

75,000 TO BE BENEFITED BY NEW SEWERS

Projects Near Completion or
Under Way to Cost
Over Million.

More than 75,000 persons will benefit from new sewers being constructed by the city, Sewer Engineer Charles Culley, announced today.

Sewer projects near completion or under way will cost about \$1,200,000, Culley said.

Work has begun several weeks ago by Krenn & Data Construction Company on the \$637,000 Pleasant Run main interceptor sewer job from Irvington to Garfield Park. The contractor has more than a year to complete the work. At least 50,000 will be benefited.

Start Extension Soon

The city sanitary board will start work soon on the \$23,000 Jackson St. extension, which will join works board drains which will serve as a district bounded by Little Eagle Creek, Alton Ave., Vermont and Tenth Sts.

New sewers in the vicinity of Forty-Second St. and Houghay Ave. are practically completed. Work is under way on sewers to serve citizens in the neighborhood of Ritter Ave., Arlington Rd., Pleasant Run and Tenth St., and Hoyt Ave., English Ave., Keystone Ave. and Rural St.

Construction of sewers bounded by Sherman Dr., Butler Ave., English Ave. and a line one mile south will begin soon.

Others Being Considered

These districts are among those to be considered next for sewer improvements:

Bounded by Monon Railroad, Keystone Ave., Fairgrounds and Sixty-second St.

Pogue's Run district from Sherman Dr. east to Arlington.

Between Monon Railroad and Arlington Ave. from Thirtieth to Thirty-eighth St.

COMB SAGE TEA IN FADED OR GRAY HAIR

If Mixed with Sulphur it Darkens so Naturally Nobody can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for only 75 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Advertisement.

About 800 delegates attend the national conventions. Mrs. Olla Toph is official delegate from Indianapolis. Others representing the State association are the Rev. Velma Hoo, South Bend, and Dr. M. P.

Stephens and Charles Pritchard, Terre Haute.
