

HOOVER FORCES TO ASK COOLIDGE TO MAKE SPEECHES

PLAN INVASION OF DEMOCRATS' STRONG STATES

Secretary to Wage 'Silent' Campaign During Next Month.

TUNE UP BAND WAGON

Old-Time Bally Hoo With New Methods Will Be Used.

BY JOSEPH S. WASNEY
United Press Staff Correspondent
WASHINGTON, June 23.—President Coolidge will be asked to make at least four speeches to aid the Hoover-Curtis presidential campaign.

Leaders of the Republican organization today said the President would be urged to make several addresses in the East and Middle West, in sections where Democrats have great strength.

The Republican committee has decided that the most strenuous campaign is needed in the East, where Governor Alfred E. Smith, anticipated Democratic presidential nominee is most widely known.

Hoover to Be "Silent"

The President, therefore, probably will be asked to make his most important address in New York State.

Meantime Herbert Hoover has decided temporarily to conduct a "silent campaign."

He will not appear in public or talk politics for publication for at least a month. Hoover has deemed it advisable to let his campaign managers conduct the ballyhoo and cheering. The nominee will direct all activities, however, quietly from the background.

The Hoover-Curtis campaign officially was opened three days ago with selection of Secretary of Interior Hubert Work as chairman of the Republican national committee their band-wagon just is getting tuned up, according to Work.

Plan Big Campaign

Plans call for placarding the country with Hoover-Curtis pictures, buttonholing every voter with Hoover buttons and stamping the United States from coast to coast.

Old-fashioned Republican pub-licum, mixed with modern political devices, will be used in the combination. Radio will be the backbone of the campaign, and even sky-writing will be used.

All major details of organization have been completed with the exception of naming eastern and western division managers. James W. Good, Iowa, Hoover pre-conviction manager, will confer with Hoover today on the western management.

Hoover to Work West

Several eastern Republicans are mentioned for the Atlantic man-agership. Representative Tilson (Rep.) Connieton, who was defeated for the Vice President nomination, and Daniel E. Pomeroy, New Jersey, vice chairman of the Republican committee, are mentioned for this task.

Hoover is beginning to show evidence of the strain of interviewing the hundreds of politicians, who have called on him since he received the nomination. He smiles bravely and cheerfully, but nervously chews a cigar and mops his brow frequently.

The value of property insured in London against fire exceeds \$10,000,000.

Private motor cars supplied for use in Great Britain last year numbered 778,056, more than double the figure for 1923.

BANK BOOK BACKING

There is nothing like the backing afforded by a com-fortable balance on a sav-ings account. Lay down a plan to deposit regularly with this Strong Company—the Oldest in Indiana—and add the backing of such an account to your own efforts to progress.

CORDELL HULL LOOMS AS AL'S RUNNING MATE

Appears as Smith's Chief Rival in Early Voting at Convention.

BY RAY TUCKER

HOUSTON, June 23.—Claims that Al Smith now has 662 assured delegates and reserve strength of 151 were made today by his managers or eighty more than necessary here.

These figures were given out following a meeting of the Smith board of strategy, consisting of George R. van Namee, National Committeeman, Norman F. Mack of New York; George W. Olvany, Tammany head, and Representatives of numerous western and southern States.

As Smith and anti-Smith forces made their plans, it seemed that Smith's chief rival would be Representative Cordell Hull of Tennessee, with almost 200 delegates from southern States.

Favorable to Smith

Hull's growing strength is a development favorable rather than adverse to Smith. He has exhibited a desire for harmony, has indicated he would be strong for the New Yorker on a platform that stressed certain Democratic principles which he has

said to have strength in Indiana.

The outcome probably will be a Smith-Hull slate. Hull's candidacy appeals to Democratic leaders because it is believed he might give the party a better chance to carry his home state and the adjoining border state of Kentucky. Hull is also said to have strength in Indiana.

These estimates, of course, are predicated on the hope that Smith's restatement of his wet views will not send the dove of peace flying out the window.

How Votes Line Up

Delegates pledged to Smith in primaries and conventions follow: Louisiana, 20; Idaho, 8; New Hampshire, 8; Minnesota, 24; North Dakota, 10; Michigan, 30; New York, 90; Wisconsin, 26; Maine, 12; Illinois, 38; Washington, 14; Iowa, 26; Rhode Island, 10; Massachusetts, 36; Pennsylvania, 68; Hawaii, 4; California, 26; Connecticut, 14; Maryland, 16; Delaware, 6; Nevada, 6; Wyoming, 6; New Jersey, 6; Vermont, 8; Montana, 8; Oregon, 10; New Mexico, 6; South Dakota, 10; West Virginia, 16; Kentucky, 26; Alaska, 6; District of Columbia, 6; Philippines, 6; Porto Rico, 4; Virgin Islands, 2; Canal Zone, 6.

The 5th people count on the following delegates as reserves: Ohio, Pomeroy, 48; Indiana, Woolen, 30; Arkansas, 18; Virginia, 20; North Carolina, 7; Arizona, 8; Oklahoma, 20.

Hull is expected to get 180 or 200 votes from Tennessee, North Carolina, South Carolina, Alabama, Florida, Mississippi and probably Oklahoma on the first ballot.

Hold him up and stepped from the train with his loot.

Caruthers sounded the alarm by firing three shots.

Engineers have dumped thousands of tons of earth into the San-Jacinto volcano in the hope of permanently extinguishing the burning sulphur bed.

