

## UNION LABEL WEEK OPENS WITH PARADE

City Labor Organizations to  
March Saturday; Pageant  
Is Planned.

Organized Labor and Union Label week will open with a parade of members of local labor organizations Saturday at 2:30 p. m.

The parade will form in front of the National Headquarters Bldg., the United Brotherhood of Carpenters and Joiners of America, between Delaware and Alabama Sts., on Michigan. Practically all the local unions will be represented with floats, and hundreds of marchers will parade through the business district to West and Washington Sts., where they will disband.

Friday evening, April 20, the pageant "The Wheel of Industry," will be presented under the auspices of the United Garment Workers of America, local union No. 127. Every local industrial workers' group will be represented in the cast which will include more than 500 participants. The production will be under the direction of B. Burton Henry, veteran producer.

A delegate from the labor organizations is to call on Mayor L. Eli Slack with an invitation to attend the pageant and to view the parade.

The purpose of the week is to promote general interest in the products of organized labor which bear the union label. Mrs. Mabel Lowe of the United Garment Workers, is chairman of the committee in charge of the celebration. Tickets for the pageant may be obtained at the Union Label Store, 6 Pembroke Arcade, the Cadle Tabernacle and the various union headquarters in the city.

## WATSON, ROBINSON GET INDORSEMENTS

County Chairmen Back Native Son;  
Club for Senator.

Senator James E. Watson, seeking Indiana's presidential preference vote, and Senator Arthur R. Robinson, seeking renomination, each added an endorsement from Republican organization groups to their lists today.

Tenth district and county chairmen and vice chairmen meeting at Lafayette Thursday, adopted a resolution endorsing Watson's candidacy, saying "his leadership has been of that character that inspires confidence and redounds to the credit of the party of which he is such a worthy exemplar."

Robinson's endorsement came from the Washington township Republican Club. "He stands upon the rock-ribbed principles of our Republican party," said the resolution, "and in defense thereof he has fought fearlessly without regard for self." Robinson's public record was endorsed over objections of members who questioned the propriety of the club endorsing any candidate before the primary.

## OHIOAN URGES SHIPPING BILL

Asks Unified Support for  
Merchant Marine.

"American farmers and manufacturers lost a billion dollars during the war because they couldn't deliver to overseas markets," Malcolm M. Stewart, Cincinnati, Middle West foreign trade committee chairman, said at the Chamber of Commerce open forum luncheon today.

Stewart praised the Jones bill pending before Congress, which he said would help the American merchant marine, authorize the Shipping Board to proceed with a replacement program, and take other steps for meeting foreign competition.

"In the fall of 1926 and the winter of 1927 our farmers would have suffered tremendously if the Shipping Board had not provided an American fleet of 397 vessels to ship their products, when the foreign ships were carrying coal during the British coal strike."

"The merchant marine will not maintain itself, but must have the support of all American citizens, importers and exporters, farmers and others. It is of great value to our commerce and as a naval auxiliary, and justifies the appropriation of many times the cost of administration."
