect.

"Let us see what is the correct view of man. First of all, the Bible declares that God created man in the image of Himself. Then if man is created in the imge and likeness of God, he reflects all of God's qualities.

God is Mind. Man, then, as God's idea or reflection, expresses always, for God is, infinite, this one Mind. Then the natural conclusion from the correct view of man is that he is spiritual, because he is the reflection of his Father, Mother, Spirit. Man is intelligent, because the one Mind, God, is supreme and eternal.

Way of Salvation.

"Christian Science, the way of full salvation, has come to bring peace, joy, happiness and success to the whole world. It is the truth that reveals and makes clear to human comprehension the all-mightiness of God, that He is infinite, all-inclusive good, the sole Creator of the universe. Also, it makes clear that man, made in His image and likeness, must and does reflect God's perfection.

"As mortals cling steadfastly to this truth about God and man, the light of spiritual understanding will dawn upon human consciousness and penetrate and destroy the mist of materiality, thus revealing to human apprehension the man of God's creating, the glory of God's perfect spiritual creation."

THREE ARTISTS ON AIR TONIGHT

Blind Organist Willl Entertain Fans.

The Baldwin Hour of Music, begining tonight at 8 p. m. over WFBM will present three well known Indianapolis musicians. They are: Charles Hansen, the blind organist of Second Presbyterian Church; Miss Hope, Bedford, soprano and Carl Frye, violinist.

Hansen the "dean of Indianapolis musicians," is loved by radio audiences through out the State and is one of the best known organists in the middle west.

Miss Bedford is a member of the Shortridge High School faculty and has been soprano soloist in several of the leading churches in Indianapolis. She is a voice pupil of Glenn Friermood, of the Indiana College of Music and Fine Arts.

Carl Frye is a student of Ferdinand Schaefer, Artist-Violin teacher of the Indiana College of Music and Fine Arts.

Paul Phillips, Hormonica player, who has completed a tour of this country and is recognized as America's Champion classic Harmonica Player will be heard over WFBM, Tuesday evening from 6:30 to 7:30 from the Indianapolis Athletic Club Studio. Phillips plays only classic and operatic selections and imitates the violin, piano, saxophone, accordion and many other instruments.

WFBM will broadcast the principal home football games of Butler College, Blythe Q. Hendricks, sports anouncer, will be in charge of microphone and give fans a play by play description.

CLUB COUNCIL TO MEET

A council session of Pioneer Club leaders will be held tonight at the Y. M. C. A. at 7. The meeting will be for those interested in a program and method of leadership of boys from 12 to 15 years of age.

Business & Industrial NEWS

WORLD WAR NURSE NOW CARES FOR MENTAL PATIENTS

Irvington Sanitarium Is Growing Hospital—In New Home.

The care of mental and narcotic patients requires special attention, and because of this fact, private institutions have been established. The Irvington Sanitarium, 3547 E. Washington St., which is operated by Mrs. Minnie Waymire, a former resident of Irvington, is one of the newest of such hospitals of the city.

Opened only two and a half years ago, the present Irvington Sanitarium has had a steadily growing business. It was formerly operated at Mrs. Waymire's home in Irvington, but was moved to the present location, which was formerly the home of former Mayor Shank.

During the war, Mrs. Waymire, who had practical training in hospital work, decided to assist the Government in caring for the aftermath of the tragedies of camp and battlefield.

She contracted with the Government to care for some patients at her home. The work grew until she had to obtain larger quarters for her sanitarium.. She obtained the present quarters, a large beautiful place, and made extensive improvements in the place, which years ago was the palatial home of John T. Brush, an Indianapolis capitalist and millionaire.

Two internes are now on duty at the sanitarium, to which a number of local physicians send their mental and narcotic patients. A capacity of sixteen beds has been provided by Mrs. Waymire. Some operative cases are handled at the institution.

COAL BUYING IS NORMAL--PRICES MAY RISE SOON

Head of Polar Company Tells Effect of English Strike Here

Retail coal buying is normal at this season of the year, in spite of some circumstances in the market which have somewhat upset wholesale conditions, according to Henry L. Dithmer, president of Polar Ice and fuel Company, 2000 Northwestern Ave.

Dithmer pointed out that foreign shipments of eastern coal, including Pocohontas grades, had some what depleted wholesale stocks and made such coal scarce in middle western centers at this time.

Retail prices are somewhat higher now on account of the shortage of Pocohontas coal, he said.

"There is no telling how long it will stay that way," said Dithmer.

"Because of shipments of Pocohontas and other semi-smokeless coals to England and other European points, the wholesale markets have been cut short and that sort of coal is scarce at this time.

"The shortage and high price of Pocohontas has been reflected in increased prices on other grades of coal. The millions of tons of coal that have been sent out of this country abroad had an effect upon prices of other grades of coal. Prices are jumping right along.

"Local retail buyin this month has been normal. Buying will increase as the month advances. Our business has been good, both in sale of coal and in ice. We have had a big September ice month, so far, and I expect it will hold up good next month, too."

UNDERTAKER IN BUSINESS HERE EIGHTEEN YEARS

Walter T. Blasengym Takes Personal Pride in Service.

The inestimable values of sympathetic, efficient, professional service in hours of bereavement have enabled Walter T. Blasengym, funeral director, 2228 Shelby St., to develop his business during the past eighteen years.

With a professional pride in his work, coupled with a spirit of progressiveness, Blasengym has become one of the best-known funeral directors of the city.

The personal, as well as professional, efficiency of Blasengym in conducting funerals, has won for him many friends. His establishment is one of the highest grade mortuaries in the city.

Careful study of funerals over years of service has given him many basic principles for properbasic prinples ior proper funeral direction. Special attention to many little details in funeral arraingements is one of the things tupon which Blasemgymn takes particular pride.

"We come into a home at a time when hearts are heavy with the bereavement, and are ready to give considerate attention to every part of our work," he declared.

"A mortician is almost a public servant, being called upon to serve much as is the minister, to asfsist in funeral arrangements, look after those things htat our profession requires in this day, and make adjustments to trying conditions."

Kate—"Did you hear what that gyp coal dealer said?"

Queen—"Yes, he said he ought to get more for the bum coal he sells because the way it doesn't burn makes his customers hot."

Note—Kate and Queen are a team of mules thirty years old. They have been with Polar over twenty-five years, but have never yet found any reason to KICK on Polar Service—and they ought to know if anybody does.