A Brighton (England) bookseller named Brewer invented the envelope in 1830; while Edwin Hill, brother of Sir Rowland Hill, invented the first envelope-making machine.

ROB'S EXPRESS CAR; HOPS OFF

Bandit Hidden on Train Gets \$1,500 in Loot.

By United Press

BLISSFIELD, Mich., June 23.—Posse Friday spread over this section today in search of the bandit who late Friday night robbed New York Central train No. 14 en route

to Buffalo of loot estimated at about \$1,500.

The bandit, after robbing the American Railway Express messenger, stepped out into the rain here shortly before midnight and no clew has been found to trace him.

Deputy Sheriff H. J. Fritz said today that the slight description of the robber furnished by Robert Caruthers, express messenger, was of little aid. He was no more than 23 years old. Caruthers said.

It was believed that the bandit entered the express car at Adrian and concealed himself until the train started.

Then, according to Caruthers, the bandit slipped from his hiding place,

FIRST DEGREE MURDER INDICTMENT RETURNED BY JURY AGAINST SKEEN

New True Bill Provides Greater Penalty in Jarboe Death.

Carl Skeen, 22, butcher, Friday, was reindicted by the county grand jury on a first degree murder charge for the death of Mrs. Pearl Jarboe, 24, waitress, 614 E. North St., June 13.

Skeen was arrested in Denver Tuesday night and indicted Wednesday on a day of manslaughter charge.

Manslaughter carries only a prison sentence. Death or life imprisonment is the punishment for first degree murder.

The new indictment charges that Skeen "purposely and with premeditated malice killed Pearl Jarboe by striking and pushing her from a motor vehicle."

The indictment was returned soon after Thomas C. Whallon, attorney for Skeen, dropped a motion before Criminal Judge Pro Tem Frank A. Symmes to prohibit the prosecutor or police from interviewing Skeen when he is brought here from Denver. The motion still is before the court, but no action was taken on it.

Detective Patrick Finneran is ex-pected back with him Sunday.

The motion was dropped when the prosecutor declared it was not his custom to grill prisoners and he had no intention of trying to wring a confession from Skeen.

Skeen has admitted to Denver newspaper men that he drove the car from which Mrs. Jarboe made her death plunge, June 13, receiving a fractured skull from which she died the following day.

Efforts for speedy justice in the Jarboe death case are going forward rapidly at the courthouse. Remy said he will seek a trial at the earliest possible date.

TEXAS HOOSIERS PLAN WELCOME FOR DELEGATES

Indiana Party Will Be Given 'Big Time' During Houston Stay.

By Times Special
HOUSTON, Texas, June 23.—Houston former Hoosiers made arrangements Monday night to give the seventy-five Indiana delegates and visitors to arrive here on the "Woolen special" Monday morning, a welcome warmer than the weather. Out of the meeting grew a permanent organization to be known as "Houston Hoosiers."

Plans include a dinner at the historic San Jacinto battlefield Monday evening at which Claude G. Thomas R. Marshall and C. A. Bowers, convention keynote, Mrs. Greathouse are to be guests of honor.

The Houstonians have formed a committee which is to meet the Indiana special at a way station twenty miles from Houston, distribute Indiana badges and ribbons, and make the Hoosiers feel at home before they get in.

200 Hoosiers in Houston
At the station here a fleet of automobiles owned by former Hoosiers, will be waiting, which will take the guests to their hotels.

In the afternoon a drive around the San Jacinto battlefield. The hospitality is to be kept up all week.

The local arrangements committee is headed by J. H. Cornell, formerly of Terre Haute. Among the prominent Houstonians from Indiana are E. E. Oberholzer, Houston superintendent of schools, from Clay City; H. R. Sanford, executive vice president of the Missouri-Pacific Railway lines in Texas and a graduate of Purdue University; J. M. Rockwell, formerly of Greencastle and now a banker; J. H. Kirby, owner of sixty-two lumber yards in Texas, and others.

The committee estimated there are 200 former Hoosiers here. Among those who helped to organize the Hoosier welcome are Mr. and Mrs. Albert Strouse, W. D. Swinehart, Jesse Tucker, H. O. Critchfield, Paul S. Duenweg, H. N. Lukens, all of Terre Haute; Clarence Orman, Coal City; Mrs. Fay Satterfield, Mr. and Mrs. C. J. Giezendanner, C. H. Sherman, all of Indianapolis; Mrs. G. S. Warner, Mt. Vernon; C. F. Diltz, Anderson, and many others.

J. H. Shively, brother of former Senator Shively of Indiana, will entertain Mrs. Marshall while here. The delegates will be quartered in the Rice Hotel and Sam Houston Hotel, and the Hoosier visitors in the dormitories of Rice Institute.

Greathouse Busy
C. A. Greathouse, national committee and secretary of the national committee; Lew G. Ellingham of Ft. Wayne; Earl Peters, State chairman, and Marshall Williams, secretary of the State committee, arrived Friday night.

Greathouse plunged today into the work of distributing tickets to the delegates and alternates, which devolves on him as secretary. The Indiana leaders conferred Friday night.

Peters said that the Indiana delegation would caucus Monday night at the Lamar Hotel. He announced plans to give a dinner there which would interfere with those of the Houstonians.

W. H. O'Brien of Lawrenceburg

will be chairman of the delegation, and Ellingham probably will be its representative on the important resolutions committee.
