### Deafness Due to Catarrh of Air Passages

Authorities Blame Nasal Catarrh for 90 Per Cent  
of Deafness Throughout the World

Free Trial Offer to All Sufferers

According to authorities who base their assertions on years of research and actual medical observation and practice, 90 per cent of the deafness in the world today is due to catarrh—catarrh of the air passages.

Not only is catarrh of the air passages generally termed nasal catarrh, blamed for deafness, but at its door is laid many other diseases, such as stomach catarrh, poisoned conditions of the body, and a generally diseased condition.

#### This May Be Relieved

This condition may be relieved. Now that Dr. W. O. Coffee, a physician of Davenport, Iowa, has developed a home treatment for deafness, head noises from nasal catarrh, and catarrh itself, it is possible to remedy the catarrhal condition in many cases and make hearing practically normal once more. It has been proved that in many cases this is true.

#### Great Success

Phenomenal success has attended Dr. Coffee in his work since he first developed this home treatment. It is stated that more than 500,000 cases of deafness, head noises due to nasal catarrh and catarrh have been treated by this physician in all sections of the

country and out of this number a huge amount have reported complete satisfaction. Most of his patients have been people whose hearing was bad in one ear and was rapidly getting bad in the other. With every cold, the hearing grew worse. This condition was relieved for many; relieved not only for the time but the catarrhal condition was bettered and in many cases all traces of the disease were gone.

Deafness strikes at all ages—and this home treatment of the Davenport doctor has been used by people of all ages. By this method many who were apparently destined to go through life with the handicap of impaired hearing were made normal once more.

#### Improvement General

Physicians state, authoritatively, too, that in these cases doubtless other diseased conditions were combated and relieved by the defeat of catarrh; for it no longer poured its daily portion of poison into the human system and the body was no longer required to use a great portion of its strength in throwing off this poison. As a result it was better able to combat new disease and the general physical condition was bettered in addition to the relief given for deafness.

### Sidelights on This Treatment for Deafness and Head Noises from Nasal Catarrh

Literally thousands of people from different sections of the United States have used this special, original home treatment. Not only have many found relief from distressing head noises but restoration of good or normal hearing as well.

A huge file, containing hundreds of letters from sufferers in all sections of the country has been placed in Dr. Coffee's office. Here is kept the record of each case treated and in this way, careful check can be kept on the patient's progress and results of the treatments.

Contrary to the general belief deafness and head noises due to nasal catarrh often lend themselves to treatment and relief very rapidly. The peculiar construction of the ear in its relation to the nasal passages both creates a condition which results in deafness and makes possible a ready relief when that is corrected. This was the basis of the home treatment as perfected by Dr. W. O. Coffee which has resulted in relief to thousands of sufferers from deafness and head noises from nasal catarrh, and from catarrh itself.

Dr. W. O. Coffee appeals especially to those who are just beginning to notice that they are losing their hearing in one ear and with the coming of a cold find the other ear affected. Many who are now stone deaf could have been made to hear again if their cases had been properly cared for at the first showing of dullness of hearing.

Many cases of deafness are caused by dry catarrh—a type which gives no noticeable discharge or symptom.

Insurance authorities place deafness in the list of those defects which add to the risk of the insured life. Many railway accidents, accidents in the street with automobiles and in practically every walk of life are due to deafness or dullness of hearing. This condition in many cases can be corrected—if the condition is due to nasal catarrh. Nasal catarrh is responsible for practically 90 per cent of the deafness today, authorities state.

There is no obligation attached to Dr. Coffee's plan in any way. It is simply a means, the doctor explains, of spreading the news of his treatment and proving to the world that such a thing as relief for deafness, dullness of hearing and head noises from nasal catarrh and catarrh itself, is possible. He is sure of what his treatment will do; the sufferer is not sure and unless it is proven, the fact that it is effective and has given relief in thousands of cases will never be known by victims of this terrible affliction.

#### Restored Hearing in One Month

Mr. George Bishop of Sask, Canada, says, "I had been growing deaf for 12 years. I

spent hundreds of dollars but gradually grew worse. I became so bad that people had to talk directly into my ear, if I was to hear. By using Dr. Coffee's treatment, my hearing was greatly benefited in one month's time. I wish that every sufferer everywhere who is afflicted as I was would give this wonderful treatment a test."

