

OHIO MINERS AGREE TO GO BACK TO WORK

Between 3,000 and 3,500 Men to Return to 14 Shafts.

By Times Special
COLUMBUS, Ohio, Aug. 24.—Between 3,000 and 3,500 miners are expected to go back to work in fourteen mines Sept. 1 as a result of the agreement between the Central Ohio Coal Operators' Association and the union mine workers calling for a \$5 wage scale and 70 cents per ton for cutting and loading.

The agreement, which will be in effect until March 1, 1937, was reached late Thursday after more than a week of conferences between operators and union officials.

A competitive clause, which would have permitted the operators to compete with prices paid in non-union fields, was not included in the agreement. The competitive clause was fought bitterly by union representatives, who said such a feature would be ruinous to the miners.

Although only fourteen mines are affected by the agreement—which will bring to an end seventeen months of idleness in the mines—hope was expressed by both union officials and operators that the scale would be extended to other mines.

Under the new peace pact, a joint committee of three miners and three operators was created to study conditions existing in Ohio and adjoining States with relation to a joint conference of miners and operators before March 1, 1937, when the new agreement ends.

The joint committee is slated to meet in November and study conditions until the second week in February.

ARREST DRIVER AFTER CAR HITS TWO OTHERS

Earl Costin Held for Drunken Driving; Parked Autos Damaged.

Earl Costin, 52, Columbia Club, damaged two cars, knocking one more than fifty feet, when he drove his machine into the sedan of E. P. Hubbard, Evanston, Ill., which was parked in front of 2413 N. Delaware St., Thursday night, according to police.

Costin will be arraigned late today on charges of driving an automobile while intoxicated, and drunkenness.

Officers investigating the accident said that after the Costin car crashed into the Hubbard machine the Hubbard car struck another automobile, parked in front of 2415 N. Delaware St., knocking it fifty feet and causing it to be badly damaged. The latter machine belonged to L. A. Reeves, 2346 N. New Jersey St.

Others charged with driving while intoxicated and arrested during the night and early today were William Dean, 52, of 2842 Indianapolis Ave.; Homer McGreevy, 51, of 614 E. Market St.; Joseph Potts, 21, Detroit, Mich.; and William Bennett, 46, of 1716 Broadway.

NEW CARS IN SERVICE

One-Man Tractors Start Runs Today.

Five of ten new one-man safety cars were placed in service here today by the Indianapolis & Southern Railroad. The gaily colored and highly decorated cars left the Traction Terminal at noon to parade all the way to Connersville, Ind. Stops will be made en route and townsmen invited to inspect the new equipment.

The next five are to be placed in service on the Greensburg division and are expected to arrive some time next week, according to road officials.

An accident, such as the head-on collision near Fairmount, Ind., on Wednesday, which was caused by oil on the rails, is impossible with these cars, they assert. They have a magnetic brake system, which will work on oiled rails, and nonshattering glass windows in the motorman's cab.

Big Beans

Lewis H. Henricks raised big beans in his garden at 514 S. Holmes Ave. They are what are known as "yard beans" and some are thirty-six inches long. This is Miss Ruth Henricks, displaying some of the beans.

AIRPORT SITE BIDS POUR IN

List Grows After Appeal for More Offers.

The list of suggested sites for the proposed municipal airport increased today as A. Kiefer Mayer, chairman of the Chamber of Commerce industrial commission, announced postponement until next week of the meeting of the site committee, scheduled for today.

Because of the absence of Paul H. Moore, aviation secretary of the Chamber of Commerce, the scheduled meeting of the equipment and maintenance committee was postponed Thursday. Moore is investigating equipment and maintenance costs at St. Louis and will return Saturday.

Clifford L. Harrod, Chamber industrial commissioner, today wired airport officials at Columbus, Ohio, Baltimore, Md.; Boston, Mass., and Oakland, Cal., for added information on the cost of their municipally owned airports.

