

PACIFIC AIRMEN PLAN TO EXTEND HOP AROUND WORLD

MAP VISIT TO CONTINENT AND BACK OVER SEA

Crew of Southern Cross to Reveal Details in Australia.

POISED FOR HOP TODAY

Takeoff on Last Leg of Span to Isle Delayed by Fueling Ship.

By H. R. EKINS

HONOLULU, June 7.—The present flight of the airplane Southern Cross, from the United States to Australia, may be merely the first part of an around the world flight.

Before leaving the Hawaiian Islands Capt. Charles Kingsford-Smith, chief pilot of the Southern Cross, revealed tentative plans for a continuation of his present flight back to the United States.

It is expected here that the formal plans will be announced when the Southern Cross arrives in Australia. The United Press has learned that Kingsford-Smith plans the following route in circumnavigating the globe:

Australia to the Dutch East Indies; thence to Calcutta, Karachi, Persia and thence to England. The Southern Cross would make a tour of Europe and then go to Seville, Spain.

From Spain the plane would be flown to Senegal, Africa, and thence across the South Atlantic to Pernambuco, Brazil. From there the flight would be to Rio de Janeiro and thence down to Buenos Aires.

From Buenos Aires the trail leads across the Andes and up the west coast of South America to Central America, following the same route used by the French airmen, Costes and Le Brix. The tentative route calls for a flight from Central America to Mexico City, and through interior Mexico to the United States.

Thus far Kingsford-Smith has not outlined where the around-the-world flight would terminate in the United States, although it is possible he might desire to return to Oakland, Cal., from which point he started on the present flight to Australia.

Plan Takeoff Tonight

SUVA, Fiji Islands, June 8 (Friday).—Delayed overnight by the tedious task of fueling its gasoline tanks, the monoplane Southern Cross waited on the sands of Nasesel Beach today ready to depart for Brisbane, Australia.

Capt. Charles Kingsford-Smith and the three members of his crew indicated they would attempt to get away between 3 p. m. and 4 p. m. today (7 p. m. and 8 p. m., Thursday, Pacific coast standard time.)

A great crowd was gathered at the beach to watch the departure, and Captain Kingsford-Smith and his companions were keenly disappointed at the delay.

Difficulties have been encountered in fueling the craft, which has been flown to the sands of Nasesel Beach, where there is a long runway.

The government tender had difficulty in carrying fuel through the shallow water leading up to the beach and although Captain Kingsford-Smith had intended leaving at 3 p. m., he could not get his machine fueled before dark.

Ulm, Kingsford-Smith and the two American members of the crew, Capt. Harry Lyon and James Warner, all are at the beach with the plane.

Cute in a Baby-Awful at Three—and it's Dangerous

by Ruth Brittain

Thumb sucking does look sweet in a baby, but it is disgusting in the three-year-old and sometimes it hangs on until fifteen or sixteen! The habit may cause an ill-formed mouth, or induce adenoids; and it always interferes with digestion. Pinning the sleeve over the hand, attaching mittens, or putting on cardboard cuffs, which prevent bending the arms at the elbows, are some of the ways to stop the habit.

Another bad habit—irregularity in bowel action—is responsible for weak bowels and constipation in babies. Give the tiny bowels an opportunity to act at regular periods each day. If they don't act at first, a little Fletcher's Castoria will soon regulate them. Every mother should keep a bottle of it handy to use in case of colic, cholera, diarrhea, gas on stomach and bowels, constipation, loss of sleep, or when baby is cross and feverish. Its gentle influence over baby's system enables him to get full nourishment from his food, helps him gain, strengthens his bowels.

Castoria is purely vegetable and harmless—the recipe is on the wrapper. Physicians have prescribed it for over 30 years. With each package, you get a valuable book on Motherhood. Look for Chas. H. Fletcher's signature on the wrapper so you'll get the genuine.—Advertisement.

STEWART CASE REOPENS TODAY

Hear Closing Arguments on Contempt Charges.

By United Press

WASHINGTON, June 7.—The Government planned to reopen its Senate contempt case against Robert W. Stewart today to produce evidence that a quorum of eight Senators attended the Teapot Dome committee session last February, at which the Indiana Standard Oil chairman refused to answer questions.

Ingram Mack, committee clerk, was to clear up this point, which brought on a three-hour argument before Justice Siders Wednesday when the defense lawyers asserted that the committee's meeting was not legal because only three members were present. The Senate rules require one-third of the committee—five Senators in this case—to constitute a quorum.

Stewart and other defense witnesses have testified that only three were present when he refused to answer.

Closing arguments may be completed today, but it is likely that Justice Siders' charge to the jury and the verdict may not come until Friday or Monday.

PLANS MAPPED BY DEMOCRATS FOR CAMPAIGN

Eleven State Nominees in Meeting to Outline Drive on G. O. P.

Preparations for the battle with the Republicans in November were started today at a meeting of the eleven candidates selected Wednesday at the Democratic State convention.

The candidates met with State Chairman R. Earl Peters in headquarters in the Claypool. The meeting was closed. Peters said they apportioned territory in which each would be responsible for organization and discussed financial problems.

Statement Issued

The candidates adopted and issued this statement:

"Without a trace of dissension following one of the greatest conventions in Indiana's history, the Democratic party is ready to move forward with unbroken lines and a common purpose. Vigorous but friendly contests in which all aspirants were worthy of the confidence of the people resulted in the nomination of a ticket of which every Democrat may well be proud. We begin the fight for Indiana's redemption without a discordant note and with confidence that Indiana voters, without regard to party lines, will support the cause we represent."

Heading the list was Frank C. Dailey, Indianapolis attorney and prosecutor of graft, who as the nominee for Governor will oppose Harry Leslie of Lafayette, the Republican choice, in the fall election.

