

HOOSIER GIRLS VIE AT JUDGING IN THREE LINES

State 4H Club Members
in Contests at
Purdue.

By Times Special
LAFAYETTE, Ind., May 4.—One hundred and five girls comprising thirty-five teams have been graded for judging in three classes at the annual Indiana round up of boys and girls belonging to 4H Clubs. Garments, baked products, canned meat, vegetables and fruits are the lines covered.

Seventeen teams judged garments, first place being won by Miami County, the winning team being composed of Marianna Smaltz, Reta Haynes and Louise Rester. All of Converse, Morgan County's team, Geneva Mosier, Betty Gano and Amy Shoobridge, was second. The high scoring individual was Lucille Strong, Wayne County; Josephine Weader, De Kalb County, second, and Geneva Mosier, Martinsville, third.

Henry County Wins
Henry County had the winning team among the six entered in the baking judging. Its members are Georgia Harter, Virginia Lester, and Pearl Raser, all of Mt. Summit; second, Morgan County. Dorothy Elkins, Pauline Koons and Elizabeth Guthridge. Individual honors went to Miss Raser, Anthony Hunter, Putnam County, and Miss Guthridge in the order named.

In canned meats, vegetables and fruits, first honors were won by the Wayne County team in a field of twelve. The team is composed of Mary E. Middleton, Artha Pike and Emily Langston. Second place was won by the Scott County team, Avis Maggard, Doris Lowry and Helen Chastain. Mildred Carson, Laporte, was high individual; Doris Lowry, second, and Emily Langston, third.

Healthiest Two Picked
Alice Hunt, 13, Wayne County, and George V. Collicott, 18, near Greensburg, were adjudged the healthiest girl and boy among club members, in a contest conducted by the Indiana board of health.

Frances Reed, Veedsburg, and Helen F. Kinney, Spencer, were chosen delegates to the national 4H Club camp to be held in Washington, D. C., June 20 to 26. The State meeting will close today.

Suspects With "Jimmy" Nabbed
Ora Davis, 36 Koehne St., and Frank Scrubbs, 16 N. Bloomington St., were arrested at 2 a. m. today while parked near the Emerichville bridge in an automobile without tail light and improper license, according to police. A "Jimmy" was found in the machine, it is alleged. Both were booked on vagrancy charges.

Warning Signs Placed at Swimming Holes; Pools to Be Opened Early

Left to right, placing danger signs: Ed Kuhn, city recreation department; Harry M. Franklin, director Indianapolis safety council; Ross L. Williams, park board employee, and members of the water activities committee of the safety council; Arthur Wolf, State Auto Insurance Company; Harry E. Yockey, attorney, and Mrs. David R. Ross of the Girl Scouts.

Park Board, Safety Council Seek to Prevent Accidents.

The group representing the park board and the water activities committee of the Indianapolis safety council is placing warning signs at every dangerous swimming hole in the city where a drowning occurred last year.

Placing of the signs is part of the accident prevention program of the safety council.

The park board, board of safety and the police department are co-operating with the safety council to prevent the recurrence of the sixteen deaths from drowning last year.

It has been arranged to have the authorized bathing pools opened this year as soon as the weather permits, as two drownings occurred last year previous to the opening of the pools.

Due to the insanitary and deep, treacherous, conditions of Fall and Eagle Creeks and White River, swimming in any parts of them unless under supervision of a competent instructor is absolutely forbidden and a rigid patrol of these streams will be made during the entire season by the police department to prevent their use for swimming. The municipal pools where competent life guards and instructors

are provided, are located so that any one desiring to swim can do so safely.

These pools are located at the following places: Warfleigh Beach, north of Broad Ripple and west of

College Ave.; McClure Beach, Twenty-Sixth St. and White River; Rhodius pool, Belmont Ave. and Ray St.; Willard pool, State and E. Washington Sts.; Ringgold pool, 1309 block on Ringgold St., and Douglas pool (colored), Twenty-Fifth and Martindale.

BORAH'S FUND UP TO G. O. P.

Question to Be Taken Before National Convention.

By United Press
WASHINGTON, May 4.—Senator Borah intends to let the Republican national convention at Kansas City decide what shall be done with the \$7,000-odd which he collected in an effort to repay Harry F. Sinclair's \$160,000 donation toward the Republican national committee deficit of 1920, Borah told the United Press today.

He said he had rejected, upon reflection, the proposal that he give the money to Pennsylvania miners' relief fund.

The money now is on deposit in a Washington bank in Borah's name.

The Senator set out to raise \$100,000 soon after the Senate Teapot Dome committee had developed the fact that Sinclair, who leased Teapot Dome from former Secretary of Interior Fall, had given that sum in Continental Trading Company Liberty Bonds to Will Hays, former chairman of the Republican national committee.

The donations came in slowly, however, and after a few weeks stopped entirely. The largest contributions were of \$1,000 each from Senators Cutting of New Mexico, and Goff of West Virginia.

Head Chosen for Hospital

By Times Special
LOGANSPORT, Ind., May 4.—Dr. O. R. Lynch, now superintendent of the Federal Hospital, Northport, L. I., will become head of Longcliff, northern Indiana Hospital for the Insane, May 15, succeeding the late Dr. Samuel Dadds. Dr. Lynch was formerly of Peru.

URGES HIGHER CODE OF ETHICS FOR REALTORS

National President Says Better
Service Should Be Given.

Programs of education and research for members were advocated by President Henry G. Zander, Chicago, of the National Association of Real Estate Boards, at the Indianapolis Real Estate Board luncheon Thursday.

"The educational campaign of the national association is one of the most important projects," Zander declared. "What we want to do is to sell the word realtor, which stands with the code of ethics adopted in national convention. Get behind this research work and educational courses and give your clients the best service."

"If a realtor wants to give real service he will combine some of the qualifications of a banker, some of the knowledge of an attorney in giving legal advice and some of the knowledge of a construction engineer. Combine in yourselves some of the qualities of the leading businesses in the United States."