### Deaf Since Childhood; Hearing Greatly Benefited This Way

Mona McBride  
Chronic and Acute Deafness Ends

Mrs. Mona McBride of Illinois says, "This is to certify that since having scarlet fever when a little girl, I have been hard of hearing, and for the past four or five years I have been almost entirely deaf. A few months ago my left ear began to discharge. I found it to be abscessed. Nothing seemed to stop it and finally I tried Dr. Coffee's treatment. To my surprise and delight the hearing in the ear which was partially deaf for nearly 20 years has returned and the abscess has healed. Now I can hear a conversation six feet away. I didn't believe it possible and I certainly advise anyone suffering with deafness to try this treatment. I obtained relief in a short time."

### Noted Specialist

## Catarrhal Deafness Successfully Relieved by Davenport Doctor

Prepares 25,000 Trial Treatments Which Will Be  
Given Away Free for the Next 30 Days to  
Sufferers From Deafness and Head Noises,  
From Nasal Catarrh, Dullness of Hear-  
ing and to Catarrh Sufferers.

A proved treatment for deafness and dullness of hearing from nasal catarrh and for catarrh itself has been developed by Dr. W. O. Coffee, an eye, ear, nose and throat specialist of Davenport, Iowa, which has resulted in the restoration of hearing to hundreds.

Basing his treatment on the fact that in practically 90 per cent of the cases, loss of hearing is due to a catarrhal condition, Dr. Coffee by concentrating his efforts in that field has proved that restoration of hearing is not a myth. Literally thousands of people from all sections of the United States have taken this original home treatment and have been benefited. Letters from hundreds of these people thanking the doctor for his treatment and attesting to the effectiveness of his work are on file in his Davenport office.

Dr. Coffee does not claim that his original treatment will restore hearing to all cases of deafness, but he says if the deafness or head noises are caused from a catarrhal condition and the tissues of the middle ear are not damaged, the hearing should be restored to real good or normal. Basing his experiments in his office on this practical relief of these conditions, he has positively demonstrated and proved that the restoration of hearing to many severe cases is an easy, practical fact for the sufferer to accomplish for himself at home.

Literally thousands of people from different sections of the United States have used this original home treatment and many found relief from distressing head noises and restoration of good or normal hearing.

#### Tells of Development

In telling of the development of this effective treatment for deafness, Dr. Coffee says: "More than 25 years ago, I began to suffer with head noises, dullness of hearing and with catarrh. I was rapidly losing my hearing. I was bad in one ear and with every cold I would get bad in the other. Slowly but surely my hearing was leaving me. I naturally tried every treatment that I knew of, as deafness in my profession would have been fatal to my success. After a great loss of time and after many remedies had failed to give me permanent relief I calmed my fears and began to analyze the cause and effect of my trouble.

"Basing my treatment on the results of this study I evolved a system which I believed would remove the handicap of deafness if anything would. There was nothing magical about it. It was a logical, scientific

### 500,000 Treated for Catarrhal Deafness and Catarrh, Is Doctor's Record

A remarkable record has been established by Dr. W. O. Coffee, the Davenport, Iowa, eye, ear and nose specialist, who has developed the treatment for deafness, head noises from nasal catarrh, and catarrh.

During his 45 years as practicing physician, he has probably established a record which no other physician in the country can match. His records show that more than 500,000 people suffering from deafness, head noises from nasal catarrh, and catarrh, and eye diseases have used his treatment. These people live in all sections of the country and have been treated, in the majority of cases, at home, using the home treatment for this distressing condition, as developed by Dr. Coffee.

The results of these different cases have been gone over and compiled and the beneficial effects of this home system of treatment have been proved. When the average physician has treated fifty cases with one definite system of treatment, it is sufficient to demonstrate what it will do. Dr. Coffee has thousands of such cases. Letters from people who have used this home treatment are on file in his office that show the wonderful results.

treatment, and within a short time I began to improve. After some time, I was normal again.

"I did nothing spectacular; all I did was

Amazing Letters From Many Who Thought  
Their Cases Beyond Relief

Included in the thousands of letters received by Dr. Coffee, the deafness and catarrh specialists, from people who tell of their relief from deafness, head noises from nasal catarrh, and from catarrh, he has given a number which are reproduced below.