Drake Is Running Mate

The other Democratic nominees chosen in the convention, which closed at Cadle Tabernacle Wednesday night, were:

Lieutenant Governor—Addison Drake of Fairbanks, Second district. Secretary of State—Arthur J. Hamrick of Greencastle, Fifth district.

Auditor of State—Dr. George W. Swiebert of East Chicago, Tenth district.

Treasurer of State—Jap Jones of Martinsville, Second district.

Superintendent of Public Instruction—John A. Linebarger of Rockville, First district.

Attorney General—Curtis Shake of Vincennes, Second district.

Reporter of Supreme and Appellate Courts—Mrs. May Hack of Shelbyville, Sixth district.

Judge of Supreme Court (Second District)—Thomas H. Brannaman, Fourth district.

Judge of Appellate Court (First Division)—William D. Cull of Petersburg.

Judge of Appellate Court (Second Division)—Glenn J. Gifford of Tippecanoe.

878 Votes for Dailey

Dailey claims to 800 delegates of the 1,185 in the convention were more than fulfilled.

On the first ballot, Marion County gave him 99 of its 105 votes. He passed the 593 required for nomination when Monroe County gave him all of its 12 votes.

The totals were: Dailey, 878; John E. Fredrick of Kokomo, 275; George R. Dale of Muncie, 10, and Earl Crawford of Milton, 22. Carl Cue of Frankfort, Fredrick backer, moved the nomination be made unanimous. Crawford gave his second and the motion was carried with a resounding "Aye" which became an ovation for the nominee. In a brief speech, Dailey expressed his thanks for the honor of leading "the crusade against existing conditions in Indiana."

Drake on Third Ballot

Drake's nomination for Lieutenant Governor was accomplished on the third ballot. Robert Batton of Marion withdrew after the indecisive second. The final third ballot count was: Drake, 661; Crawford, 55; Robert Hougham of Franklin, 145; Fred L. Peick of Garrett, 305, and Lew O'Bannon of Corydon, 14.

One ballot decided the nomination for secretary of State when Perry Rule of Brimhurst, who, with Hamrick and Herman J. Weikne of South Bend, had been placed in nomination, withdrew before the roll call began. Hamrick received 749 votes to 436 for Weikne.

Two ballots were necessary to decide the nomination for State auditor, giving Swiebert 762, Boehne 401, and Ferguson 22.

Three by Acclamation

Three nominations were by acclamation. Jones was unopposed for State treasurer as was Linebarger for State superintendent of public instruction. Brannaman was unopposed for the Supreme Court nomination when Joseph Shea of Seymour, failed to enter the contest.

Shake became the nominee for Attorney General before the first ballot was completed.

Mrs. Hack's nomination for recorder of the Supreme and Appellate Courts gave her the honor of being the first woman ever placed on the Democratic State ticket.

The first ballot decided the nomination for judge of Appellate Court, First division. Cull received 721 votes and "Warren W. Martin of Boonville, 464.

The first ballot failed to settle the nomination for judge of the Appellate Court, Second division. The second ballot showed such a swing to Gifford that A. C. Wood of Angola, moved Gifford's nomination by acclamation. The other candidates were Samuel E. Cook of Huntington, and John Marshall of Kokomo.

Stage Star on Honeymoon; Married to Writer in Secret Ceremony.

By United Press

Judge Lynch has not signed the final decree and is waiting for presentation of the evidence script, it was said.

Miss Hopkins was reported spending a honeymoon with Austin Parker, writer. It was said the two had sailed from New York on the steamer De Grasse.

Miss Hopkins brought suit for divorce from Peters charging cruelty. Milton Smith, her counsel, expressed surprise over the reported marriage.

Miss Hopkins, who is one of the best known actresses in America, married Parker in Newark, N. J., Saturday, evidently believing the decree had been granted, but the wedding was kept secret until two days ago.

More Numerous Fines

Because of the remoteness from Washington of the summer White House and because of the President's program calling for continued business activity throughout his vacation, numerous fines, official records, and office paraphernalia will be carried to Wisconsin by the clerical personnel accompanying him.

Several crates of office papers already have been shipped to his business offices to be established at Superior.

The President's personal secretary, Everett Sanders, who leaves Saturday for the Republican convention at Kansas City, will join the official party after it is accommodated in its new quarters.

Col. E. W. Starling of the White House secret service staff is in Superior now arranging the exacting details governing the arrival and installation of the President and his entourage.

Declines Lake Voyage

An invitation for the President to include in his itinerary a Great Lakes voyage from Buffalo to Duluth as the guest of the Great Lakes Carriers' Association, was declined by the White House.

Present plans, which still are tentative, however, call for a travel in a special train of twelve steel cars to Superior, where motor cars will be provided for the thirty-five-mile journey to Cedar Island lodge.

No stops other than those essential to train operation will be made en route to Superior.

11,000 PORTERS STRIKE FRIDAY

Pullman Union Demands More Pay, Less Hours.

By United Press

NEW YORK, June 7.—Eleven thousand Pullman porters, in revolt against the tipping system, will strike at noon Friday for an increase in wages from \$72.50 a month to \$150.

They also will seek recognition from the railroads for the Brotherhood of Pullman Porters. The nationwide walkout will have the endorsement and cooperation of the American Federation of Labor, although the Porters' Union is not affiliated with the federation.

The working hours for porters now total 400 hours a month, and a demand for a 240-hour month is among the provisions of the strike ultimatum handed to the railroads.

A recommendation by Edwin P. Morrow, member of the United States Board of Mediation, that the porters arbitrate the dispute was rejected by the Brotherhood.

The porters pointed out that their tips do not average more than \$58 a month and that \$33 of that must be spent on materials, equipment and expenses in transit.
