MISERABLE ALL OVER BODY DUE TO RHEUMATISM

This Man Says Konjola Completely Ended His Troubles.

"I was a victim of rheumatism and Konjola completely ended my troubles over six months ago, so that I do not have to take medicine any more, and I am still in good health

Mr. Harry Harvey

to this day," said Mr. Harry Harvey, well-known Indianapolis citizen, living at 1616 Williams St., this city, during a recent conversation with the Konjola Man at Hook's Drug Store, Pennsylvania and Market Sts., Indianapolis, where crowds are calling daily to find out about this celebrated new medical compound.

"I was miserable all over my body," continued Mr. Harvey, "for this rheumatism centered in my limbs, arms, shoulders and back. My legs would draw up and cramp and pain. Many nights I would walk the floor three hours at a time, trying to get relief. The leaders and muscles of my legs and hips would seem to jerk and twist. The joints and my knees and ankles were swollen and besides this rheumatism, I was always sore across my back, because my kidneys were in poor condition, and my general health failed so bad that I couldn't eat or digest food right. Finally I had to give up my work (I am a railroad repairman) for nothing would help me."

"I heard about Konjola and the wonderful results other Indianapolis people were getting from this medicine. I started taking it as directed and I showed signs of improvement the second day. Every time I took a dose of Konjola it seemed that I could feel this medicine working through my whole system. I took three bottles and that was over six months ago, and my troubles have never come back on me. I don't have a single ache or pain now, and the muscles and joints of my limbs are free and active. It is wonderful to be out of misery after suffering so long, and besides ending my rheumatism, Konjola has also cleared up the kidney trouble, so that my back is not sore and aches like it was, and my digestion is good and my appetite increased. I go to work feeling fine."

"I give Konjola credit for all of the great relief I obtained, and I gladly endorse this medicine."

The Konjola Man is at Hook's Drug Store, Pennsylvania and Market Sts., Indianapolis, where he is daily meeting the public and introducing and explaining the merits of this remedy.

Konjola is also for sale by every Hook Drug Store in this city and by all druggists in outside towns.—Advertisement.

Children Cry For

When Baby Complains.

There are many ways a baby has of expressing any pain or irregularity or digression from its normal condition of health and happiness. A short sharp cry, a prolonged irritated cry. Restlessness, a constant turning of the head or of the whole body, fretful. In these and other ways a baby tells you there is something wrong. Most mothers know that a disordered stomach, or bowels that do not act naturally are the cause of most of baby's sufferings. A call for the doctor is the first thought, but in the event of any delay there should be ready at hand a safe remedy such as Fletcher's Castoria.

Castoria has been used for baby's ailments for over 30 years and has merited the good will of the family physician in a measure not equaled by any other baby's medicine because of its harmlessness and the good results achieved.

And remember this: Castoria is essentially a baby's remedy and not a cure-all for every member of the family. What might help you is too often dangerous when given to a babe.

To avoid imitations, always look for the signature of *Dr. J. C. Fletcher*. Proven directions on each package. Physicians everywhere recommend it.

PARTED DODGE COUPLE PLAYING HIDE AND SEEK

Airplanes, Racing Boats and Liners Used After Filing of Divorce Suit by Millionaire's Wife.

By United Press
SAN FRANCISCO, April 7.—What appears to be a madcap chase with Horace E. Dodge and his estranged wife playing respectively the roles of pursuer and pursued has come to light here. Geographical boundaries mean nothing in the game.

Mrs. Dodge, after filing suit for divorce in Detroit against the son of the late motor magnate, sailed last month for Honolulu. Dodge was in Paris at the time.

The young millionaire came to New York by liner and then, by airplane and fast train reached Detroit. He tarried but a short time and set out in an airplane, finally reaching Los Angeles.

He flew here from Los Angeles yesterday, arriving two hours after the liner Wilhelmina was scheduled to sail for Honolulu. The vessel was held in the bay while Dodge, under the name of "Jack Kennedy" sped from landing field to pier by automobile and from pier to liner by racing boat.

It was learned that while en route from Los Angeles Dodge had stopped at Bakersfield and Fresno and arranged passage on the Wilhelmina.

News of Dodge's mad rush was cabled to Honolulu the United Press learned by cable today that Mrs. Dodge is registered at the Hale Kulani Hotel, having returned only yesterday from a hospital where she was reported suffering from a "nervous disorder." She declined to discuss the visit of her husband. A servant told the United Press that "such discussion makes Mrs. Dodge ill."

It was indicated, however, that the young wife intended to leave the island this week, before arrival of the Wilhelmina. The next boat for the Orient, the President Jefferson, sails tomorrow.
