

BARBERS HAND ROUGH SCRAPE TO ED JACKSON

Verbal Shave Is Dealt Out
to Governor, 'Once Over
Dry, Against Grain.'

Barbers wielded an unstoppered verbal razor on Governor Ed Jackson at an organization meeting at the Severin Thursday night, denouncing him as "a four-flushing, side-stepping prevaricator, devoid of principle and destitute of honor."

The Governor's refusal to sign the barbers' examination and license bill, passed in 1927 by both legislative houses, after the barbers say he had promised them in convention here two years ago that he would sign such a measure if passed, provoked the tirade. It was fired at him by J. C. Shanessy, general president of the Journeymen Barbers' International Union of America, and L. E. McIlvain, general secretary and organizer of the Associated Master Barbers of America.

Approximately 150 journeymen and barbers attended the meeting, where a campaign was launched aimed to organize from 75 to 90 percent of the barbers and their employees of the city within the next four to six weeks.

This would minimize the number of cut-rate shops and make 25-cent shaves and 50-cent hair cuts almost entirely the rule here, while paving the way for higher prices and better wages, the organizers intimated.

Upgrading the Governor for allowing the barber bill to die by the "pocket veto" route, Shanessy declared:

"A man who will stand before 125

Turn Hair Dark
With Sage Tea

By JEAN MACON

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and it is again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product for only 75 cents, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

of us here, as Jackson did, and give his word, as he did, only to break it, is a side-stepping prevaricator, devoid of principle and destitute of honor."

Called Disease Breeders
Quieting the applause, Shanessy continued:

"Michigan, Illinois and Missouri, neighbor States, have such a law. They require barbers to be examined by a reputable physician and then to be examined by a State board before permit is issued."

"Barbers from those States who are diseased or incapable can come into Indiana and ply their trade unmolested. We have more disease-breeding barber shops in Indiana than in any State in the Union—thanks to Governor Jackson."

"We'll start this campaign tonight and if necessary we will call on the State health board to clean up these pesthouses."

If Shanessy's oratorical razor "took off the skin," the astringent lotion next applied by McIlvain was rather stinging than soothing.

"Jackson can't plead he didn't understand that bill," he said. "He said he had read it, understood it and believed it a good thing for public health. And he had no excuse when he didn't sign it."

"I know what barbers can do at election, and if Ed Jackson ever seeks another public office I'll take the stump and cover the State against a man who has so little regard for the public health."

Threaten Vote Retaliation
John Hart, organizer for the journeymen's union, expounded the aims of organization, declaring \$27,000 had been expended in attempts to organize Indianapolis barbers. He will be assisted in the campaign here by Leon Worthall of Toronto. E. A. Rainey of Chicago is the master barbers' organizer. Under union organization agree-

GOSHEN MAN IS NAMED SCHOOL LEADERS' HEAD

Foreman Superintendents'
Head; Education Trend
Hit by Rigdon.

Superintendent J. W. Foreman of the Goshen schools was elected president of the Indiana City and Town Superintendents' Association at the morning business session of the annual convention which closes at the Lincoln today.

A. D. Montgomery of Sullivan was elected vice president and W. C. Goble of Nashville was re-elected to his fourteenth term as secretary of the organization. Members of the executive committee are Superintendents H. B. Allman, Rushville; H. W. A. Hemmer, Huntington; E. C. Dodson, Connersville; J. W. Stott, Frankfort; and C. E. Cook, North Manchester.

The principal speaker of the morning was Dr. Elmer B. Bryan, president of Ohio University, Athens, Ohio, formerly president of Franklin College. Bryan also addressed the joint meeting of the Superintendents' Association and the Indiana Character Education conference which opened this afternoon.

Dr. F. M. Gregg, of Wesleyan University, Lincoln, Neb., also spoke. "We are not inculcating character in our young people to stand up in this complex civilization. If I am asked how we are to do this, I can reply that I know of no better method than the Christian way," said Dr. Jonathan Rigdon, president of Central Normal College, at the opening dinner of the association at the Lincoln Thursday night.

Rigdon's topic, "The Enchanted Outlook," took up the merits of the present system, criticisms and recommendations. Athletics, as occupying too prominent a place in the school program, was heavily scored and the present system of college entrance was criticised as being unfair to the high school student.

According to Rigdon, too much time has been spent on the science of education and not enough on the

philosophy of it in the last quarter century.

In spite of this, there has been a great improvement, he says. State Superintendent Roy P. Wischart extended greetings to the association and spoke on "The City and Town Superintendent."

MALE BEAUTIES TO VIE

A beauty contest for men will be a feature of the annual convention of the Indiana Society of Architects Feb. 10-11, at the Indianapolis Athletic Club. The contest will be part of the dinner and dance in the Travertine room of the Lincoln that is to close the convention.

The convention will open with a meeting of the board of directors on the first morning. There will be three luncheons at the club buffet smoker at the architects building material exhibit, 151 E. Market St., and an inspection of the architectural exhibit at John Herron Art Institute.

RADIO USED IN LOST BOY HUNT

Lad Is Believed on Way to
Old Home in Michigan.

Police, relatives and the radio today aided in a Nation-wide search for Kermit Hall, 13, who disappeared from his home, 1333 N. Pennsylvania St., Thursday afternoon.

Mrs. Daniel Hall, his mother, said he came home from school at noon complaining of illness. He asked that he be allowed to remain away from class in the afternoon. A short time later he was missing. Mrs. Hall said he had been doing well in school. He has no relatives in this State and left with but \$2. It was thought that he might have hiked to northern Michigan, where he lived until recently.

A description given police and also broadcast stated Kermit wore long blue trousers, a sheep-lined coat, slip-over sweater, gray cap, light shirt and bow tie.

A thirty-six hour search has failed to disclose any trace of Herbert H. Freeman, 39, of 4020 Graceland Ave., missing since 8 p. m. Wednesday.

Freeman left the Atlantic and Pacific bakery, Capitol Ave. and South St., where he was superintendent.

Albert (Pete) Gardner, 34, Noble St. and Massachusetts Ave., is missing. A former wife requested police search.
