

# SMITH WILL MEET RITCHIE TO DISCUSS WET POLICY

## BELIEF HELD AL WILL WORK OUT DRY LAW STAND

Prohibition Paragraphs in Acceptance Speech May Be Outlined.

## GOVERNOR WILL REST

Starts Saturday to Spend Several Days in Quiet With Family.

By Percy Scott, United Press Staff Correspondent  
ALBANY, N. Y., July 27.—What is generally regarded by political observers here as one of the most important conferences of Democratic leaders thus far held in this campaign will get under way in New York City tonight, when Governor Alfred E. Smith, Democratic presidential candidate, and Governor Albert Ritchie of Maryland meet.

While the candidate has said there is no special significance to be attached to tonight's conference, there is a strong impression here that the chief topic of conversation will be Smith's pronouncement on prohibition in his acceptance speech.

Stand May Be Decided  
The two men are, perhaps, the strongest advocates of a change in the present prohibition system. Both have pronounced ideas on the subject and each has declared for a plan whereby the individual State should be given the right to set up a standard for alcoholic content of beverages.

It is not at all improbable that the two will discuss that thought in detail and out of it may grow the paragraphs of Smith's speech on that subject.

## CRIPPLE RECOVERS BODY

Seymour Man With Broken Back Enters Water for One-Armed Victim.

By Times Special  
SEYMOUR, Ind., July 27.—George Riley, who suffered a broken back while serving on a submarine during the World War, recovered the body of Raymond Ashabanner, one-armed man, from Muscatatuck creek.

Drowning followed Ashabanner's attempt to swim the creek in placing a fishing line. Ashabanner lost his right arm at the shoulder six years ago following an accidental shooting during a charivari.

## BAND TO GIVE CONCERT

Beech Grove Civic League Is Sponsor of Sunday Program.

A band concert will be held Sunday by the Beech Grove Christian Church orchestra in the Sarah Bolton Memorial park on S. Thirtieth St. in Beech Grove under the sponsorship of the Beech Grove Civic League. E. Ibeling, league president, will be in charge. The concerts will be held every other Sunday in the park until fall when the concerts will move to the new town hall.

## Sheriff Uses Plane

The old days of "shooting it out" on horseback are passe. The sheriff rides in a plane nowadays. At any rate, Sheriff Elmer R. Chamness of Winfield, Kas., does. The sheriff's plane carries a machine gun. Left to right in the picture are Deputy C. G. Buton, gunner; Deputy E. T. Haynes, pilot, and Sheriff Chamness, commander.

## PARDONS ARE DENIED

Prison Trustees Rule Convicts Must Serve Terms.

By Times Special  
MICHIGAN CITY, Ind., July 27.—The days when young men can strap on a gun, steal an automobile, go out on the roads and shoot and rob motorists and pedestrians and expect to get out of prison on pardon or parole in a few months are numbered, it was indicated here today.

Taking the occasion to remark that "young men who are terrorizing the country now must be kept in a safe place and made to pay the full penalty of their crimes," trustees of Indiana State Prison, sitting as a pardon board in the July meeting at the prison here, denied sixty-seven of sixty-nine appeals for clemency.

The board was equally "hard-boiled" about plain murder, turning down pleas after pleas on the score that "a life sentence must mean a life sentence."

Although a delegation of citizens urged release of James Walker, known in the prison as "Doctor Jimmy," because of his work as assistant to the surgeon, the board refused to lighten his life sentence for the murder of two policemen in Alexandria, Ind., in 1911.

## BOY SCALDS BOY, 10

Camp Fire Kettle Tipped Over While Group Is Boiling Eggs.

Clyde Patterson, 10, of 1051 W. Michigan St., is in city hospital today with a scalded left leg, caused when a pot of water tipped over while the boy and some companions were boiling eggs in the back yard of the Patterson home. His condition was reported as not serious.

Asbestos is the only mineral that can be woven into fire-proof garments and moulded into instruments impervious to flame.

## STORY TOLD BY PRISONER STIRS JAIL QUIZ PLEA

U. S. Commissioner Kern Raps Methods of Providing Attorneys.

Criticism of methods of providing prisoners in city prison with attorneys was voiced by United States Commissioner John W. Kern Thursday afternoon at a hearing for four youths held on white slave violation charges.

The youths, Gus Marino, 19; Charles Friscia, 17; Frank Catanzaro, 20, and Joseph Friscia, 18, all of New York, are charged with transporting Alma Fansler, 19, St. Louis, from that city to Indianapolis, with New York as their destination.

Marino asked Kern for permission to send telegrams to parents of the four, explaining he had given addresses to a lawyer at city prison, but the lawyer told him the addresses were incorrect.

The lawyer said he discovered that the correct address was in Brooklyn, although the defendants had told him 1-2 New York.

Offers to Arrange Bond  
Under Kern's questioning, Marino testified that about an hour after they had been locked up in city prison Tuesday they were visited by a man who suggested he would get "a good Jewish lawyer for them" who would charge only a few dollars.

