WHY?

Because . . .

Today is different from yesterday—huge consolidations in the motor world—the concentration of buying power everywhere in business—the cutting of profits to get big volume—all these point to a new era of business. Leading the way the Kirk Company takes the first step—rearranging our entire stock—drastically reducing our prices to inaugurate a new order of things.

NEW TIMES Demand NEW METHODS

Today it is necessary to buy in train loads to get the lowest price. As members of a nation-wide syndicate our buying power is excelled by NO store. Every price in this advertisement, and thousands of other articles we could not crowd into this page, are convincing evidence of the fact that we lead in values. We are indeed upsetting all precedents in the furniture business!

And a New
Payment
Plan
CREDIT, too, is different and more liberal—with no extra charges of any kind.
