Senator Says Prohibition Is No Party Issue.

(Copyright, 1927, by United Press)
LYNCHBURG, Va., Aug. 2.—It would be fatal for the Democrats to make this presidential fight on prohibition, said Senator Carter Glass, Virginia Democrat, in an interview with the United Press in which he gave his prescription for success in 1928.

"If the Democratic party in its national convention should undertake to make prohibition an issue at the next presidential election there will not be enough left of the party organization to make it a national factor for many years to come," he said.

"I do not and cannot assume to speak for the South, or even for Virginia. I simply entertain the personal belief that this would be the effect of any such fatal mistake. Prohibition is not a party question, and it will not be made so unless one of the great parties should be foolish enough to venture it."

"Of course, if any considerable number of people should think it ought to be made a national issue they can revive the old prohibition party. For my personal part, I am utterly opposed to the Democratic party submerging all of its principles and traditional policies into the question of prohibition."

AIRPLANE FIELD IS PROPOSED ON COLISEUM ROOF

Site Fronting on Memorial Plaza Is Urged by Sillery, Realtor.

Erection of an airplane landing field on the roof of the municipal coliseum was proposed today by J. Edward Krause, Coliseum Board of Managers president.

If it is possible to plan the structure so the roof may be used for a landing field Indianapolis will be the first city in the country to have such a combined air field and coliseum, he said.

Urges Site on Pennsylvania

Fred H. Sillery, realtor with offices at 510 Continental Bank Bldg., proposed erection of the coliseum on a site on Pennsylvania St. fronting on the World War Memorial to the board at a meeting in city hall.

The managers set Aug. 16 as the last date sites may be suggested. A dozen other sites have been suggested.

The site Sillery proposed is between Pennsylvania and Delaware Sts. and North and Walnut Sts. Sillery and associated realtors hold options on all property in the block for a price of approximately \$1,500,000, he told board members.

Would Close One Block

He added that the property is appraised for taxation at only \$555,000 and probably can be purchased for \$1,200,000 or less. Selection of this site would mean the closing of one block of Ft. Wayne Ave., from North and Pennsylvania Sts., northeast to Walnut and Delaware Sts.
