

MONDAY IS LAST DAY TO REGISTER, DUNN POINTS OUT

Persons Who Have Moved Since 1924 Election Must List Names.

Monday is the last day for voters to register, if they expect to cast ballots in the election on Nov. 2, County Auditor Harry Dunn announced today. Dunn set forth the following facts:

Persons who voted in 1924 and since have moved must register. Register, First Voters.

First voters and those who did not vote in 1924 must register in order to vote this fall.

Voting in the primary election last spring did not automatically register a voter for the fall election.

Every voter who voted in the presidential election in 1924 and since has not moved, is automatically registered.

Registration places are the office of the county auditor, Room 37 in the Court House from 8 a. m. to 5 p. m.; Republican county headquarters, fourth floor of the K. of P. Bldg., from 8 a. m. to 10 p. m. and Democratic county headquarters, 1315 Merchants Bank Bldg., from 8 a. m. to 9 p. m.

Should Inquire

"In copying the voting lists of 1924 to the registration books, to be used in the election Nov. 2, mistakes may have been made," Dunn declared. "Therefore it would be a wise policy for voters, who want to make sure they are registered properly, to make inquiry at one of the three registration places."

Thousands of registrations have been taken in house-to-house solicitations by party workers and these are being added to the official lists, Dunn said.

Student Paper Says Dry Law Ruining

By United Press
MADISON, Wis., Sept. 30.—Following close upon "student morality" articles by Wilfred Cross, former University of Illinois divinity student, the Daily Cardinal, student publication of the University of Wisconsin, has appeared upon the campus with a bitter denunciation of the "ruining dry laws."

The attack is contained in an editorial and does not speculate as to the amount of liquor drinking among the student body.

"Prohibition has accomplished nothing but the ruin of our gastronomic organs, our tastes and our one-time respect for the law," it states.

"Reformers, who claim that prohibition has been a great success, are hiding their heads in the sand like an ostrich."

Glenn Frank, president of the university, declined to defend or attack the writer of the editorial, whose name is withheld.

"I have no formal comment to make," he said. "The Daily Cardinal is edited by individuals who have a right to express their own opinions. Whether these opinions are correct, I cannot say."

HOW TO REDUCE VARICOSE VEINS

Rub Gently and Upward Toward the Heart as Blood in Veins Flows that way.

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches.

If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first-class drug store and apply it night and morning as directed you will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Moore's Emerald Oil is a harmless, yet most powerful germicide and two ounces last a very long time. Indeed, so powerful is Emerald Oil that old chronic cases of Piles are often entirely absorbed and anyone who is disappointed with its use can have their money refunded. Hook Drug Co., Hang Drug Co., sells lots of it.—Advertisement.

SHUMAKER UPHELD BY M. E. CHURCH

Conference Assails Stand Taken by Gilliom.

By United Press
ROCHESTER, Ind., Sept. 30.—Dr. E. S. Shumaker, superintendent of the Indiana Anti-Saloon League, today was upheld in his prohibition controversy with the State Supreme Court and Attorney General Gilliom by official action of the Northwestern Indiana Conference of the Methodist Church.

Resolutions adopted by the conference endorsed the stand of Shumaker, who has severely criticized the Supreme Court for its liquor law decisions.

Contempt of court proceedings brought against Shumaker by Attorney General Gilliom as a result of his attack are now pending before the Supreme Court.

"This sudden outburst of enthusiasm for the dignity of Supreme Court," said the resolutions, "on the part of our State officials looks very much like a part of the nation-wide efforts of the Wets."

"If the State official would show as much enthusiasm for the purity of the Supreme Court as he does for its dignity he would stand in better grace with the good citizens of Indiana and show a better consistency of official activity."

The resolutions were presented by Dr. W. D. Hickman, of Montpelier. Dr. Shumaker spoke at the opening session of the conference.

Conference officers elected were: Rev. F. O. Farley, secretary; Rev. J. B. Johnson, statistician, and Rev. U. B. Services, treasurer.

FOR Sour Stomach PHILLIPS' Milk of Magnesia

Hereafter instead of soda take a little "Phillips' Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

Better Than Soda

For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all

gases. Besides it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

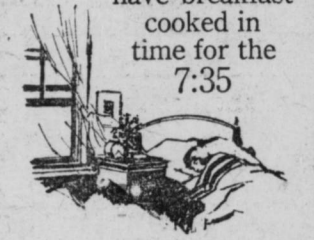

Try a 25c Bottle

Insist upon "Phillips'." Twenty-five-cent and fifty-cent bottles, and drug stores. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor, Charles H. Phillips, since 1875.—Advertisement.
