

MISS HAMPER GIVES OPHELIA REAL LIFE

Mantell Again Presents to the Stage His Conception of Hamlet as a Man Who Was Both Clever and a Good Actor When It Comes to Revenge.

BY WALTER D. HICKMAN

There is to the Ophelia of Miss Genevieve Hamper that quality of humanism which makes a very complex character seem real.

Her Ophelia, both as the normal girl and the mad dame who raves over her flowers as great gifts, has that convincing quality which makes the character step out of the printed page.

Last night in "Hamlet," Miss Hamper read her lines in that splendid clear beauty which has endeared her to thousands. Shakespeare to me must be read so that every word may be understood all over the house.

Ophelia has a song to sing, one of tragedy, one of love and hope. Her mental castle crashes at her feet. Poor Ophelia and Miss Hamper makes you feel the beautiful sadness of this experience of life that Ophelia encounters. Here is fine character work, done with a lovely and intelligent touch. Careful and clear reading of every line was given by Miss Hamper last night. I often have told you about the Hamlet of Mr. Mantell. One time in the presence of Miss Hamper in an interview, he told me that age to him made no difference in Hamlet. It was the voice. And last night, I gave up my seats that I generally use for purposes of seeing the show and I took next to the back row down stairs. There I heard and saw this production. And

Miss Hamper is the best barometer of your physical condition. Look at it every morning before breakfast. If it is coated with white, yellow or brown coloring, and does not have a clean red appearance you are constipated and not well.

Heed Its Warning

Constipation causes more ailments than all other diseases, and is the result of not having a daily bowel movement. Sick-headache, indigestion, biliousness and sallow complexion follow. Ask your druggist for a 25c red paper package of CARTER'S LITTLE LIVER PILLS "Safe Laxative." Take a dose to-night and continue one pill after each meal. Don't stop—until your tongue is clean. You will be surprised at the tonic effect this doctor's formula will have on you.

CARTER'S LIVER PILLS

Big Movie to Return to English's

On Sunday, March 25, "King of Kings" comes to English's for a week's return engagement. The picture shows Muriel MacCormack and Dorothy Cumming in a scene from the photoplay.

wrong. Dreadfully so.

There were three outstanding players in the comedy given by Thespis, of Butler University. The part of Constance Welby, taken by Dixie McKay, was that of the ultra flapper type and Miss McKay played the part to the finish. "Amos" the son, was one of the retiring sort of men who has stepped into his father's shoes and worn them. Robert Maney did a good piece of work in that part. The "Grand Duke Boris," and it seems he had many other names, too, was the key to the whole situation and Hamilton Clarke made a grand duke.

The trusted friend of the family, "Miller Guttridge," was the real thief as it turned out. This character was subordinated throughout the play and only at the end was any suspicion thrown on him. Curtis Hunter had the part of "Gutteridge."

The whole cast was good and had adapted themselves to the play.

Why Your Stomach Grumbles

Your stomach "grumbles" because it tries to tell you it is out of order. Head to its warning, for although the trouble may not yet be serious, it is often the forerunner of severe gastritis and stomach ulcers.

Nine times out of ten indigestion and allied stomach disorders are due to excess stomach acid, which impedes normal digestion and forms sour gases that cause intense pain. To restore good digestion you must eliminate this cause. Take May's Wonderful Remedy for a few days and you will neutralize the acidity and banish all digestive trouble and pain.

The three daughters had fallen in love with the servants and the son is in love with the "princess." And whether thieves or not they are all in love and resent any insinuations made at each other. And the cousin, who is an author of detective stories, is the only one who is

Indianapolis Lady Tells How the New Medicine Benefited Her Entire System.

Reports of Konjola have done in actual cases appearing every day in the Indianapolis papers, and at the same time, vast crowds are calling daily at the Hook drug

store.

MRS. JENNIE HOLDING

store, Illinois and Washington Sts., this city, and interviewing the Konjola Man, where he is personally explaining this new medicine to the public.

"Konjola is first of all a new, advanced remedy," explained the Konjola Man, yesterday. "It is a liquid containing medicinal extracts from twenty-two plants of nature. This compound works with the sufferer's own food, restoring the stomach, liver, kidneys and bowels to better action. It removes the poisons which cause most of the chronic aches and pains, and therefore, the people who take Konjola nearly always report new feelings of health over their body in general.

Another surprising statement has been received, which shows more clearly what Konjola is doing for the stomach sufferers in this vicinity. The statement came from Mrs. Jennie Holding, well-known Indianapolis lady, living at 240 Blake St.

"Konjola certainly made a great change in me," said Mrs. Holding. "I don't look like the same person, and I feel better than I have in years.

"My worst trouble was with my stomach. My food did not agree with me and shortly after I had eaten a meal a hard rock seemed to form in the very pit of my stomach. Soon afterwards gas would form, causing severe pains and bloating.

"I also had much trouble with my liver. This caused me to have a very yellow complexion and to feel sluggish at all times. I was constantly constipated, which caused me severe headaches.

"I have now taken one and a half bottles of Konjola and feel improved over my entire system. I was able to eat sauerkraut today for the first time in five years. During the past five years I was forced to stay on a diet and it certainly is a pleasure to be able to eat any and all food you like. The gas and bloating has all disappeared and I do not have any more headaches. My complexion is now cleared up, and to look at me you would think I was in perfect health. I never believed that such a small amount of medicine would perform such a miracle. It has really improved my health so much that I gladly offer my statement for publication, in order that other sufferers may benefit by my experience. I cannot begin to give you medicine the praise it deserves, as words will not express my thankfulness.

The Konjola Man is at Hook's drug store, Illinois and Washington Sts., Indianapolis, where he is daily meeting the public and introducing and explaining the merits of this remedy. Konjola is being sold in large quantities at all Hook stores and by all the best druggists in all towns throughout this entire section.—Advertisement.