Suggestions for more than twenty sites have been received at the Chamber of Commerce, but only three or four were accompanied with prices. Officials said "and" options will be required with all offers to be considered. Harrod broadcast an appeal for more site offers over radio station WFBM Thursday night.

TRAFFIC PLAN INDORSED

Worley Elated by Letter After Many Complaints.

After an epidemic of complaining letters received by Police Chief Claude M. Worley regarding the traffic regulation at the Illinois, Meridian and Pennsylvania Sts. intersections on Washington St., today a letter came calling the system "perfect."

Worley was elated. The letter was written on stationery of the Crucible Steel Company and bore the signature "C. Mayer." It declared that under the stop-stop regulation a pedestrian now can cross the downtown streets in safety and urged retention of the system.

HEADS U. S. OFFICE HERE

Kenneth Dame Placed in Charge of Export, Import Bureau.

Kenneth Dame, nephew of Congressman Will Wood, Lafayette, will be in charge of the branch office of the Department of Commerce Export and Import Bureau to be opened here, it was announced at Washington today according to a Times dispatch.

The office is to be opened Sept. 1. Office equipment already has been shipped. Dame is to be transferred here from Los Angeles. The last Congress appropriated \$15,000 a year for the local office which is to be located in Room 317, Chamber of Commerce Bldg.

NAB ESCAPED GIRL

Fugitive From Clermont Is Returned.

Miss Ellen Cook, 18, of 4018 Ralston Ave., who escaped from the Indiana Girls' School at Clermont Wednesday was taken into custody Thursday at Crawfordsville, Ind., and returned to the institution.

Miss Edith Crafton, 16, of Indianapolis, who escaped from the Detention Home by leaping from a window at 2:30 a. m. Wednesday, is still at large.

FRENCH IDEAS SPREAD; OTHER COUNTRIES PAY

Culture Diffused Through World; Nations Bear Bulk of Cost.

By United Press
PARIS, Aug. 24.—Propaganda usually is costly in its initial stages, but France probably is the only nation in the world that makes others pay even more than she does for the advancement of her culture abroad and the betterment of her international relations.

Official records show that France today is spending remarkably little in subventions abroad—only 245,000,000 francs are allowed for the total budget of the ministry of foreign affairs and of this sum only 42,000,000 is devoted to national propaganda.

Governments Aid
It is an astonishing fact that some countries contribute as much as four times the sum allowed by France for this purpose.

In South America, there is a definite favoritism being shown for French cultural efforts. The lycées or high school of Buenos Aires receives only 100,000 francs from the French government; the Argentine republic allows it a budget of 400,000 francs.

The cultural movement is noticeable in all directions. All of the larger cities in the States created by the great war now have a French institute, museum or school. Egypt and Turkey also are demanding increasing numbers of French professors. In the schools of the Christian Doctrine Brothers of Egypt there now are 12,000 students. In the Near East the Jewish Alliance has undertaken the teaching of French to more than 40,000 pupils.

Build Syrian Schools
The increases for next year are to cover new nonsectarian schools in Syria and the building of a modern high school at Cairo. The Franco-Japanese center in Tokyo has not been completed with the assistance of the richest men in Japan.

China, despite its interior troubles, has not ceased to patronize the French intellectual efforts in that country. It is said the girl, a graduate of a local business college, answered an ad and was met by Russell, who told her he wanted a stenographer at his office in Beech Grove.

He then is alleged to have told the girl that the office was being repaired and asked her to go to a show with him. After the show they took a ride into the country.

Following the fake arrest of the girl and "shake down" of the parents the Karnes brothers are said to have taken Miss Libka to Louisville for two weeks.

John Niblack, deputy prosecutor, declared that a conspiracy to blackmail warrant may also be issued against Karnes and Federal authorities asked to investigate possible violation of the Mann act.

SACRED ELEPHANT DIES IN INDIA; TOURED U. S.

Will Be Stuffed and Taken to Rangoon for Worship.

