

### W. C. T. U. GIVES O. K. TO WATSON AND ROBINSON

Winkler, Dry Administrator,  
Not on Approved List  
of Organization.

George L. Winkler, federal prohibition administrator, of the Indianapolis district, approved the Republican nomination for sheriff of Marion County, is not in the list of candidates approved by the Marion County W. C. T. U. List of endorsed candidates was prepared by the Commonwealth Committee of the county unit, and announced by Mrs. C. W. Ackman, 1502 S. Alabama St.

In the Republican presidential race, Senator James E. Watson is approved, Herbert Hoover ignored. One of three candidates for Senator is given approval, Arthur R. Robinson, while Solon J. Carter and Arthur R. Gilliom are not listed.

In the sheriff's race, where the federal dry head is ignored, three men are approved: William Anderson, Orin E. Davis and Ben Harrison Thompson. Other than Winkler, five candidates are off the list. Those endorsed were:

### Stone Now Marks Lincoln Homestead

The stone at the left of the above picture in Lincoln City, Spencer County, is the only monument in Indiana to Abraham Lincoln. It is to replace this stone with a fitting monument that the Indiana Lincoln Memorial Association is conducting a campaign to raise \$126,000. The stone shown above will be the site of a reproduction of the log cabin

in which Lincoln lived in his Hoosier boyhood days. Thirty acres of the original eighty acres of the homestead are to be restored to primeval forest and a memorial building will be erected a short distance away near the grave of Nancy Hanks, Lincoln's mother. The school building at the right, cheap shacks, backyard rubbish and pig stys now cover the site of the Lincoln homestead.

For Commissioner, Second District—John Rancis, Manning.

### 'MOVING TIME' HERE

Telephone Firm Asks Aid  
for Quick Change.

"Moving time" is here. Tradition concedes the month of May as the national moving month and public utility companies of Indianapolis prepare their forces for the rush of changes demanded by customers who assume new addresses.

More than 1,000 telephones will be changed during May, according to Phil M. Watson, Indiana Bell Telephone Company division commercial superintendent.

To assure prompt removal of a telephone to its new location, Watson today urged patrons to notify the business offices at least ten days in advance.

The process requires clerical work, changes in the telephone directory, rearrangement of switchboard apparatus and many other technical details.

### Trips Suggested to Turkey Run

A pleasant week-end trip to Turkey Run is suggested by the touring department of the Hoosier Motor Club. Spring has been a little backward this year, but at this time it is far enough advanced to render an automobile trip enjoyable.

The best route to Turkey Run is as follows:

Go west on Washington St. and follow U. S. Rd. 36, via Avon, Danville, Bainbridge to Rockville; north on U. S. Rd. 41 to the intersection of State Rd. 47; thence east for a distance of two miles to west entrance to park. The distance is 72 miles.

There is pavement from Indianapolis to Danville except for a detour of 3 1/2 miles at Abner's Creek. This is only in fair condition.

From Danville on west to Rockville the road is of gravel; pavement to junction of State Rd. 47; thence over gravel road to Turkey Run State Park.

### Daily Comment

**Falls Out of Plane**

Lieutenant Lawrence Carr of Illinois was thrown from his army, two seater, pursuit plane while he was flying over Camp Stotenberg, in the Philippine Islands yesterday. As he fell his parachute opened and saved him from death.

In a similar manner a reserve fund in a savings account at The City Trust Company will act as a parachute in case of sickness or accident and save you from falling into debt.

### PET CAT DIES FROM RABIES

Owners Given Treatment  
for Protection.

First case of a rabies infected cat was reported today by Dr. Michael J. McGinty, 829 E. Washington St.

The State bacteriological laboratory has reported positive evidence of rabies in the brain of the pet, owned by Mr. and Mrs. L. J. Symons, 1201 S. Emerson Ave., Dr. McGinty announced.

Mr. and Mrs. Symons, whom it is thought might have been infected, are being given anti-rabies treatments.

The cat developed rabies symptoms several days ago, according to Mrs. Symons. Put Pat in a box in her automobile and started for Dr. McGinty's office.

On the way Pat jumped out of the box and bounced about, foaming at the mouth, Mrs. Symons said.

Mrs. Symons pulled to the curb, grabbed the cat by the neck and called to a passerby to call Dr. McGinty. Her heavy gloves and coat prevented her from being clawed. Dr. McGinty dispatched an ambulance which took the cat to his office, where it died half an hour later.

His staff will vaccinate free the cats and dogs of all persons who can not afford to pay for immunization of their pets, Dr. McGinty announced.

### Vote on Daylight Saving

City councilmen have declared they want to ascertain what public sentiment is on daylight saving before voting upon the ordinance putting it into effect in Indianapolis.

The Times is printing this ballot to give citizens opportunity to express their preference. Results will be reported to the council before next Monday night.

Mark an X in the square, sign the ballot, and mail or bring it to the Daylight Saving Poll Editor, Indianapolis Times.

### Tends Bar for 51 Years, But Never Took a Drink

But Dennis Nelligan of  
Stockyards Is Against  
Dry Law.

Dennis Nelligan has been bartender at the Stock Yards Hotel bar for fifty-one years.

And, although in all those years he never has known the taste of alcohol, "Denny" doesn't believe in prohibition.

Business is good, and all that, but the good-fellowship of the pre-dry days isn't there now.

"It's not like the old days, he said. "They was horse buyers then, lots of

them, and they'd be lined up six deep along the bar.

"This place—the yards, you know—was just started when I came. Fifty-one years ago, it was, come July. And I've been here ever since. I never thought 'twould be like it is, me handin' sodas and sundaes across this bar.

"But you know, I never drank a drop, all those days, though its many's the drink I've mixed for some fine gentlemen.

"We've got the place all painted up now. It looks fine, doesn't it. But just lookin' fine won't make the old days come back! I only wish it would!" sighed Dennis, as he saluted in farewell.

### DROP TEACHER TRAINING PLAN

Expense Cited as Reason  
for Move.

The directing-teacher training plan, in use in city schools here for the past year, will be abolished by the school board at the close of this year, according to notices given school officials. Expense was given as the reason.

Under the plan, which is a revival of the old practice-teacher plan used a few years ago, two inexperienced teachers, paid \$1,000 a year each, are given grade school classes, under guidance of an experienced teacher.

The supervising teacher is paid \$400 a year above the regular salary and has no classes of her own, dividing her time between the two inexperienced instructors.

Salaries paid the three teachers is only \$300 more than the \$2,100 maximum salary for two experienced teachers, and in addition, school officials say, provides thoroughly trained instructors.

### WIFE IS HELD IN TRAP

LOS ANGELES, Cal., April 27.—Toothpicks in the doorsill made a prisoner of Mrs. Grace L. Jackson, according to her petition for divorce from Ralph Jackson. She says her husband would place the picks before going out, but if she followed suit he would know it because the barricade of toothpicks would be broken.
