

CRITICISMS OF FUND AGENCIES ARE ANSWERED

Workers Finds City Ready to Put Campaign Over Top.

Advance reports from special groups of Community Fund workers who have been making solicitations for the past week are indicating "an awakened civic spirit and a determination to provide adequately for the city's social service agencies," Walter C. Marmon, general campaign chairman, said today.

The public campaign opens Friday and continues through Nov. 14.

Many inquiries concerning various agencies associated in the Community Fund, methods used in soliciting, administering and disbursing funds, are being received at fund headquarters, said Marmon.

"Among them, and one which we most welcome, relates to the Y. M. C. A.," said Marmon. "Indianapolis citizens are familiar with work conducted by other agencies, but seem a little hazy on the character-building activities of the Y. M. C. A."

"A fact that should be kept in mind, is that the Y. M. C. A. has annual expenditures of around \$233,000. Its annual earnings are around \$178,000. Last year it received from the Community Fund only \$51,000 to help meet a deficit incurred almost solely because of the non-profitable work it carries on among over 1,000 boys who are not required to pay for what they get.

"The dormitories, laundry and cafeteria return an annual profit of around \$14,500. This profit goes into the boys' department, the social service work, and other departments which are not operated at a profit.

"Salaries and other overhead costs are remarkably low, and the amount required from the Community Fund is far less than in other cities.

"To deprive the Y. M. C. A. of Community Fund support would mean depriving over 1,000 boys of physical, moral and religious training, would mean the curtailment of summer camps for underprivileged boys, and the serious crippling of the educational and vocational departments.

"It is unthinkable that Indianapolis citizens want any of these contingencies to occur, and I know that Community Fund workers will drive a big spike into all baseless criticisms of the Y. M. C. A. or any other agency sharing in the common fund."

In answer to the query concerning the desire of a donor to have his gift go to a particular agency, Marmon explained that such wishes will be carried out. Subscription cards used by solicitors provide for this.

BROWN COUNTY FOREST FIRE REPORTED SMALL

State Official Says Eight Blazes Were Put Out Quickly.

Reports of forest fires in the wooded hills of Brown county have been exaggerated considerably, Fish and Game Superintendent George N. Mannfield of the State conservation department announced today.

Eight small fires were reported from the eighty-foot watchtower of Oliver Neal, in charge of 11,000 acres of State lands in Brown county. None of the blazes was on lands owned by the department and all were small and easily extinguished, Neal reported.

Eleven miles of fire lanes have been cut through the woods by the department this year. Neal placed scouts out over the week-end to see that the people were warned about dropping cigarettes, building fires and other hazards. There has been no rain in the district for three weeks and the fallen leaves form easy tinder he declared.

To End Severe Cough Quickly, Try This

For real results, this old home-made remedy beats all. Easily prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous home-made remedy. The immediate relief given is almost like magic. It is easily prepared, and there is nothing better for coughs.

Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified honey, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and disappear. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract and palatable guaiacol, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions. Guaranteed to give absolute satisfaction, or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

CITY'S 'DIANA' TO BE CHOSEN AT BALLROOM

Cup to Be Presented; New Song and Dance Are Scoring Hit.

Not since Diana was a Greek goddess has a young lady of that name received the acclaim and homage that will be given some petite Indianapolis Diana tomorrow night at the Indiana ballroom.

In the royal setting such as the goddess of ancient times never could have looked upon, some girls will be given the title of DIANA, in honor of the heroine in Vida Hurst's startling story, now running in The Times.

Once it was the proudest title a Grecian beauty could breathe and tomorrow night it will be conferred in a whirl of beautiful jollity upon some proud blonde or brunet head whichever is preferred. Gentlemen seem to waver in what they prefer. Accompanying the ball, which Jonas Pearlberg, ballroom manager, has promised will be one of the outstanding events of the season, "DIANA FROM INDIANA," a new song destined to be the hit of the year, will be played and the DIANA DANCE will be introduced.

A cup will be presented to the girl chosen as "Diana" and other girls will be given couples who best execute the Diana dance steps after professionals have taken the floor and showed the way.

Last night the new dance, named after The Times story heroine, was given a preliminary tryout at the ballroom and scored an enthusiastic success.

Meanwhile, at B. F. Keith's Theatre, Lester Crawford and Helen Broderick, nationally known comedy couple, specializing in eccentricities, are presenting a Diana skit in their act to be continued all this week.

Connect Warning Letter With Lafayette Robbery

City Banks Guarded After Anonymous Note is Received.

Part of the bandit gang who killed Police Captain C. W. Arman in the hold-up of the Tippecanoe County Loan and Trust Company Tuesday may have been in Indianapolis last week, Detective Chief Claude F. Johnson believes.

An anonymous letter Police Chief Arthur G. Eversole of Lafayette received warning him that the bank at Fowler, near Lafayette, would be held up last Thursday probably was from one of the gang, Johnson believes.

Describes Gang

Chief Eversole informed Johnson of the anonymous warning last week. The letter said that a gang of three men, all of whom had served time at Federal prison at Atlanta, riding in a Hudson car with an Illinois or Ohio license, would rob the Fowler bank Thursday.

The letter also said the bandits would be in Indianapolis the day before, but did not indicate a hold-up was planned here.

To be on the safe side Indianapolis police guarded all local banks Wednesday and squads watched for a suspicious Hudson car. On orders of Police Chief Claude M. Worley district policemen secreted themselves in their districts from 11 a. m. to 2 p. m.

Tells How to Identify

Lafayette police guarded the Fowler bank several days.

The anonymous letter was from one of the bandit gang, who said he would carry a piece of paper with certain numerals in his pocket so if he were captured police might know he was the one who had warned them.

Although there were more bandits in the hold-up today and a different car and a license from another State was used, there is a strong possibility that the murderers of Capt. Arman are in the same group that planned the Fowler hold-up, Johnson said.

RUTH EXPECTS TO HEAD NEXT RACE OVER SEA

Gowns, Hats Purchased in Paris to Set Styles All Over World.

By United Press

PARIS, Nov. 2.—Undaunted by the catastrophe of the plane, American Girl, Ruth Elder announced today she expected to be the first flier to take off on a trans-Atlantic trip next spring.

Resplendent in a brand new frock and with a chic cloche hat clamped snugly over her crisp hair, the bewitching girl from Lakeland, Fla., admitted that she was very flippant again to be attired in feminine raiment, but explained:

"Naturally I am very happy to be visiting the dressmakers and shops, but flying is my game and I'll never be satisfied until I have flown across the Atlantic."

Dressmakers said that Miss Elder's gowns and hats will set winter fashions all over the world.

Miss Elder and her co-pilot, Capt. George Haldeman, were to have lunch today with officials of French aviation firms. Later they were scheduled for tea at the French Aviators' Club in Boile De Boulogne. These two preliminary repasts were to be followed by a dinner with Maurice Bokanowski, minister of commerce.

Tomorrow they will lunch at the American Club, followed by receptions in the Senate, Hotel De Ville and Cercle France-Americain.

They will be given an official luncheon at the American Embassy Friday, and Saturday morning they will depart for Cherbourg, whence they sail for New York on the Aquitania Saturday evening.

Paris long will discuss the young American flier following her capricious performance yesterday in the famous gallery of mirrors in the Chateau at Versailles, where she seized the arm of a gray-haired Lazare Weiller, a French senator, and broke into a spirited Charleston.
