

## AUTO, DIAMOND PIN AND MONEY BANDITS' LOOT

Armed Hold-up Men Escape After Three Quick Robberies.

In less than two hours Wednesday night, bandits held up a doctor, a car owner and a filling station attendant. The loot consisted of a diamond stick pin, money and a new auto. Police have no trace of the robbers.

Henry Ridgely, 1924 N. Talbott Ave., told police he walked out of his home to get in his auto, and as he reached the sidewalk two men accosted him and commanded, "Get in the car." One pulled out a gun, pushing it into his side.

Ridgely said he sat between the men while one of them drove the auto. At a point between Sixteenth and Seventeenth Sts. on Pierson Ave., the trio got out of the car. After the bandits searched him and took \$3.50, they returned a dime to him, Ridgely said, and ordered him to walk south. The bandits drove away in his auto, a new Nash, license 574-899.

A young well-dressed man drove an auto into the Western Oil station, Fall Creek Blvd. and Thirty-Eighth St. Eldo Grainer, 3742 N. Keystone Ave., attendant, walked out to serve him. The man in the auto pulled a gun and said: "I don't want gas; I want money." He got out of the auto and pushed the attendant back into the station, where he ordered the contents of the safe and cash register to be handed to him. Grainer told police he gave about \$50 to the bandit, who ran to his auto and drove west. He was in a car reported stolen from Donald Brewer, 2450 Pierson Ave., police said.

### Doctor Robbed

Ten minutes later the police emergency scurried to 3008 Clifton St., where Dr. Lee E. Strong said he had treated a patient and was wash-

ing his hands when a young man stepped into the office and said, "Put 'em up, and be quick."

The bandit had his hat pulled over his eyes, and a handkerchief over the lower part of his face, Strong said. He removed a diamond stick pin, valued at \$500, from Strong's tie and took \$80 in money from his pocket and ran out a back door. Miss Gertrude Payton, 3014 Clifton St., told police she heard an auto start in the rear of her home.

### NATURAL SEWAGE PLAN

Redmond (Ore.) Residents Just Drill Down to Lava Cave.

By United Press REDMOND, Ore., April 14.—Redmond claims the distinction of being

one of the very few communities in the world with a sewage system made by Mother Nature.

Centuries ago lava caves were formed under the present site of Redmond. Now when a home owner wants a sewage disposal system he

punches holes in the earth until a lava cave is located. Pipes are run into the cave and it serves as a natural septic tank.
