

OLD 'I. E.' RULE OFFERED FOR SPELLING BEE

Aged Woman Sends Verse for Hoosier Spellers' Use in Contests.

While school children are wondering whether the "E" or the "I" comes first in spelling a word, a little aged lady at the Rose Home for Aged Women at Terre Haute, Ind., comes to the rescue.

She is Miss Elizabeth Katz, 80, and she learned the rule more than seventy years ago. The et and the ie words never have given her trouble, because she remembered the rule.

Here it is:
After C, an E apply; and after other letters I.

A simpler rule you can't conceive. It all your troubles will relieve. But two exceptions you will note which all good scholars learn by rote.

Leisure is the first of these. And for the second we have seized. "I was a pupil in a private school at Alton, Ill., when my teachers wrote that rule on the board for us to memorize. I never have forgotten it."

Passes Rule to Contestants

"And now I want to pass it on so that it will help the pupils entered in the Indiana Spelling Bee," says Miss Katz.

More than 50,000 grade school children will be interested in Miss Katz's rule, because they are entered in the contest.

Newspapers sponsoring the contest in Indiana counties report rapid progress is being made toward the initial contest.

C., with all expenses paid by The Indianapolis Times. And then there is the \$2,500 in gold which will be divided among all contestants who are the winners in the various State contests.

Parochial schools in Indianapolis have been divided into four zones for convenience in naming spelling champions. The room contests will be held Friday in each of the twenty-three schools. One champion will be named for each building on the following Friday.

Rev. Mellen In Charge

Then on or before March 30 one champion will be selected from each of the four zones. These pupils will be the Marion County Parochial school representatives in the State finals. The Rev. Francis Mellen is in general charge of the bee.

The following Parochial schools will participate: Assumption, St. Agnes, St. Anthony, St. Bridget, St. Catherine, St. Francis, St. Joan of Arc, St. John, St. Joseph, St. Mary, St. Patrick, St. Philip, Holy Cross, Holy Trinity, Holy Angels, St. Ann, Little Flower, Lady of Lourdes, Holy Name, Holy Rosary, Sacred Heart, St. Roch and St. Rita.

Won Argument

Near Dallas, Texas, George Elliott, above, and George Lay, his best friend, went fishing. While fishing, they talked of the 102-pound catfish caught on a similar trip, twenty-one years ago. Elliott said he landed it; Lay claimed the glory for himself. Both drew guns, both fired. Lay was killed; Elliott went to jail.

Found Lasting Relief for Asthma

Was Better in 4 Days. Trouble Left and Has Not Returned.

Folks who have sat up and choked all night from asthma or bronchial trouble, will be glad to learn how W. H. Hughes, 1154 W. 28th St., Indianapolis, got rid of the disease. He writes—
"I had severe asthma for 3 years. I choked up, and had to sleep sitting up. I could work only half the time, and life was absolute misery. Before I began taking Nascor in April, 1926, I was completely down, and didn't go to bed for 2 weeks. In 4 days, relief came and I could sleep in bed without trouble. I have gained back my lost weight, am feeling fine and have never had a return of the asthma."
You will enjoy reading many other letters from people who recovered after years of suffering from asthma and bronchial coughs, and have had no return of the trouble. These letters, and a booklet of vital information about these diseases, will be sent free by Nascor Medicine Co., 413 State Life Bldg., Indianapolis, Ind. No matter how serious your case, call or write for this free information. It may lead you back to health, as it has thousands of others.—Advertisement.

Dread of Extraction Found Without Foundation

More and more the family physician is asking his patient, when chronic disorders stubbornly resist treatment and the operating table seems near, "How about your teeth, are they in good order?"

To put off extracting a decayed tooth or one that has an abscess at the root, is to leave a poison center in the body that makes disease incurable.
