

# SEEK PLAN TO OUST POLITICS FROM SCHOOLS

C. of C. Group to Adopt  
Definite Program at  
April 4 Meeting.

A definite plan for organization and election of the Indianapolis school board designed to eliminate political and factional divisions will be selected by the Indianapolis Chamber of Commerce educational committee at its next meeting, April 4.

Discussion of several plans under consideration for recommendation was held Wednesday.

Albert I. Cr., for many years school board attorney, suggested that a board of five members be elected for four years, elections held at two-year intervals.

Object to Manager Plan

At present, all five members are elected at the same time, although not taking office at the same time. Baker objected to a plan suggested by Zoercher, State tax board member, whereby the city manager commission would select a school manager or school board, pointing out the school city is important enough to be kept as a separate taxing unit.

Zoercher, in making his suggestion, declared election of school commissioners should be as far removed from politics as possible. Suggestion was made by Baker that a board of six members might be a success, despite the possibility of a tie vote.

Several Schemes Proposed

Baker pointed out that early plans of the committee, providing for six year terms, are illegal because of the four-year term legal limit.

One suggestion was for a board of nine, serving six years, three elected every two years. Another proposal was for a board of nine appointed by Marion County court judges, three to be named every two years. A third proposal was for a board of five, serving five years, one member being appointed by the judges each year.

## OVEREATING BAD AS LIQUOR, SAYS SPEAKER

Dr. Ada Schweitzer Addresses  
Meridian W. C. T. U.

Overeating as well as overindulgence in alcoholic liquors, is a violation of the natural temperance laws, Dr. Ada Schweitzer told members of the Meridian W. C. T. U. at an all-day meeting Wednesday at the home of Mrs. E. W. Brown, 3261 Carrollton Ave.

She pointed out that certain foods taken in excess overstimulate and are detrimental.

Defense of the direct primary was voiced by Mrs. Frank J. Lahr, wife of the juvenile judge. She said that the law might need amending in certain respects but that did not mean a return to the old convention system.

The morning session was devoted to reports and a parliamentary drill staged by Mrs. J. D. Allgire. Mrs. M. L. Gipe said the noonday prayer and Mrs. E. E. Lockwood was luncheon chairman. In the absence of the president, Mrs. Frank A. Symmes, Mrs. P. C. Lumley presided. Discussion followed the speeches in the afternoon and nine new members were received into the organization.

Keep Looking Young

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards' Olive Tablets are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c, 30c and 60c.—Advertisement.

## URGES MENTAL QUIZ

Examine All Children at 10,  
Olson Proposes.

Psychopathic examination of all school children at the age of 10 was suggested as a crime preventive by Judge Harry Olson, chief justice of Chicago municipal courts, before the Indianapolis Bar Association at the Columbia Club, Wednesday night.

An examination at the age of 10 could be followed by one six years later and defectives would be placed in institutions, according to Judge Olson's plan.

Crime is caused by defective emo-

tions and not by defective intellect, he said. The more serious crimes are committed he said, by persons suffering dementia praecox, hereditary and incurable.

"A normal person would never kill another except during a moment of anger, and the average killer has no conception of right and wrong," he said.

Pacifism and fascism were jointly condemned by Frank McHale of Logansport, State commander of the American Legion, in an address Wednesday night at the annual banquet of the Hayward-Barcus Post at the Hoosier Athletic Club. Both movements he condemned as "un-American." Mussolini has made some improvements in Italy, the speaker contended, but his methods will not work out here.
