# WARNS MINISTRY NOT 'SOFT SNAP' AS JOB

Pastor Works Harder Than Most Other Men, Students Told.

NEW HAVEN, Conn., Oct. 7.—"The young man who enters the Christian ministry and tries to follow the line of least resistance is as much out of place as dear old lady would be in a football game," said Dean Charles R. Brown of the Yale Divinity School at the opening exercises of that department of the university.

"The man who thinks of the ministry as a pious, respectable but without rather an easy job had best stop, look and listen," Dean Brown continued. "As a city pastor for many years I would say without a moment's hesitation, and stand ready to defend my claim against all comers, that comparing averages with averages and exceptions with exceptions the faithful, efficient minister in charge of a church works harder than any other man in the community."

the others and immediately began showing her contempt for such treatment by laying eleven and twelve full-size eggs a week.

# NATIONAL PARK PLAN IN VIRGINIA BACKED

New Yorker Urges Setting Aside Blue Ridge Region.

HARRISBURG, Va., Oct. 7.—A plea to Virginia not to let \$6,000,000, the purchase price of the proposed Shenandoah National Park area, stand in the way of acquiring the site was made by Dr. Frank Bohn of New York to business men and women of the Shenandoah Valley.

Dr. Bohn predicted that the Southern Appalachian Mountain region from Harper's Ferry to Muscle Shoals was destined to be "one rumbling highway of industrialism," and declared the creation of the Blue Ridge Mountains as a recreational ground to give to industrial workers an opportunity to breathe the sweet air of the country would be a factor in the development.

# SUNSTROKE SPURS EGGS

Hen Lays Two at Time Several Days a Week After Affliction.

By United Press  
LONDON, Oct. 7.—Does sunstroke make a chicken lay more eggs? The answer seems to be in the affirmative, judging from the eggs laid by a hen owned by R. F. Parker, of Lincolnshire. This fowl was affected by sunstroke last year and ever since has been laying two eggs at a time four times a week. On two occasions she has actually laid three eggs.

A short time ago the other hens in the roost became jealous of her prolific work and began attacking her. She was then separated from

## Toxic Poisons Aches and Pains

"I HAD been troubled with constipation for a long time," says Mr. F. M. Huntley, of Neosho, Mo. "I found Thedford's Black-Draught to be the ideal medicine for this trouble. It gave me quick relief."

"Frequently I had had bad headaches and pains due to toxic poisons. By taking a course of Black-Draught, I gave my system a thorough cleansing, and I have had little or no trouble since."

"Now if I find I am becoming constipated, I take several small doses of Black-Draught and am soon feeling fine. Black-Draught serves to keep me and my family in good health."

## Dizziness, Backache

"ABOUT fifty years ago," says Mr. Lewis G. O'Shields, of Portersville, Ala., "my mother gave me the first dose of Black-Draught, and I have taken it ever since, when I needed a medicine for constipation."

"I have used Black-Draught frequently for heartburn, as I have had spells of this kind, off and on, for years. This follows indigestion, and indigestion comes close on constipation."

"I have found that the best way to head off trouble is to begin taking Black-Draught in time. It relieves me of dizziness, tightness in the chest and backache."

"By getting rid of impurities, Black-Draught helps to keep the system in good order. I always keep it in the home."
