

ROAD REPAIR IN FLOOD REGIONS BLOCKING BILL

Question Setting Precedent of U. S. Rebuilding Highways.

BY ROSCOE B. FLEMING
WASHINGTON, April 25.—Shall a precedent be created by which the Federal Government may be called upon forever to rebuild local roads anywhere in the country when ruined by flood?

This is the question which informally has deadlocked the \$140,000,000 agricultural appropriation bill for three weeks between House and Senate, and the deadlock shows no signs of ending.

The Senate, upon motion of Senator Keyes of New Hampshire, voted \$2,654,000 to restore roads in Vermont and \$653,300 to restore roads in New Hampshire, damaged by last year's flood.

Senator Barkley of Kentucky promptly moved to appropriate \$1,889,994 for restoration of roads in Kentucky, also damaged by flood. This amendment provided, however, that the State must put up dollars for dollar, no such provision being included in the New England appropriations.

Senator Warren, chairman of the Appropriations Committee, objected, however, to an item of \$48,000 for restoration of Florida roads damaged in the 1924 hurricane.

The New England items were the only ones of the four which carried approval of the budget bureau and President Coolidge.

House and Senate leaders have not yet moved even to appoint conference committees to iron out differences in the bill. They have been debating privately in the meantime as to whether every State which suffers from floods, including the Mississippi States, will not ask the Government to reconstruct their roads, this year as well as in the future.

Faces Second Slaying Trial

By Times Special
BLOOMINGTON, Ind., April 25.—Raymond Stephens went on trial for the second time today in Monroe Circuit Court on a manslaughter charge. He is accused of slaying his cousin James Stephens, with a knife, a few months ago. A jury disagreed in the first trial.

That Stops the Pain then Corn Lifts Off!

Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you'll find it right off with fingers. Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot callouses, without soreness or irritation.

RUPTURE IS NOT A TEAR

NO BREAK TO HEAL

Some people have a mistaken idea that rupture is a tear, Rupture is not a tear, but purely a muscular weakness in the abdominal wall. Trusses merely brace these muscles, but do not strengthen them—on the contrary the gouging of the ordinary truss pad often increases this weakness, because it tends to shut off blood circulation. STUART'S ADHESIVE PLASTAPOIDS are entirely different—being mechanical-chemical applicators—made self-adhesive purposely to keep the muscles, called "diaphragm," continuously applied to the affected parts, and to minimize danger of slipping and painful friction. The straps, pads or springs attached. Soft as velvet—easy to apply—inexpensive. Awarded Gold Medal, Home, Grand Prix, Paris; Honorable Mention, Panama Pacific Exposition, San Francisco, etc. For almost a quarter century satisfied thousands report success—without delay from work. Stacks of sworn testimonials received even from the far corners of the Earth. Proof of recovery is natural, so no subsequent use for trusses.

Stop wasting your time and money on old-fashioned truss devices. Learn how to close the hernial opening so the rupture can't come down. Send the coupon below for "FREE TEST OF PLASTAPOID" and 48-page illustrated book on rupture. This will cost you nothing! Do not send any money; just your name and address. For your own good—write today—before it may be too late!

Fine For Children!

Give them a good start in life, with happy smiles and healthy little bodies. Children need a mild corrective occasionally to regulate stomach and bowels. Dr. Edwards' Olive Tablets are a safe vegetable compound mixed with olive oil. They tone up and regulate the eliminative tract. Not a nasty cathartic or a habit-forming medicine, but a safe pleasant remedy for constipation, sour stomach, torpid liver, bad breath, and similar disorders. Dr. Edwards, a widely known family physician of Ohio, prescribed these tablets for many years in his own practice. Children from six years up are greatly helped by them and like to take them. Recognized by their olive color. Dr. Edwards' Olive Tablets overcome those irritable spells that many children are subject to. Keep their bodies in active healthy condition, skin clear and eyes bright with the light of perfect health. 35c, 50c and 60c sizes.—Advertisement.

COLISEUM PLAN NOT SHELVED

Administration Has Project in Mind, Says Slack.

The administration is still considering the \$3,000,000 coliseum project, although no active steps are being taken, Mayor L. Ert Slack said today.

The coliseum committee, headed by J. E. Krause, discontinued meetings three months ago after Slack announced he would oppose purchase of a site at this time. The committee, named under former Mayor John L. Duval, desired to purchase a location and push plans. There are indications that the city will start new plans for the project.

"We are still interested in a coliseum for Indianapolis, although we have not committed ourselves definitely on any matters. There are no meetings contemplated by the coliseum board," Slack said.

SUES RHINELANDER

Wife Will Push Separation Move.

WHITE PLAINS, N. Y., April 25.—Alice Kip Rhinelander will push her suit for freedom from her white husband, the wealthy Kip Rhinelander, in Supreme Court here on Friday.

It was disclosed today that she will apply to Supreme Court Justice Joseph Morschauser for an order permitting service on Rhinelander by publication in her suit for separation.

Rhinelander disappeared last year when attempts were made to serve papers on him and has not been seen in this county since. It was reported he has established residence at Ocean Springs, La., where he intends to sue his mulatto wife for divorce on the ground of desertion.

Asthma So Bad She Was Hopeless

Expected to Die. Got Well Quickly. No Sign of Asthma Now.

Folks whose asthma or bronchial cough seems to be getting the best of them, will be glad to know how Mrs. M. Bennett, 128 N. Noble St., Indianapolis, Ind., regained health. She writes:

"I suffered with asthma for years. Three years ago, I caught the flu, and my asthma became so bad I was hopeless. I coughed and choked so I could hardly breathe, and thought my time had come. My daughter read about Nacor, and got a bottle. I didn't see any use trying it, but I did, and improved almost at once. In all, I took 3 bottles. I recovered entirely and have never had a sign of asthma since. I am 63 years old and feeling just fine." Hundreds of other sufferers have reported their complete recovery from asthma and bronchial coughs. Their letters, telling how their trouble left and never returned, will gladly be sent free by Nacor Medicine Co., 413 State Life Bldg., Indianapolis, Ind., together with a booklet of valuable information about these diseases. No matter how serious your case, call or write for this free information. It has guided thousands back to health.—Advertisement.
