

AIR CIRCUS WILL EQUIP NEW FIELD

Guard Unit Event April 17 to
Finance Air Port.

An air circus to be held at the new municipal airport at Mars Hill, has been announced by members of the 113th Observation Squadron of the Indiana National Guard, for April 17. The purpose of the event will be to raise money to equip the new field.

In conjunction with advance plans for the event a "queen of the air" contest will be held. The girl selling the most tickets to the circus and to the aviation ball to be held at the Army on the Saturday night preceding the circus, will receive an automobile and will be crowned queen of the air at the ball.

Parachute leaps from planes, stunt flying and flights from spectacular formations will be included in the circus program. Planes from many parts of the country are expected to take part.

The ticket selling contest will open Monday. Prizes totaling \$2,000 will be awarded girls, committee members said. Headquarters have been established at the 113th Squadron offices, fourth floor of the Army. Contestants will meet there at 7:30 Friday evening for definite instructions.

PLAN \$500,000 THEATER

Incorporation of Fountain Realty
Company Boosts Move.

Plans for a new \$500,000 theater at the southeast corner of Shelby and Prospect Sts. were advanced with the incorporation Monday of the Fountain Realty Company.

Directors are Dr. Goethe Link, I. F. Nier, Edgar and A. J. Wichmann. Benjamin Sagalowski is promoter of the enterprise. The stock has been sold to Breed-Elliott and Harrison and the Meyer-Kiser Bank. The company is a subsidiary of the Columbia Securities Company.

The theater will have a seating capacity of 5,000 and several office suites and store rooms will be included.

AWFUL BACK PAIN AND INDIGESTION ENDED, SHE SAYS

Indianapolis Lady Marvels at the Wonderful
Work of Konjola.

Thousands of Indianapolis people afflicted with stomach, liver, kidney and bowel disorders have taken this celebrated new compound and afterward have become amazed at the great benefits derived from its use. For instance, just recently, Mrs. Minnie Mason, popular local lady living

MRS. MINNIE MASON

at 452 Haugh St., this city, made the following statement to the Konjola Man at Hook's Drug Store, Pennsylvania and Market Sts., where he is explaining this surprising remedy to large crowds daily.

"I've certainly found blessed relief in your Konjola, and I don't hesitate to tell the public about such a splendid medicine," said Mrs. Mason. "I was relieved almost at once of those terrible pains in my side and back, and at the same time Konjola made a great change in my whole general system, so that I began to enjoy health in every way."

"I had been troubled with my stomach, liver, kidneys and bowels. Every meal I ate caused a heavy, bloated feeling in my stomach, so that my heart would skip beats. I became short of breath, food would sour and always had a hot, burning sensation from my throat to my stomach. I was bilious most all the time, had sick headaches every day, and would get so light-headed and dizzy that I had to sit down and rest several times throughout the day. The condition of my kidneys got so bad that sharp, agonizing pains would center in my side and back, and my limbs and ankles were swollen."

"I was in this terrible state of health when I got my first bottle of Konjola. Before it was half gone I noticed my stomach was so improved that I could eat almost anything, and my digestion was fine. The awful back pains left me about the second day and never returned. I've taken five bottles of Konjola now, and any one can notice the great change in my whole appearance. All the bloating, belching and heartburn is gone and my stomach is in wonderful condition. I don't have the bilious or dizzy spells and the sick headaches do not come. The swelling has gone from my limbs and ankles, but most of all, I am thankful for being free of the awful pains in my side and back."

"Konjola has really built up my whole body to new health, and also banished a case of constipation that I was subject to for many years. I think this medicine is marvelous and I gladly praise it."

Puts An End To Bunion Pains

No Need to Suffer Another Day
Those Agonizing Torturing Pains.

There is one simple yet inexpensive way to reduce inflamed, swollen toe joints and get them down to normal and that is to apply Moore's Emerald Oil night and morning. Ask Hook Drug Co., Haag Drug Co., or any first class druggist for an original two-ounce bottle of Moore's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if this wonderful discovery does not give you complete satisfaction you can have your money refunded.

