## BOULDEN'S CRITICISM OF COURTS ANSWERED

### Clerk Declares Judge Milnor Avail- able For Emergency Cases.

County Clerk George Hutsell to-  
day denied criticism of Attorney Asa  
H. Boulden, regarding availability of

judges qualified to sit in insanity  
inquests during the August court va-  
cation.

Judge Joseph M. Milnor is avail-  
able for all emergency cases during

vacation, until the latter part of

August when he leaves the city and

another emergency judge will be

chosen," Hutsell said.

Superior Court Judge Linn D. Hay  
and W. O. Dunlavy are in their

courtrooms a day each week during

vacation, Hutsell said.

Boulden said he was told by Hul-  
sell that lack of judges during vaca-  
tion would delay his petition for an

insanity inquest filed recently.
