

41 ARRESTED IN DRIVE AGAINST SEX PLAYS

IMPEACHMENT OF MAYOR IS HINTED AT EVANSVILLE

Males Given Ultimatum by Councilmen to Clean Up Town.

By United Press
EVANSVILLE, Ind., Feb. 10.—Virtual notice of possible impeachment was served today on Mayor Herbert Males by ten of Evansville's twelve city councilmen who, at a secret meeting Wednesday night, prepared a note to the mayor demanding that all gambling places in the city be closed at once.

"Should you not comply with our demand," continued the edict, "then we will exercise the authority that is vested by law in our body."

This was interpreted here as a threat of impeachment proceedings against Mayor Males.

The mayor was in Indianapolis today lobbying for the Sims bill, which would amend the city manager law to enable city officials to complete their terms in event of a city manager election.

The council's action was variously interpreted. In some quarters it was viewed as sincere; in others as a move to offset growing sentiment for a city manager form of government, and in still others as a blow through Males at Police Chief Harry Anderson, who won enmity of one wing of the local Republican party through his opposition to a criminal court here.

'THRILL SLAYER' AGAIN ACCUSED IN PRISON BREAK

One of Six Men Facing Death Sentence Turns on Nathan Leopold.

By United Press
CHICAGO, Ill., Feb. 10.—The name of Nathan Leopold, millionaire thrill slayer of Bobby Franks, today was again brought into the escape of six prisoners from the State penitentiary—an escape that resulted in the murder of Deputy Warden Klein—

as the six men began a new attempt for their own lives.

The six—Charles Duschowski, Bernardo Ros, Charles Shadr, Walter Stalesky, Robert Torres and Gregorio Rizo—were to have been hanged tomorrow, but yesterday they filed appeals for a new trial before the Circuit Court. The execution was continued to March 4.

Immediately thereafter Duschowski called authorities and again gave Leopold's name in connection with the escape early last summer. He charged that Leopold had hidden in cash in his cell at the time of the escape—a fund to be used expressly for the escape.

Shadr verified the charge in part saying he knew Leopold had a number of large denomination bills in his cell at the time of his escape.

Duschowski said the only reason Leopold did not escape with the other convicts was that the prisoners did not have a key to Leopold's cell. He promised to make more complete charges against Leopold later.

BIRGER TO MAKE FREEDOM MOVE

Gangster Held 'Somewhere in Illinois.'

By United Press
MT. VERNON, Ill., Feb. 10.—Charles Birger, gangster extraordinary, was in jail "somewhere in southern Illinois" today and scheduled for appearance here on a writ of habeas corpus.

It will be Birger's first public appearance since he testified last week in Quincy, Ill., at the trial of his rivals, the three Shelton brothers, now serving twenty-five-year sentences at Leavenworth penitentiary for mail robbery.

Birger is believed to be a prisoner in Saline County jail at Harrisburg, where he was locked up Tuesday following arrest on a warrant issued in Franklin County for the murder of Mayor Joe Adams of West City.

Reports that he was taken to Williamson County jail at Marion were denied by Sheriff Orin Coleman in Marion.

A deputy in Saline County jail at Harrisburg, where it was announced yesterday that Birger was equipped in his cell with a machine gun and revolver, refused to confirm or deny reports that the gangster had been moved during the night.

TIME FOR 'PET' BILLS

Speaker Leslie Says He'll Quit Handing Down Measures.

Speaker Harry G. Leslie warned members of the Indiana House of Representatives Wednesday that he would have to begin soon to hand down bills for consideration solely on their merits.

300 MARINES OF U. S. ARRIVE AT CHINA PORT CITY

British Force Continues on to Shanghai—Fail to Stop at Hongkong.

By United Press
LONDON, Feb. 10.—Three hundred United States marines arrived at Shanghai today, an Exchange Telegraph dispatch said.

