

HOUSE PASSES BILL TO PROVIDE NAVAL FUNDS

Clears Appropriations Calendar of All but One Measure.

WASHINGTON, March 28.—The House cleared its calendar of all the annual appropriations bills, except one, today when it sent to the Senate the \$39,000,000 Navy Department bill passed Tuesday.

Of the regular supply measures, only the legislative establishment bill, providing funds for Congress itself, remains to be acted upon by the House. One or two deficiency bills will be brought in later as usual, including one providing \$2,750,000 for maintaining United States marines in Nicaragua.

Navy of 83,250 Men—The Navy Department bill carried \$48,000,000 for continuing work on eight cruisers and two submarines; \$31,000,000 for aviation; \$1,800,000 for beginning work on two dirigibles, and \$6,075,000 for modernizing the battleships Arizona and Nevada.

The measure provides for a naval personnel of 83,250 men.

Navy aeronautical engineers today were drafting new advertisements for bids for construction of two new dirigibles of 6,000,000 cubic feet each.

Secretary of Navy Willbur ordered the airships readvertised after a controversy over the original bids had been arisen in Congress. It was said that an offer of Brown-Boveri Company of Camden, N. J., to bid on the ships had caused reopening of the subject.

Tilt Over Dirigibles—Congress had authorized the construction of two large dirigibles at a maximum cost of \$8,000,000. The Goodyear Tire and Rubber Company, Akron, Ohio, proposed to construct both ships for \$8,000,000, but refused to build one dirigible for less than \$5,000,000.

This bid, the only one received when the ships were first advertised, precipitated a tilt in Congress and brought out the Brown-Boveri bid of \$4,000,000 for a single dirigible.

Previously, it had been generally assumed that the Goodyear concern, winner of the design competition, would receive the contract.

Bad Way to Feel In the Morning

Dizzy Sensation, Disagreeable Taste, Pain and Other Symptoms Disappeared After Use of Black-Draught.

"I used to suffer quite a bit from dizziness when I would get up in the morning," says Mrs. I. Brakefield of Calhoun, S. C., in telling of her use of Theodor's Black-Draught.

"I would feel tired and have a bad taste in my mouth. I would be dizzy, and every little while I felt like I must sit down."

"I had a pain in my side and an uncomfortable feeling in my stomach. I just did not feel good at all. 'Someone recommended Black-Draught to me and said it might help me. That was two years ago. I took a few doses and it did help me wonderfully."

"I now use it when I have that tired, 'all-gone' feeling, and it is simply fine."

"I can recommend Black-Draught and do so all the time. It certainly stops the dizziness, and after taking a few doses, I enjoy my food and feel just fine. My husband takes Black-Draught, too, and gets good results from it."

65-Year-Old Lady Says Cough, Wheezing and Asthma Gone

Elderly people who suffer with asthma and bronchial coughs will find interest in a letter written by Mrs. Elizabeth Woodward (65 years old), 3460 W. Michigan St., Indianapolis. She writes:

"I had asthma for 15 years. I coughed hard, wheezed, was short of breath, and my stomach caused me a lot of trouble. For one year I couldn't do any work, not even wash the dishes. On Feb. 7, 1925, I started taking Nacor. The wheezing and cough have left entirely, and I do not have the slightest sign of asthma now. I am feeling fine, able to work, and gaining steadily in every way."

If you suffer from asthma, bronchitis or chronic cough, you should read the vital information about these diseases, in a booklet sent free by Nacor Medicine Co., 413 State Life Bldg., Indianapolis, Ind. They will also send you the letters of people whose trouble disappeared years ago and never returned. No matter how serious your case, call or write for this free information.