By United Press
CALCUTTA, India, Aug. 24.—Pa Wa, the sacred white elephant, which recently returned from a triumphal tour of the United States and Canada with Ringling's circus died today at the Calcutta zoo.

Pa Wa was worshipped devoutly by Buddhists in Burma who believed he was the reincarnation of Buddha.

Poisoning caused by eating over-ripe bananas caused the death. Pa Wa's carcass will be stuffed and taken to Rangoon where he will be the object of veneration and prayers of Buddhist monks.

SEEKS CAMPAIGN DATA

Peters to Confer With Leaders on Indiana Speeches.

Dates and cities for Governor Alfred E. Smith's campaign speeches in Indiana may be forthcoming next week after R. Earl Peters, Democratic State chairman, confers with members of the national advisory committee as they traverse Indiana en route to St. Louis to establish a branch of national headquarters.

Peters will join the party here Monday noon and accompany it a short distance.

Walter Myers, defeated candidate for the Democratic senatorial nomination, will be the principal speaker at the organization of a "Smith-for-President" Club at Gary Tuesday, it was announced.

PLAN THAMES BRIDGE

Charing Cross, Long Landmark, May Look Different.

By United Press
LONDON, Aug. 24.—Charing Cross, long a landmark of Europe, may present a changed appearance in the near future. Plans are being completed for a new bridge across the Thames at that point to relieve traffic congestion.

Doubt Death Penalty Wise
By Times Special
PLAINFIELD, Ind., Aug. 24.—Although no official action was taken by the Western Yearly Meeting of Friends here following presentation of a resolution declaring capital punishment "un-Christian and not attaining the desired ends," discussion revealed an opinion that wisdom of applying the death penalty is doubted.

Sixth District G. O. P. Meets
By Times Special
USHSVILLE, Ind., Aug. 24.—County chairmen, vice chairmen, party workers and State candidates attended a Sixth District Republican organization meeting here Thursday.

Richard M. Elliott, Representative in Congress from the district, was the principal speaker. District Chairman Clarence M. Brown of Richmond presided.

The City in Brief

Mrs. Eliz McDonald, 2221 Pearl St., Anderson, Ind., requested Indianapolis police today to search for her daughter, Goldie Brown, 17.

Miss Brown is said to be in company with a girl named Margaret and both are wearing knickers. They were seen at Oakland Wednesday night, walking toward this city, the mother said.

Arrius Court of Ben-Hur will give a law social Saturday night at Morris and Shelby Sts. A band concert, refreshments and games are on the program. Committee in charge: Walter Rosemeyer, Arthur Basy and Louis Mills.

Principal speaker at the Indianapolis Radio Trades Association dealers' day banquet Sept. 5 at the Claypool will be O. H. Caldwell, Federal radio commissioner, native of Indianapolis and a Purdue graduate. The banquet, according to J. F. Connell, chairman of the committee, will climax the radio show at the State fairground Sept. 1 to 8.

Catherine Merrill Tent No. 9, Daughters of Union Veterans, will hold a called meeting Saturday evening, instead of Monday evening, at Ft. Friendly, 512 N. Illinois St.

HOLD MAN FOR TRICKING GIRL

Brother Sought; May Face Mann Act Charge.

Chapman Karnes, alias Sparks, 29, of 413 W. Michigan St., today faces charges of impersonating an officer. He was arrested on a warrant Thursday charging that he pretended to arrest his brother, Russell Karnes, and Miss Juanita Libka, Cambridge City, Ind., in an automobile parked outside the city, June 8. It is alleged that he then got the girl's parents to put up \$185 for an alleged bond to keep her out of jail.

Officers are also looking for Russell Karnes, who is said to have lured the girl to the place through an advertisement for a stenographer. It is said the girl, a graduate of a local business college, answered an ad and was met by Russell, who told her he wanted a stenographer at his office in Beech Grove.

