

# BRAND-BURTON DEBATE BOOSTS HOOVER BOOM

Letter to Secretary Proves Trump Card in House Argument.

By THOMAS L. STOKES United Press Staff Correspondent

WASHINGTON, March 14.—Hoover supporters claimed today the outcome of the widely advertised Brand-Burton debate in the House was distinctly favorable to the commerce secretary's campaign both nationally and in Ohio against Senator Willis.

On the other hand, Willis supporters indicated they will make emphatic capital of the charge by Representative Brand, Ohio, Willis' champion, that the commerce department organization throughout the country is "in politics" for Hoover.

Brand suggested President Coolidge for this reason, ought to ask Hoover's resignation from the cabinet.

Letter Is Trump Card

The charge was added to Brand's prepared speech just a few minutes before he took the floor, and was the only charge not discussed by Hoover's champion, Representative Burton (Rep.) Ohio, who indicated by his detailed treatment of each of Brand's other charges that he had seen an advance copy of his colleague's speech, which had been issued subject to release several days in advance.

Burton's "trump card," a letter written by Brand to Hoover in January, 1925, indorsing Hoover's agricultural views and suggesting his appointment as secretary of agriculture, was still the subject of discussion in the capitol lobbies today. When Burton read it to the House, there were roars of laughter. Brand, plainly perturbed, sat in his place, and then rose and asked the date of the letter. Brand had devoted much of his speech to criticism of Hoover's views on agriculture.

Brand Nominated Hoover

"Mr. Brand nominated Mr. Hoover," was the succinct comment of Representative Snell, New York, Republican House leader. Others expressed surprise that the Ohio

## Good Cheer

New fitness—new energy in a morning drink

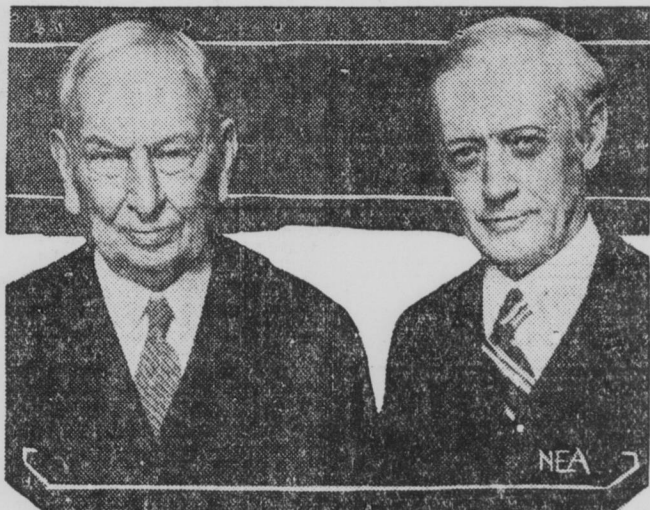

Do this on rising in the morning if you feel out of sorts or unfit. Drink a glass of water, hot or cold. Add a little "Epsomade," and you will have a sparkling and refreshing drink.

In an hour things will change. The drink will flush the intestines to eliminate the poisons and the waste. This is done in a prompt and pleasant, in a gentle and efficient way.

It is done by acids derived from lemon and grape.

Then remember this drink—"Epsomade" in water—whenever any clogging occurs. Take it any hour of the day. That's the quickest and the best way to correct things. Let a trial prove this to you. Get a small quantity, at a small cost, at your druggist.—Advertisement.

## Debate Hoover, Willis

Congressman Theodore E. Burton of Ohio (left), veteran of the House of Representatives and Congressman Charles Brand of the same State, debated in the House on presidential candidates, Burton for Hoover and Brand for Senator Willis.

member should have forgotten this letter.

Brand explained afterward that he wanted to get Hoover to give his view on agriculture and so had written the letter. Brand supports the McNary-Haugen bill. Hoover has opposed it. In the letter, Brand pointed out that he had been mentioned for the post, but said he thought Hoover should have it.

"That is the greatest demonstration of self-abnegation since the days of Julius Caesar," Burton said.

## DECISION ON MISSION TRANSFER DELAYED

United Christian Executives Differ on Move Here.

