HOOVER VIEWS ON CHURCH AND FLOODS SOUGHT

Possible Hearing Is Seen on
His Candidacy for G. O. P.
Nomination.

By United Press
WASHINGTON, Jan. 27.—Secretary of Commerce Hoover's attitudes on religion and flood control were sought today as having possible bearing on his candidacy for the Republican presidential nomination.

Hoover was asked concerning word from San Francisco that he is a Quaker, was married to his Episcopal fiancée by a Catholic priest at Monterey, Cal., twenty-nine years ago.

He said "that is true." He had forgotten the name of the priest, but telephoned his wife, and she remembered.

He said that the marriage took place the day before he was to sail for China on an engineering mission. The priest was the only man available to perform the ceremony. He had authority, as have Catholic Army and Navy chaplains, to marry two non-Catholics.

Such marriage take a civil status rather than affiliate the non-Catholics with the church, it was said.

said by Hoover and by Catholic clergy here.

Friends of Hoover wondered why the question was raised, unless with a view to minimizing religious opposition to Governor Al Smith of New York, in case both Hoover and Smith are nominated. The Hoovers attend the Friends' Church and their children attend a Friends school.

The flood control question was brought up by Senator Willis of Ohio, an announced candidate for the Republican nomination. Willis said an attempt would be made to get Hoover's view as to how Mississippi flood control should be financed.

He wants Hoover to tell the Flood Control Committee whether Hoover favors placing the whole burden of flood control on the Federal Government or whether he agrees with President Coolidge that the States should bear part of the cost.

As Willis is engaged in a struggle with friends of Hoover for the Ohio Republican delegation, some saw the beginning of a political fight in Willis' desire to question Hoover on flood matters.