He then is alleged to have told the girl that the office was being repaired and asked her to go to a show with him. After the show they took a ride into the country.

Following the fake arrest of the girl and "shake down" of the parents the Karnes brothers are said to have taken Miss Libka to Louisville for two weeks.

John Niblack, deputy prosecutor, declared that a conspiracy to blackmail warrant may also be issued against Karnes and Federal authorities asked to investigate possible violation of the Mann act.

TEXAS RUNOFF HINGES ON PROTECTIVE TARIFF

Lone Issue Features Final in Primary Vote for Senator.

By Times Special
WASHINGTON, Aug. 24.—The protective tariff has been made an issue in the Texas runoff primary to be held Saturday when the voters will determine whether Senator Earle Mayfield or Representative Tom Connally will represent them in the Senate for the next six years.

The issue has been injected by one of Connally's colleagues in the House, Representative Hudspeth of El Paso said.

Hudspeth accuses Connally of being an enemy of the protective tariff and says that if he is elected, Connally will work against protection for the products of his own State.

Democrats here are watching the fight with interest, because of the injection of the tariff issue in the presidential campaign.

BACK HOME AGAIN

Solen automobiles recovered by police.

Fred Kertepeter, 731 F. Wayne Ave., Hudson coach, found at Thompson and Bellefontaine Sts. Lorenz Akard, Sheridan, Ind., Overland coach, found in a garage at 2808 N. Illinois St. Samuel Peck of 2808 N. Illinois St., notified police car was left in his garage on night of Aug. 22.

GIRLS TYPE 61 HOURS

Tie for First in Alabama Marathon Writing Test.

By United Press
Birmingham, Ala., Aug. 24.—The marathon typewriting contest ended here this morning with two entrants tied at 61 hours and 43 minutes.

The pair, Miss Hazel Cawthon and Miss Ruby King, began at 1 p. m. Tuesday and ended this morning at 2:43.

The marathon was sponsored by the Birmingham Post, a Scripps-Howard newspaper.

HEN OPERATES HOUSE

Puts Cat, Dog Out and Lays Eggs on Armchair.

By United Press
LONDON, Aug. 24.—Postman Terry, of Epping, has a hen which makes way to the kitchen of his home, turns out the cat and dog, seats itself on the armchair and lays its eggs.

YELLOWSTONE'S NEWEST GEYSER IS SENSATIONAL

Largest in World, Shows Violent Activity; Plan Tourist Trails.

(By Science Service)
YELLOWSTONE PARK, Wyo., Aug. 17.—The greatest geyser now active in the world, and with the exception of old Excelsior Geyser, extinct since 1888, the great geyser of all history, has created a great sensation here, where surprises are usually commonplace.

It burst forth into furious and explosive activity recently and since then has been under scientific observation, preliminary to the opening up of a special road or trail to make it accessible to the touring public.

Supt. Horace M. Albright, Dr. Arthur L. Day, director of the geophysical laboratory of the Carnegie Institution at Washington, and Dr. Eugene T. Allen of the same institution, together with a corps of photographers, have been conducting the investigation of the new phenomenon from the dual point of view of public administration and scientific inquiry.

The new geyser is a titan of its kind. Its crater is a huge ellipse, 100 feet by 120 feet in its two diameters, and eight feet deep. It erupts in great explosive outbursts, hurling water in all directions and reaching an average height of 60 to 75 feet. Occasional spurts reach a height of 100 feet.

It keeps this up at 15 to twenty second intervals for a total of three hours or more, and stages two of these long eruptive periods every 24 hours.

The volume of hot water it ejects is tremendous. The run-off pours through a four-foot gap to a depth of eight inches, at a rate of 120 feet per minute. When an eruption ceases the geyser crater is dry with the exception of a small fissure and several boiling mud springs along the north edge.

The end of the eruption comes as suddenly as its beginning, and the last of the violent steam explosions seems to be as energetic as the first.

REVEAL PRISON DATES CHANGED

Probe Discloses Tampering at State Farm.