Discussion of proposed removal of United Christian Missionary Society headquarters from St. Louis to Indianapolis was continued today at St. Louis by the executive board.

William H. Book, Chamber of Commerce civic affairs director, and the Rev. William F. Rothenburger, Third Christian Church pastor, who attended the board meeting Tuesday, returned Tuesday night.

Book reported that of the seventeen directors out of twenty present Tuesday, all but four said they would vote for removal here. The board has been offered free use of the College of Missions building in Irvington. Final decision was delayed by discussion on rights of the Christian Women's Board of Missions to use of the College of Missions building, which might affect the building offer.

Among arguments for removal was the more favorable taxation situation in Indiana. Opposition to the move was based on the statement that Indianapolis is farther away from the future growth of the organization; that St. Louis offers better facilities and is more metropolitan, and that a suitable building might be found in St. Louis.

More than 125 employees, with an annual pay roll of \$200,000, are employed at the headquarters. The society has assets of more than \$8,000,000.

## MOTHER OF 5 MISSING

Mrs. Nellie Melton, 37; Leaves Children With Husband.

Mrs. Nellie Melton, 37, mother of five children, is reported missing by her husband James Melton, 921 S. Capitol Ave. Melton told police he was unable to describe her clothing as she bought a new outfit just before leaving he learned. The five children were left behind in his care.

Coolidge Signs Water Bill

WASHINGTON, March 14.—President Coolidge today signed the bill authorizing the secretary of interior to execute an agreement with the middle Rio Grande conservancy district providing for irrigation, drainage and flood control for Pueblo Indian lands in the Rio Grande valley of New Mexico.

## SENATE PASSES BILL FOR USING MUSCLE SHOALS

Parties Disregarded in Vote, 48 to 25, for Federal Operation.

By C. J. LILLEY United Press

WASHINGTON, March 14.—Government operation won its greatest victory Tuesday when the Senate adopted the Norris bill for Federal manufacture of power and fertilizer at Muscle Shoals, by a vote of 48 to 25.

The bill now goes to the House, which so far has taken no action on Muscle Shoals. It will be referred to the House Military Affairs Committee, which has agreed to vote Thursday.

Victory in the Senate culminated a seven-year fight by Senator Norris to keep Muscle Shoals from private power interests and from what he termed the fertilizer trust.

Sell Surplus Power

The Norris bill as adopted provides that the secretary of war shall operate the power facilities and the secretary of agriculture the nitrate plants.

Surplus power will be sold and profit used to extend Government manufacture of fertilizer to plants in other parts of the country.

The bill retains Government title to all properties at the shoals. Several important amendments were tacked on the original bill and Norris greatly revised the measure on the floor to carry out suggestions made by other Senators.

The original Norris measure made power the primary feature, fertilizer is placed first and power second in the final draft. Appropriation for immediate experiments in fertilizer manufacture is increased from \$2,000,000 to \$10,000,000.

Parties Disregarded

The vote on the Norris bill was: For—Ashurst, Barkley, Black, Borah, Brookhart, Capper, Carey, Copeland, Coudens, Cutting, Deneen, Dill, Fletcher, Frazier, George, Glass, Gooding, Harris, Hayden, Heflin, Howell, Johnson, Jones, Kendrick, La Follette, McFarland, McNary, Mayfield, Neely, Norbeck, Norris, Nye, Ransdell, Robinson, Ark. Smith, Sheppard, Shipstead, Simmons, Smith, Steiwer, Stephens, Swanson, Thomas, Wagner, Walsh, Mass, Waterman and Wheeler.

Against—Bayard, Bingham, Blaine, Bruce, Dale, Edge, Edwards, Fess, Gerry, Greene, Hale, Harrison, Hawes, King, McLean, Metcalf, Odie, Phipps, Reed, Pa.; Sackett, Shortridge, Steak, Tydings and Willis.

Recalls 3-Cents a Dozen Eggs

RICHMOND, Ind., March 14.—Mrs. Mary Wright celebrated her ninety-first birthday here by commenting on the price of eggs. "I remember when I used to get 3 cents a dozen for my eggs," she said.