A few minutes later, Marino said, Attorney Harry Rodman visited them and introduced himself as the attorney they had sent for. Rodman is not Jewish.

"He asked us how much money we had," Marino told Kern, "and when we said \$10 between us, he said his fee would be \$10."

"He said he would get us out on bond for \$100 each, but finally said he would do it for \$25 each. We gave him addresses of our parents to wire them for money. Next day he said the telegraph company told him they couldn't find the addresses."

After being transferred to the Marion County jail, Kern was told the youths were told by another prisoner to get another lawyer, and on the prisoner's suggestion, Miss Jessie Levy was called and asked to send telegrams.

Rodman Denies Story  
"There should be an investigation of the whole affair," Kern said. The boys and the girl were held under \$1,500 bond each.

Rodman today explained he was

## First Picture of Wrecked Plane

First picture of the wrecked plane, Greater Rockford, shown in a cornfield five miles from Rockford, Ill., following the unavoidable plunge Thursday, which pilot Bert Hassell and navigator Parker Cramer blamed on excessive weight and loggy air conditions. They proposed to fly to Stockholm, Sweden, via Mt. Evans, Greenland.

## CLOSE DELPHI BANK

Low Cash Reserve Found by State Examiner.

Doors of the Carroll County Loan and Trust Company, Delphi, were closed today by order of Thomas D. Barr, Deputy State Banking Commissioner.

A low cash reserve discovered in the course of an examination by L. K. Billings, examiner, resulted in the closing. Loans were found to total \$320,000, deposits \$380,000 and surplus and profits but \$10,000, Barr said.

Sale of the trust company to the State Bank at Delphi had been under consideration, but Barr said to-

day a receiver probably would be appointed.

Officers of the institution were Yannis Wells, president; H. E. Reed, secretary treasurer, and W. M. Goslee, vice president.

## MISS HUBBARD DIES

Sister of Indianapolis Writer Passes Away.

Miss Josephine Hubbard, 70, sister of Kin Hubbard, the Indianapolis humorist, died Thursday night at her home in Bellefontaine, Ohio, according to a United Press dispatch.

The humorist and his family have spent much of the last three weeks at Miss Hubbard's bedside.

Miss Hubbard was one of the publishers of the Daily and Weekly Bellefontaine Examiner.

## 2 STATES ARE DISBARRED BY O. E. S. PARLEY

Vote to Ban Officers From Future Meetings of Assembly.

By United Press  
DENVER, July 27.—After passing a resolution Thursday night barring New York and New Jersey officers from future grand chapter assemblies, the nineteenth triennial international convention of the Order of Eastern Star today prepared to close.

The barring followed failure to amend a split between these two States and the main body which occurred several years ago over ritualistic differences. Some 200,000 members will be affected by the disbarment.

Dallas, Texas, was selected as the next convention city.

Mrs. Emma F. Chadwick, Seattle, acting most worthy grand matron for the assembly, was elected head of the order.

The three vacancies in the grand chapter cabinet will be filled by Gov. John Hammill, Des Moines, Iowa, elected right worthy associate grand patron; Mrs. Mildred Schanbacher, Fort Arthur, Ont., high worthy grand conductress, and Mrs. Frances Haun, Nashville, Tenn., right worthy associate grand conductress.

Other officers of the grand chapter: Philip A. Jerguson, Boston, most worthy grand patron; Miss Emma M. Vets, Kansas City, right worthy associate grand patron; Mrs. Minnie E. Keyes, Washington, D. C., right worthy grand secretary, and Mrs. Alena Lammond, Tacoma Park, D. C., right worthy grand treasurer.

Three grand trustees also were named. They are William Duvall, Blanchville, Md., re-elected; Mrs. Anna W. Smalley, Roundup, Mont., and Dr. S. B. Dunlop, Lincoln, Neb.

## "Telling the World"

THE WM. H. BLOCK CO., through the courtesy of the Indianapolis Times and the Palace Theater, where "Telling the World," a newspaper story by Dale Van Every is being shown, presents for the first time to the people of Indianapolis an opportunity to see how news flashed to every corner of the world by the United Press is received in newspaper offices.

An automatic news receiver, known as the "Iron Mike," intercepts the news as it is flashed along the U. P. wires and writes it out in legible print—ready for the newspaper.

Such an "Iron Mike" has been installed in our Illinois Street window, hooked up to the United Press wires and is "Telling the World" the news at the exact instant in which it is received in newspaper offices throughout the country.

The United Press goes daily about its work of "telling the world" of all news events. To accomplish this, some 105,000 miles of leased wires are used which serve 1,100 newspapers in thirty-seven countries. These, in turn, serve over twenty million people.

The modern world demands speed and to meet that demand hundreds of inventions have been made. Here is the latest!

Come and see this marvelous machine. Read the world wide news coming directly from the United Press headquarters, received and posted on a bulletin board. Watch it! Marvel as it jumps from San Francisco to Paris or Sydney to Indianapolis.

Watch the "Iron Mike" Work in Our Illinois Street Windows Daily From 8:30 to 5
