

TWO CITY MEN ON PROGRAM OF WORLD LEADERS

Gurley and Woollen Will
Speak at National
Institute.

Two Hoosiers have prominent places on the program of the Institute of Public Affairs of the University of Virginia, Aug. 6 to 18. Dean Charles G. Maphis, director, announced at University, Va., today.

Eoyd Gurley, editor of The Indianapolis Times, will speak on "The Newspaper vs. Political Corruption," Monday night, Aug. 13. The invitation to make the address was based upon The Times having won the 1928 Pulitzer prize.

Woollen in Debate

Wednesday night, Aug. 15, Evans Woollen, president of the Fletcher Savings and Trust Company, will take the Democratic side in a debate on the farm problem. The Republican viewpoint is to be presented by Congressman L. J. Dickinson of Iowa.

The institute each year is a notable gathering of authorities on public affairs. Roundtable discussions are held each morning. The night sessions are public and because of the prominence of the speakers ordinarily attract attention throughout the nation.

Both Alfred E. Smith and Herbert Hoover have been invited. Hoover must be elsewhere and Senator Charles Curtis, Republican vice presidential candidate may speak in his stead. Smith has indicated he hopes to attend.

Italian to Attend

Among other important persons on the program are: Governor Harry Flood Byrd of Virginia, Count Carlo Sforza, member of the Italian senate; Prof. William E. Dodd of the University of Chicago; Richard Washburn Child; Congressman Finis J. Garrett and Mrs. Nellie T. Ross, former Governor of Wyoming.

PAY FOR FARM LABOR IS BELOW 1927 SCALE

National Survey Shows Decrease
Toward Pre-War Average.

WASHINGTON, July 16.—Wages of all classes of farm labor are below wages a year ago, the index of the general level of farm wages on July 1 this year being placed at 170 per cent of the pre-war level as compared with 172 per cent in July last year by the Bureau of Agricultural Economics, United States Department of Agriculture.

The lower level of farm wages, says the bureau probably is due to large supply of farm labor available this year. Supply expressed as per cent of demand is 105 for July 1 as compared with 100 a year ago.

The larger supply in turn, the bureau adds, probably is explained by the much lower volume of industrial employment prevailing during the first six months of 1928, releasing more labor for farms.

ENDS HUNGER STRIKE FOR PET, DOG RETURNS

Boy's Canine Pal Comes Back After
He Takes Food.

DECATUR, Ill., July 16.—Oliver Tibbs, 2, son of Mrs. M. E. Tibbs of this city, who carried on a grief-stricken hunger strike for two weeks when his pet bull terrier, "Buster" disappeared, is eating again and happy.

The dog was returned to the boy after the latter lost ten pounds from his refusing to eat.

Oliver and "Buster" are the same age, and great chums. The dog disappeared and Oliver, grief-stricken, refused to eat. For two weeks physicians were unable to entice Oliver to take food.

The baby's grandfather coaxed him into taking several spoonfuls of food with the promise that the dog would return on the next day. Strangely enough "Buster" put in his appearance in time to make good the promise.

Seven artists will arrange the display.

ST. PETERSBURG, Fla., July 16.—Royalty apparently is unpopular here.

And a Negro who styled herself "Queen of the African Gold Coast" was held at the local jail.

Doggy Headgear

Officer Ed Rouls

Indianapolis motorcycle cops with their doggy crushed caps are not trying to emulate the chorus boys from "The Student Prince," of "The Chocolate Soldier." They're just keeping their heads cool and covered.

The old style stiff top cap blew off whenever the boys started after a speeder. The wind roars right past the new style.

SEEKS FREEDOM AFTER WIFE'S SPITE CHARGE

Habeas Corpus Writ Sought by Man
Accused of Bank Robbery.

Arthur L. Young, 43, of 365 W. Thirty-Second St., arrested in connection with a Tennessie bank robbery ten years ago because his wife became enraged and complained to police, today sought his freedom on a writ of habeas corpus in Superior Court.

Superior Judge Linn D. Hay set Monday at 9 o'clock for the hearing. Attorney T. Ernest Maholm brought the suit.

Young is held on a technical charge of vagrancy pending investigation by police of the alleged bank robbery. He denied participating in the robbery, although his wife told police that before their marriage Young told her his share in the job was \$2,800.

After calling police Friday night as a result of a family quarrel, Mrs. Young is said to have threatened "to tell all I know." She was questioned privately by officers, and later the arrest was made.

PEACE TREATY GETS APPROVAL

Germany, France, Italy to
Sign U. S. Draft.

WASHINGTON, July 16.—Four countries, the United States, Germany, France and Italy, are now in agreement as to the form of the renunciation of war treaty which they are willing to sign. Ten other interested governments and perhaps several more which have not taken part in the negotiations, are expected to fall into line this week.

Notes from Paris and Rome, published here today, declared the French and Italian governments could find no fault with Secretary of State Kellogg's draft and therefore are ready to affix their signatures to the document. Germany, first of the governments to reply to the American note of June 23, last week took the same view.

The French note said Paris was pleased by the change Kellogg had made in the preamble of the draft. It follows from this, the note asserted, "that the opposed treaty indeed aims at the perpetuation of the Pacific and friendly relations under the contractual conditions in which they are today established between the interested nations."

As changed, the preamble provides that a treaty-breaking state should be denied the benefits of the treaty.

MEXICO IS U. S. DIVORCE MECCA

New Record Expected for
American Couples.

MEXICO CITY, July 16.—Between two and three hundred American couples are divorced annually in Mexico, according to government statistics. Figures for 1926 show that 217 American men and 216 American women obtained separations. With the opening of a new "divorce center" in Cuernavaca, Morelos, it is believed the 1926 figures probably

has been exceeded during the last two years.

The total number of divorces in the republic in 1926 was 977. Most of these were granted in the Federal district, comprising Mexico City and a dozen suburbs with a population of more than a million. The State of Yucatan was second with about the same number.

Judge Carlos B. Mejia of the first district court in Cuernavaca told the United Press that in May this year he had granted approximately ninety divorces since assuming office last September. About one-third of these had been to foreigners.

Almost one-half of the Mexican divorces of 1926 are described as "voluntary" and the remainder as "necessary." Divided as to religion, there were 466 Catholic men and 464 Catholic women; 106 Protestant men and 96 Protestant women.