## CEASED TO BE TROUBLED WITH GAS

"Didn't See a Well Day for Weeks—None of My Food Agreed With Me," He Says.—Now Well.

"After each meal, distress would come on me, and I would suffer bad pains," says Mr. Peter Seeger, a Missouri Pacific railroad engineer, residing at 329 Elmwood Street, Kansas City, Mo.

Mr. Seeger explains that the pain seemed to come from indigestion, as he had a sensation of gas, or bloated feeling in his stomach. "I found that by taking a pinch of Black-Draught, dry, after meals, I would be relieved," he says.

"I would carry Black-Draught to work with me. I took it for about a year and a half. I had read of another railroad man whose health had been helped by the use of Black-Draught, and as my own symptoms were similar to his, I decided to try it.

"None of my food agreed with me. I would frequently taste what I ate, long after my meals, and I did not see a well day for weeks. I began taking a pinch of Black-Draught after each meal, and kept this up for several weeks. Gradually the pain left me, and I began to feel better. I ceased to be troubled with gas, and could eat what I liked.

"I have been well now for a year, but I still keep Black-Draught, and take it to avoid constipation."

## Taft to Speak

Charles P. Taft, II

Being the son of a famous man was not a handicap for Charles P. Taft II, of Cincinnati.

Taft, the son of former President William Howard Taft, was born in Cincinnati thirty years ago. Today he is prosecuting attorney of Hamilton County. As an active worker in the "non-partisan political housecleaning" in the Ohio city, he has supported the city manager form of municipal government. He will address the Indiana city manager State-wide conference Friday lunch-noon at the Claypool.

## LAUDS FIREMEN'S WORK

Norman Metzger Praises Speed, Efficiency of Department.

The speedy and efficient work of the Indianapolis fire department was praised today in a letter to the department from Norman Metzger, general manager of the Terminal Warehouse Company. Metzger's appreciation for the prompt quelling of a fire in the warehouse March 12, was substantiated by a check for the pension fund.

The letter read in part: "The alarm was answered within three minutes, and once your men were on the job, their systematic and efficient work soon had the fire extinguished. It should give Indianapolis people a feeling of security to have such a well-disciplined organization."

## AVOID UGLY PIMPLES

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take nightly for a week. See how much better you feel and look. 15c, 30c, 60c.—Advertisement.

ACHING TEETH Are No Longer Necessary We are constantly being asked by patients, "What have my teeth to do with my sickness?" The world has come to know through physicians and others that bad teeth mean bad health, that the infection from a decayed tooth or an ulcerated gum lasts as long as the condition is untreated. If your teeth are bad and your health is low, you need dentistry. If obtained here it is a high grade service at low cost. The People's Dentists, for they extracted twenty-three teeth from me without the least pain." MRS. J. M. GREINER, 3609 N. Emerson. The People's Dentists 36 West Wash. St. Over Gausepohl's Trunk Store. HOURS—8 A. M. to 6 P. M. Sunday, 9 A. M. to 12 Noon

## IRWIN NAMED HEAD OF STATE HOOVER CLUB

J. W. Esterline to Lead Campaign Sponsors in Seventh District.

Organization of the Indiana Hoover-for-President Club progressed today as the forerunner of a Hoover campaign organization that will carry the fight for Indiana's presidential preference vote into every Hoosier precinct.

Will Irwin, Columbus, Ind., banker and manufacturer, an outstanding figure in Indiana Republicanism for many years, was named president of the State Hoover Club, Oscar G. Foellinger, State Hoover manager announced.

Irwin is vice-president of the board of directors of Butler University and president of Butler Foundation.

Dr. Harry E. Barnard, former State food and drug commissioner, was named secretary and will direct Hoover Club recruiting efforts throughout the State from headquarters at the Claypool.

Esterline Is Appointed

Dr. Barnard was food administrator for Indiana in 1917 and 1918 and chairman of Federal food control activities in a group of surrounding States. He is a director of the American Child Health Association which Hoover founded, and is president and a director of the American Relief Administration.

Each of Indiana's thirteen congressional districts will be represented in the Indiana Hoover-for-President Club by a vice president. These officers will advise with State headquarters in building up the actual campaign organization.