All of the letters shown in this advertisement are on file in this office. Following are the records of a few typical cases as told by Dr. Coffee or the patients themselves:

#### After 17 Years

"Mrs. M. S., aged 64, of St. Louis, came to me personally with a history of losing her hearing about 48 years ago, caused from a catarrhal condition that started when she was a girl. She had tried a great many different remedies trying to find relief from the deafness.

"She was practically totally deaf in her right ear when she came to me and almost in the left. She hadn't heard a telephone in 17 years, and people usually had to write to her. She complained of the most intense head noises. She started my treatment and used it regularly. At the end of two months' time she could not see that she was hearing any better; in two months and a half, she sat down and cried, she was so discouraged; at three months she thought she could hear a little better. She kept up the treatment for about a year, and at the end of that time could hear a telephone plainly with either ear, first time in 17 years.

"This was one of the worst of the long standing severe cases of deafness that I ever treated, and it shows the possibility of what may be done if the structures of the middle ear are not damaged by the disease.

She had a long standing catarrh, but the ear drums were not seriously damaged."

#### Relief at 86 Years

"Mr. J. P. C. of Elmer, Mo., wrote that he suffered with catarrh of the nose and head. Made him deaf quite rapidly. He suffered with severe head noises. He used my home treatment five months, and wrote me that he was completely relieved and says, 'I will surprise you by telling you that I am 86 years old.'"

Dr. Coffee says that most people past 80 years of age do not obtain complete relief from long standing deafness and catarrh. Usually they are not strong enough and vigorous to throw off long standing weaknesses.

P. A. N. of Galesburg, Illinois, writes: "Just a few lines to let you know that your medicine has done me lots of good. The noise in my head is all gone now, and I feel fine. I am an old lady, 82 years old, and I thank you very much for your trouble." She used only one month's treatment.

Mrs. Fanny B. W. of McKenney, Va., writes she was afflicted with head noises and with itching of the ears, periodical deafness, sometimes almost totally deaf. "I have not been deaf since using your treatment. Your medicines are wonderful." She used three months' treatment.

A. W. B. of East Chicago, Ind., writes, "I have used the one month's treatment received from you just as directed. It has relieved me of all my trouble of ear noises and throat trouble. I can truthfully say with thanks to you that it is a wonderful treatment for catarrh of the nose, head and ears." He used one month's treatment.

#### Explains Free Offer

To prove that this treatment is effective—that deafness, dullness of hearing and head noises from nasal catarrh and catarrh itself can be treated and relieved at home, Dr. Coffee will give away 25,000 trial home treatments. He is making these announcements in newspapers throughout the entire country and quickly the free demonstration packages will be gone.

Many people have been given freedom by using the free treatments; they have told others, and in that way the giving away of free treatments is explained by this physician. Many who have been bettered by the free treatments have written for more of the splendid method which removed the "bugaboo" and fear of being forever deaf.

Those who are suffering with deafness, dullness of hearing or head noises from nasal catarrh, may try free, at no cost to them whatever, this original treatment. Even the parcel post charges are prepaid by Dr. Coffee and they arrive at the home of the deafness sufferer free of all cost or obligations.

#### It Is Sent Free

So send in today and tell Dr. Coffee your trouble. If you are a sufferer from deafness or head noises from nasal catarrh which may cause you to become deaf, tell him and he will send you a free treatment for this distressing condition.

Do this now—while this offer is before you.

to slowly but surely remove the causes of the deafness, and when the causes were removed, I was able to hear again.

#### Relief to Thousands

"Acquaintances and friends of mine inquired as to the treatment, and soon I was overwhelmed with requests for the method. To treat this number of people in time allotted to office hours would have been impossible and I started to develop a home treatment. After careful consideration I effected a course which I believe to be effective. I allowed a number to try it at home, without my assistance, and found that they could do the work with almost the efficiency and the good results that I could.

#### Tells of Home Treatment

"Changing the treatment and developing it—adding here and taking away there, after several years, the 'home treatment' was perfected. Now it is possible for anyone, anywhere, with just ordinary household surroundings, to treat themselves for relief of deafness, dullness of hearing or head noises from nasal catarrh."

#### Hundreds Tell of Relief

Because of the horror of deafness and because of the great number of people who are yearly afflicted with this terrible condition, it was hard at first for sufferers to believe that they could be bettered by a simple home treatment. But the many people who have been bettered by the treatment—have at last established Dr. Coffee as a leader in his field. His name is known to thousands of people throughout the United States.