By Times Special
PUTNAMVILLE, Ind., Aug. 24.—No official action was taken today on the alleged premature release of several prisoners from the Indiana State farm when the State board of charities met with the Indiana commission on delinquencies, including trustees of all Indiana penal institutions, behind closed doors to probe the matter and conduct of routine business.

It was the statement of John A. Brown, charities board secretary, after several hours' secret conference. Official action will be withheld until after investigations being made by the State charities board and Superintendent Ralph Howard of the Putnamville institution have been completed, Brown said.

Investigations are rendered painfully slow, Brown and Howard said, by the necessity of examining records by microscope to detect alterations which are said to have liberated prisoners before their terms expired. Nine such cases have been disclosed, Brown said.

Of this number, one has been returned to the State Farm and questioned but professed ignorance of the altered records, Howard said.

COVERED AUTO LICENSE CAUSES PAIR'S ARREST

Police Stop Car Bearing Front Plate Wrapped in Cloth.

Arrested at midnight when found criving a car with the front license plate covered with black cloth, Ray Jennings, 25, of 1015 E. Sixty-Third St., and Richard Patton, 20, of 6207 College Ave., are held by police on vagrancy charges today.

They were taken into custody by Ed Ball and C. Felton, motor police, when they turned their roadster off the Michigan Rd. at Kessler Blvd. The officers had been investigating a holdup.

The young men explained that they knew nothing of the covered license plate, although a piece of the same cloth was found in the car, the officers said. They told the police that they had worked at a tire shop until 10:20 p. m. and then drove to Old Augusta to visit a girl and were en route home when arrested.

HOOSIER OFFICERS FAIL

Men Wanted at Kokomo in Bank Case File Habeas Corpus Plea.

By Times Special
KOKOMO, Ind., Aug. 24.—Despite victory in extradition proceedings in Florida, Howard County authorities so far have failed to take into custody W. H. Arnold and his son Greenwood, wanted on charges arising from failure of the American Trust Company bank here of which the elder Arnold was president.

Governor John W. Martin of Florida granted extradition a few days ago, but when efforts were made to effect arrests, the Arnolds fled habeas corpus proceedings, hearing on which has been set for Sept. 21.

O. K. PHONE ADDITIONS

\$475,000 Will Be Spent in State for Improvements.

Approval of expenditures of \$475,000 for additions to the plant and equipment of the Indiana Bell Telephone Company through the State was given at a meeting of directors Thursday in the office of C. H. Rotter, president.

Including this appropriation, total expenditures for 1928 gross additions to the company's properties total \$3,993,460, it was announced.

Paper Gains Million Lines

By United Press
ST. LOUIS, Mo., Aug. 24.—The St. Louis Star announced today that The Star, with today's issue, attains a net paid advertising gain of one million agate lines for the year 1928 to date.

Charity Leaps! Society Debutante Offers to Drop in Parachute at Benefit Pageant.

Nancy Glave, society debutante and not much afraid of anything, has never made a parachute leap from an airplane, but she is willing—for the sake of sweet charity and the thrill—to try it.

Miss Glave, who is a daughter of George York Glave, has offered to make the jump each afternoon for a week at the Long Island pageant which will be held at Mineola fairground the week of Sept. 24, it was announced today by Lila Agnew Stewart, director of the pageant.

Although Miss Glave hasn't had experience in parachute jumping, the directors of the pageant were of the opinion that she probably would be on hand Sept. 24, ready to aid the affair, which is held for the benefit of Lincoln Memorial University.

In "The Magic City," a recent benefit performance, Miss Glave took the part of a white monkey, swinging from a trapeze over the arena. So far as could be learned she had no experience in being a white monkey, but the act was quite successful.

Predictions tonight were that Miss Glave, who is an aviation enthusiast, would be just as successful as a parachute jumper.

At the Glave home here it was said Miss Nancy was on a vacation and other members of the family could not be reached.