Special note: People who want to reduce swollen or varicose veins should get a bottle of Emerald Oil at once. Applied night and morning as directed they will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.—Advertisement.

OUT OF POLITICS? NO, REED REPLIES

Missourian Smiles at Mention of Presidency.

By United Press
DETROIT, March 16.—Senator James A. Reed (Dem.), Missouri, here today, used no uncertain terms in declaring that he is not through with politics.

"I'm still in the swim and fighting hard," he declared.

It had been widely reported the Missouri Senator had declared he would soon retire from public life.

"I won't run for the Senate again, but that doesn't mean I won't remain in public service."

Mention of his possible presidential candidacy brought only a smile.

Legislation designed to aid the farmers is being carried along futile and unfeasible lines, Reed believes.

"The farmers don't need a governmental agency to dispose of their products. A great part of their troubles come from foreign exports. Under present conditions the farmer sends his products across at no greater profit than he sells them at home. Then when he buys imported goods he pays a duty of from 10 to 75 per cent. When the farmer sells a thousand dollars' worth of goods abroad he should be given a certificate allowing him to bring goods valued at that amount into this country duty free."

He also declared a system should be worked out whereby the farmer could dispose of his product at the place where the surplus is located. This would greatly reduce his expenses, the Senator said.

MANY NICARAGUANS DIE

Heavy Casualties Reported In Battle at Muz Muy—Liberals Lose.

By United Press
MANAGUA, Nicaragua, March 16.—Heavy casualties were suffered by both sides in yesterday's battle between conservative and liberal troops at Muz Muy, it was reported here today.

The liberals were defeated, reports to the conservative capital said, but it was understood the result was not decisive. Two American aviators employed by the conservative government took active part in the battle.

Forty liberals who attacked Acocapo were reported to have been driven off, but the colonel commanding the government garrison of thirty was killed.

Dodge people who have Colds

Colds are caught by breathing germs. People with colds spread those germs by sneezing, coughing, talking. Keep away.

If you catch a cold, take HILL'S as quickly as you can. If you are prompt, the cold may never develop. If it does, HILL'S will check it in 24 hours.

HILL'S is the greatest help known for colds. It combines four modern discoveries. It is so efficient, so well-proved that we will \$10.00 for it. HILL'S does all things at once. It stops the cold, checks the fever, opens the bowels, tones the entire system. Millions know its amazing powers. Use it promptly. Keep it ever-ready. Don't rely on lesser help for colds.

Famous Pearls of History

The following descriptions of famous pearls may give Times perusalists a few ideas of the importance of famous pearls. Each of these are described by reliable historians. It is easy to note how a vivid, fast-moving story may be written around these beautiful gems.

Rudolph II, the art-loving and eccentric emperor of the Roman Empire, gathered about him at Prague one of the greatest collections of pearls ever assembled. The value of his jewel collection was said to be 17,000,000 florins. One pearl weighed thirty karats. This gem came from Panama.

Another pearl, bought from Ovidio about 1500, is thought to be one of the jewels in the Austrian imperial collection.

CHARLES I. PEARL—Vandyke's painting of Charles I. portrays in the ear of the subject the pearl that was exceedingly famous in its day. It was torn from him by a frenzied mob prior to his death.

SHAH'S PEARLS—About a century ago the state costume of the Shah of Persia was richly decorated in pearls of all sizes.

Stabbed by Neuritis!

Many people suffer attack by this arch-fiend, commonly called "nerve inflammation." The first warning is usually a sharp, stabbing pain, which may "come and go" or hurt constantly. You may feel it in the shoulder, neck, forearm, small of the back, or down the thigh and leg to the heel. It is sometimes mistaken for sciatica, rheumatism or neuritis, which troubles often do end in neuritis.

No matter where you have nerve pains or what caused them, you can get quick relief without using narcotics or poisons. Apply Tysmol over the part that hurts and the pain will soon be gone.

Tysmol is absorbed through the pores of the skin. It has a soothing, relaxing effect upon the diseased nerve, gradually helping to restore them to healthy condition.