Two battalions of Indian troops from Calcutta, scheduled to arrive at Hongkong today, continued on their way toward Shanghai without stopping.

Naval wireless reports today said Chinese troops had fired on British steamers in the neighborhood of Ichang, a Yangtze river port above Hankow.

Two battalions of white British troops left Hongkong for Shanghai yesterday.

WAR LORD WILL FIGHT

Powerful Marshal Chang to Oppose Cantonese.

By United Press
PEKING, Feb. 10.—Marshal Chang Tso-Lin, most powerful of the North China allies, today declared active war against the Cantonese Nationalists from south China. Chang said he would send his own Manchurian troops into the province of Honan, across the Whangho River and through Wu's lines to attack the Cantonese.

The Manchurian army of Chang probably is the best disciplined and equipped in China.

The cabinet of the North China government has decided to ignore Secretary of State Kellogg's proposal to the Chinese powers that the international settlement in Shanghai be neutralized, a Daily News dispatch said today.

Reports from Japan, according to the dispatch, said the Russian government had sent munitions to Canton from Vladivostok, including 35,000 rifles, more than a million rounds of ammunition, sixty machine guns and three other guns.

LEAGUE ACTION OPPOSED

WASHINGTON, Feb. 10.—Efforts to bring the League of Nations into the Chinese dispute were coldly received in Washington today.

The United States Government will not support the informal proposal, put out allegedly as a feeler in Peking and London, that Shanghai be made a free port or zone like Danzig, under the league.

A second feeler emanating from Geneva, that the United States call a nine-power Chinese conference under league auspices, aroused no enthusiasm here.

In line with the Administration's announced policy of conciliation on Chinese nationalist demands, no American protest is anticipated against the nationalist order that no American officials may appear with American plaintiffs in native courts.

Britain does not deem the present moment favorable for league intervention, a communication received from Sir Austen Chamberlain, British foreign secretary, informed the secretary at Geneva today.

The document explained Britain's policy in China and insisted that it was in harmony with the principles set down in the covenant of the league. If an opportunity later, should arise for league intervention, Chamberlain said, Britain would work with the league.

The British cabinet has decided to show more firmness in its dealings with the Cantonese government, the United Press learned today from an authoritative source.

Encouraged by recent government declarations in the United States, Italy and Japan which were regarded here as sympathetic toward Great Britain, the cabinet has drawn up a program.

DEFENDS PROHIBITION

Speaker Declares U. S. Leader of World-Wide Dry Campaign.

World-wide prohibition is dependent upon the United States, declared Dr. Gifford Gordon before the Bible Investigation Club at the Y. M. C. A., Wednesday night. Dr. Gordon is secretary of the temperance and social welfare board of Disciples of Christ.

"You might as well repeal the Ten Commandments as the Volstead act on the grounds that it did not prohibit," No law of man has ever been 100 per cent efficient, Dr. Gordon said.

TO INSTALL OFFICERS

Installation ceremonies for officers of the Sojourners' Club will be held at the Chamber of Commerce tonight, following a dinner and musical program. Governor Jackson and Representative L. A. Pittenger, from Delaware County, will speak. Brig. Gen. Dwight Aultman presiding.

BOARD NAMES NEW STREET OFFICIAL

Street Specifications Held Up Until Friday.

Charles Riddle, 1105 Broadway, was appointed assistant street commissioner Wednesday by the board of works. He fills the vacancy caused by the death of Walter Monroe.

The board postponed the adoption of new street specifications until Friday. The recommendations of City Engineer Chester C. Oberlies, on the specifications, was favorably accepted by both the asphalt and concrete interests.

Oberlies recommended that a one-part cement, two and a half part sand and two parts gravel mixture be used for the six-inch base of asphalt streets. He recommended that a 1-1/2-3-5 mixture be used for concrete streets. A one and one-half inch asphalt top and a one and one-half inch binder was also recommended.

"Oberlies' recommendations probably will be adopted," Roy C. Shanberger, president, said.
