

BANDIT VICTIM'S AUTO SCENE OF \$1,800 ROBBERY

Dealer Held Up by Masked Man as He Starts to Drive Away.

Police today sought to solve three Tuesday night hold-ups, in which the bandits, all masked, obtained more than \$1,900 in cash. Of this amount, \$1,800 was secured from one person.

R. W. Carlson, of 901 N. New Jersey St., Apt. 3, owner of the Auburn Sales Company, 325 E. Market St., was the victim of the first robbery, about 7:30 p. m. Carlson said he came out of his home and got in his auto. As he started the motor, he felt something against his ribs; he said and turning saw in the back of the car, a man with a handkerchief over the lower part of his face, holding a 25-calibre automatic.

Following the gunman's orders, Carlson drove to a point near Highland Ave. and New York St. "Give me that diamond stick pin," the bandit commanded, and in spite of Carlson's plea that it was a sap-phire worth only \$20, he took it. Then he demanded money and took \$1,800 that was in two rolls, Carlson said. He had received it after selling an auto to a man at Sheridan, Ind., earlier in the day.

After commanding Carlson to drive south on Highland Ave. to Marlowe Ave., the man jumped from

A THREE DAYS COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refund if any cough or cold is not relieved after taking according to directions. Ask your druggist.

the auto and ran. Police say Carlson rented his apartment under the name of Harris. Other parts of his story are to be further investigated.

Two young masked bandits stopped George Doakes, Valley View Dr., at Seventy-Ninth St. and Keystone Ave., at 6:15 a. m. today and while one held a gun on him, the other took \$95. He told police. They escaped in their auto.

Three young men in an auto bearing a Florida license had their gasoline tank filled and oil put in their car at the Herman Tilly filling station, Troy Ave. and Meridian St., Tuesday night. Then instead of paying Tilly, one of the men thrust a gun at him and ordered him back into the station. Tilly told Sergt. John Voldenauer that he was ordered to lay on the floor and another man came in and took \$20. The third man had the motor running and they left hurriedly.

COMMUNITY FUND GIFT INCREASED

First Subscriber Exceeds Last Year by One-Third.

Selling himself to a 33 per cent increase in his gift is what the first subscriber to the Community Fund, Herman P. Lieber, campaign chairman, has done, in setting the pace needed to raise the \$683,000 budget.

Other leaders in the campaign are also following the "last year's gift plus" slogan for 1927, and their subscriptions, secured in advance of the campaign, show decided increases. Fred Hoke, Community Fund president, has pledged a 20 per cent increase and Dick Miller's 1927 gift represents a 26 per cent increase over last year. Mr. Miller is chairman of special gifts "A" division. Carl Wagner, chairman of special gifts "B" division, has given 25 per cent more than last year's gift.

Mr. Lieber says that in order to secure a fully subscribed quota, "last year's gift plus" must be the standard in solicitations through all the divisions. The budget this year calls for a \$33,000 increase over the 1926 budget, which was the first Community Fund budget to be fully subscribed by Indianapolis.

The regular meeting of the board of directors of the Community Fund will be held Thursday at noon at the Indianapolis Athletic Club.

Man, Bare Handed, Wins Battle With Tiger

Bu United Press

HOUSTON, Texas, Oct. 27.—The human winner of a fight with a tiger in which he matched his bare hands against the beast's powerful claws and teeth, was recovering in a hospital here today.

The fight occurred Tuesday, when C. A. Wilson, superintendent of the zoo at Minot, N. D., inspected the cage of El Tex, a royal bengal tiger, at the zoo here.

As Wilson and two companions entered the cage, El Tex was near the doorway. Wilson, an expert

animal handler, slapped El Tex in the face with his hat to make him stand aside. Instead of backing away, as he ordinarily would have done, El Tex sprang on Wilson.

The zoo man coolly clinched with the tiger, his only chance, and hugged him tightly to his breast, keeping the jaws out of reach over his shoulder and holding one powerful, clawing forearm away with his right hand.

As man and tiger rolled on the floor, one of Wilson's companions, found his chance and put a bullet in the tiger's heart at close range.

As the big cat fell dead to the floor, one of his clawing hind legs ripped Wilson's thigh.

At the hospital, twenty-nine stitches were taken in Wilson's leg and many other gashes dressed. Unless infection sets in, his recovery was believed assured.

At Last! Police Win Appreciation

The old statement that "nobody appreciates a policeman until he is needed" will get a setback Sunday night at the East Tenth Street Methodist Church, the Rev. George S. Henninger, pastor, announced today. An appreciation meeting for the services of the police department has been arranged. Police Chief Claude E. Johnson will attend, and as many other members of the force as are able to be present are invited.