J. W. Esterline, of Indianapolis, president of Esterline-Angus Company, and chairman of the Indianapolis City Manager League, has ac-

## 'Way Back

By Times Special COLUMBUS, Ind., March 14.—Tusks and bone fragments found along White River near Azalia, Bartholomew County recently, are mute evidence of a tragedy thousands of years ago when a mastodon died after becoming mired in river mud. Is the belief of T. K. Kingsbury, assistant Indiana State geologist. He has identified the remains as those of a mastodon.

cepted the vice presidency representing the Seventh district.

Vice Presidents Named

Other vice presidents named today included: Third District—Walter S. Montgomery, publisher New Albany Tribune.

Fourth District—James Rushworth, Aurora manufacturer. Sixth District—E. Gurney Hill, Richmond rose grower.

Ninth District—Dr. W. H. Green of Labanon.

Tenth District—Marshall Haywood, of Lafayette.

Twelfth District—S. B. Bechtol, president S. F. Bowser & Co., of Ft. Wayne.

Thirteenth District—Eli Seebirt, former mayor of South Bend.

Delaware County, Ind., attorney, and Arthur McKinley, former State Senator, also of Muncie, were named Hoover campaign managers for the Eighth district and Delaware County, respectively.

"Women will be accorded a prominent part in the Hoover organization in Indiana," Foellinger said. "Probably half of the 50,000 volunteer Hoover workers we expect to enlist in the State will be women."

The campaign organization proper will provide for county and district chairmen of both sexes to direct men and women workers, who, Foellinger adds, will attempt to canvass every home in the State.

Science Aids Shoplifter

NEW YORK, March 14.—Herman Pollhammer brought science to his aid in shopping. When arrested he had a box with an automatic trap door by which he "sucked in" the goods from counters.

## BUS SCHEDULES CHANGE TONIGHT

Unification of City Lines in Effect at Midnight.

Unification of the street car and bus lines approved by the public service commission two weeks ago will go into effect at 12 tonight.

The principal route changes under the new order are: Feeder buses on Central Ave. and east from College Ave. at Forty-Fifth St. will be discontinued and through service from the Circle will be instituted. The motor coaches will go out as far as Sixty-First St., where, as they have heretofore terminated the route at Fifty-Fourth St.

Operation of buses on Park Ave. between Fortieth and Fifty-Fourth Sts. will cease. Half of the Central Ave. buses will turn east at Forty-Sixth St. and go to Keystone Ave., thence north to Fifty-Second St. and west to Central, returning by the same route.

Grade, parochial and high school students will benefit from the order which provides for the sale of strip tickets to them at an average price of 6 1/2 cents per trip.

There will be no extra charge for transfer from bus to bus and from bus to street car, but the payment of 4 cents cash or a token having a value of 2 1/2 cents will entitle the passenger on a street car to transfer to a bus.

If more than one transfer is needed to complete a trip the remaining transfer will cost 2 cents each. Students using commutation tickets will be required to pay 2 cents for transfers.

In order to handle the pennies and nickels that will be used in paying for bus trips and transfer, new coin receiving devices are being installed in the buses.

## Every Trace of Asthma Gone

Suffered All His Life. Tells How He Ended Trouble.

Sufferers from asthma or bronchial cough will be glad to know how E. L. Flanagan, 1245 Brookside Ave., Indianapolis, rid himself of the disease. He writes:

"I had asthma all my life. 44 years. I coughed and wheezed constantly and was unable to work more than half the time. I couldn't sleep, and often had to sit up at night by the window to get air and keep from choking to death. I had lost 20 pounds and had no hope for relief, when I decided to try Nacon. Now, after taking 3 bottles, I am feeling entirely well, having gained 40 pounds, have no cough or wheeze, and sleep fine all night. I am now able to work long hours and have no trace of asthma."

This remarkable letter is only one of hundreds written by former sufferers from asthma, bronchitis and severe chronic coughs, telling how their troubles were cured. Their letters and a booklet full of vital information about these stubborn diseases will be sent free by Nacon Medicine Co., 413 State Life Bldg., Indianapolis, Ind. The more serious your case seems, the more important this free information is to you. Call or write for it today.—Advertisement.

## A THREE DAYS COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)
