DOCTORS FIND NOVEL METHOD ENDS HEAD COLDS OVERNIGHT

Hundreds Here Try Hospital Tested Method in Own Homes—Gives Quick, Sure Relief!

Endorsed As Ideal Way To End Head Cold, Cough, Chest Cold—Even Sick Children Love It

No longer is it necessary to guess in choosing the quickest way to get rid of a stuffy head cold, bad cough or deep seated chest cold. For doctors at the clinic have endured a hospital tested method for home use which is giving hundreds of Indianapolis people the same quick relief that came to C. J. Mason, little Albert Price and so many others who have tried it.

Nose Cleared Up—Head Cold Relieved in Few Hours.

Mr. Mason developed a bad head cold which nothing seemed to relieve. He couldn't sleep except to doze off a few minutes and wake up with the feeling that he was being choked. Then he called doctors at the clinic who advised Ayer's Cherry Pectoral—a concentrated mixture of ingredients which hospitals have found to be the quickest to end colds.

With the first swallow he felt its comforting, healing warmth—from nose passages deep down into his chest. Relief began instantly! That night he slept fine and in a day or so the cold was completely gone.

Child's Cold Ended—Soon Back at School.

Mrs. Arthur Price called on doctors at the clinic when her son, Albert, was kept from school by a deep seated bronchial cold. The doctors advised double doses of Ayer's Cherry Pectoral every half hour until relief began, then once every hour. By night he coughed less and his "grippy" achy feeling began to leave. Next morning he was lots better and in a day or so was out playing—free from cold.