Arthur V. Brown, Union Trust Company, president, will speak. The Kentucky Ave. branch of the trust company was robbed Oct. 15, and Tuesday, eleven days later, efforts of the police had resulted in the indictment of six persons in connection with the hold-up.

LAWTON'S DEFEAT, SEEN

Bu United Press

TERRE HAUTE, Ind., Oct. 27.—

Tyle Lawton, present president District 11, United Mine Workers of America, apparently will not succeed himself next year, with the announcement today of nominations for all offices in the district, which comprises practically all union miners in Indiana, except a small section around Brazil.

GIANT CANAL PLANNED

Bu United Press
BERLIN, Oct. 27.—Construction of a gigantic canal to connect the Ruhr with the ports of Hamburg and Bremen is under consideration, the German is wireless announced. The cost was estimated as approximately \$60,000,000.

Claims Stomach Souring Causes Bad Breath

Mr. Ben Loehlein, New York City, writes: "I was formerly a victim of constant upset stomach, bad taste in the mouth and very disagreeable breath." My bowels were constantly constipated and nothing helped except temporarily. After using Carter's Little Liver Pills I have overcome all troubles and I am especially happy because of a sweet, clean, healthy breath."

Carter's Little Liver Pills are small, sugar coated, easy to take by every member of the family. Their action on the bowels is gentle. 25 & 75c red pkgs. Druggists.—Advertisement.

Building for the Future

Part One of the Federal Oil Conservation Board's report to the President makes a preliminary statement of the nation's oil resources, and suggests directions in which the industry can contribute to assured future supplies.

One of the important suggestions on this program is—"Systematic research and experiment in new methods." To the Standard Oil Company (Indiana) this suggestion means "carry on."

Systematic research and experiment in new methods have always been a part of the program of the Standard Oil Company (Indiana).

Day after day—for years—the patient work of scientific experts has gone on in the quiet of its laboratories. Chemists and other men of science on the staff of the Standard Oil Company (Indiana) have devoted their lives to research.

The Company has backed them with all the resources at its command, providing proper equipment and facilitating their investigations in every possible way.

The average motorist in the Middle West has known little of the men or their work. But they have helped him in ways he does not suspect.

It is due to their work in developing processes for producing gasoline by cracking, for instance, that he is able to buy gasoline anywhere in the Middle West—any time—at a price he can afford to pay.

This one achievement of the scientific staff of the Standard Oil Company (Indiana) has intimately affected the lives of the thirty million people of the Middle West.

Hundreds of other important discoveries and improvements—far-reaching in their results—have been made in the laboratories of the Standard Oil Company (Indiana).

The men responsible for them have remained, for the most part, unknown to the public. They have been content to serve mankind in the name of the Standard Oil Company (Indiana) quietly making their contribution to progress.

Research and experiment are going on now in the laboratories of the Standard Oil Company (Indiana). New discoveries and new developments are being made constantly.

The suggestion of the Federal Oil Conservation Board is virtually an endorsement of the policy of the Standard Oil Company (Indiana) and an encouragement to "carry on."

The Standard Oil Company (Indiana) will continue its work of building for the future, holding aloft the torch of progress, serving with all the knowledge and skill at its command the thirty million people of the Middle West.

Pleasing the taste of a city

Premium Soda Crackers dainty, small, crispy squares
—have pleased the taste of Indianapolis.

Baked right here in town you receive them and enjoy them while they still retain their oven freshness and flavor. Very appropriate for teas and luncheons, to serve with soups, bouillon and salads—delicious with jams or jellies.

Your grocer sells them in N. B. C. Uneeda Trade Mark packages or by the pound.

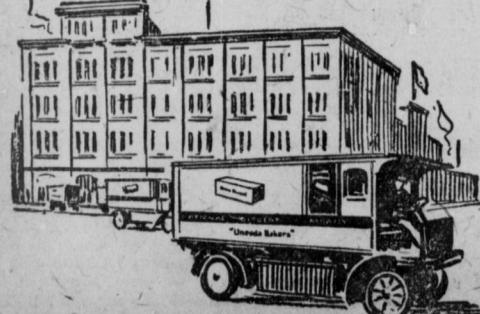

PREMIUM SODA CRACKERS

The payroll of the Indianapolis Bakery of National Biscuit Company supports hundreds of our city's homes. The purchases for the needs of these families form a substantial portion of the total business of our retail stores and contribute to general prosperity.

Other products of "Uneeda Bakers" will enable you to enjoy a pleasing variety of dainty biscuits, crackers and cookies.

Among these are Lorna Doone—a delicious shortbread and Fig Newtons—cakes filled with imported Smyrna figs.

Tempting suggestions will be found in the Display Rack at grocery stores.
