Predicts Defeat of Hinted  
Plan for U. S. Entry.

*By United Press*  
WASHINGTON, Feb. 10.—Senate irreconcilables, who were singing a jubilant "Swan Song" today over the World Court, are expecting a movement seeking acceptance by the United States of changes asked by Great Britain in American reservations to entry.

Such a movement, it was made plain today, will not come from the Senate, since Administration leaders joined with irreconcilables in declaring that the request by Great Britain for revision ends the court as far as the United States is concerned.

Senator Reed (Dem., Missouri), who stood with Senator Borah (Rep., Idaho), in fighting the court, predicted any such movement would fail, "since the people are at last aroused."

"English statesmen," Reed declared, "recognized the foolishness of the reservations that put us half-way in and half-way out. It is very fortunate for us."

### KNICKER SUIT VENUED

New Albany Court to Make Final  
Ruling in School Case.

*By Times Special*  
NEW ALBANY, Ind., Feb. 10.—Circuit Court here will decide whether Virginia Allen, 10, of Port Fulton, may wear knickers to school. An injunction suit against school authorities there has been venued here.

Virginia was barred from school for several months, because of her "boyish garb." Recently a temporary injunction order was obtained permitting her to attend.

## LADIES!

Don't wave your hair daily—or even every week. Here's a way to keep it wavy for days at a time. BEFORE you use your iron, or curlers, DAMPEN their hair with DANDERINE. Just a few DROPS on comb or towel. Your locks will then behave for a MONTH! Of course, you know what Danderine does to dandruff; dissolves every speck, within five minutes of rubbing into the scalp. But as a wave-preserver on the hair itself, Danderine is a JOY. The best dressing in the world because it doesn't show. Any permanent wave or "ater" wave lasts much longer and looks much nicer when Danderine is used instead of water to "set" the wave.

### Ask Your Druggist

Get a bottle of Danderine and start its benefits today. Every druggist in America has it, for only 35¢. For the finest dressing you could find, and the best aid to hair health yet discovered, just try—

"I Speak From Experience"  
Says Oscar Hurst of Princeton

Well known drug clerk weak and rundown by indigestion, now hale and hearty again. Gains 23 pounds and enjoys old time vigorous life. Uses Tanlac.

Mr. Hurst is a drug clerk and lives at the Pullman Hotel, Princeton, Ind. His everyday duties bring him in contact with all kinds of people and all kinds of medicine. Here is his own story of what Tanlac has done for him:

"What I went through for years," he said, "I never want to endure again. My stomach seemed to go back on me altogether. First, I had indigestion, sour stomach and bad taste in my mouth. Then came attacks of heartburn and dizzy spells. I practically quit eating, for the slightest morsel of food caused pain in the heart, and difficult breathing.

"My weight dropped from 136 lbs. to 113 lbs., was weak listless and discouraged. I became cranky and irritable; my nerves were jumpy and I had spells of depression. I began to give up hope of ever being well again.

"I tried all kinds of remedies without success. Even Tanlac at first didn't seem to help much. But after the third bottle I noticed a marked improvement. All the distressing conditions gradually disappeared and I began to recover my lost weight. Now I'm 136 lbs. and work hard every day, and feel tip-top in every way. I'm a new man. What I'm

### Practices Thrift at Hospital

Miss Flora Smith

*By Times Special*  
COLUMBUS, Ind., Feb. 10.—By conserving electricity, gas and water, reducing grocery bills with a vegetable garden and a poultry yard, Miss Flora Smith, superintendent of the Bartholomew county hospital, last year reduced the hospital's deficit of nearly \$7,500 a year to \$1,972. Her thrift campaign at the hospital has attracted country-wide attention. She is widely known among Indianapolis doctors and nurses.

### Urge Owners to 'Know' Their Cars

There are marks put there by varying degrees of usage, that are better than the numerals, but few motorists ever make note of these.

The question is asked by Todd Stoops, secretary-manager of the Hoosier Motor Club, who suggests now is an ideal time for motorists to obtain information concerning their machines.

"There are any number of such numerical groups and in some respects knowing them is of more importance than knowing the engine or serial number," he says. "In these days, the two numbers that every thief knows are on record are the two he will change first if he cannot quickly dispose of a stolen car."

"There are marks put there by varying degrees of usage, that are better than the numerals, but few motorists ever make note of these.

"In addition, as the American Automobile Association, with which this club is affiliated, points out, there are thousands of machines licensed yearly under wrong serial and engine numbers. Typographical and other errors will creep into registration cards. It never is too late to check the information the card bears against the bill of sale for your car and it may mean the prevention of confusion later," he explained.
