

SPEED UP CASH, CRY SENT OUT BY G. O. P. HEADS

Election Sixty Days Away, Only Sixth of Budget Subscribed.

BY PAUL R. MALLON
United Press Staff Correspondent
WASHINGTON, Sept. 6.—The Republican presidential campaign is rolling along with a safe surplus, although only one-sixth of its \$3,000,000 campaign budget so far has been subscribed.

Following publication of figures showing the financial condition of the national committee, headquarters sent out orders today calling field lieutenants' attention to the fact that the election is only sixty days away and that contributions must be accelerated.

The figures showed \$658,418 total receipts up to Sept. 1, with expenditures of \$312,216, leaving a balance of \$346,202.

Seek Big Money Aid

The reports revealed the automobile industry financially interested in the Hoover campaign as well as that of Governor Smith. They listed thirty-six women contributors, more than ever have given big money in a presidential campaign before.

They indicated the strategists have dropped the old idea of promoting \$1 or "drop-in-the-hat" donations. Funds will be obtained from those best able to pay. The lists showed 264 contributors gave \$553,922, while the remaining 1,290 gave only \$6,117.

Ten Give \$25,000 Each

Ten men gave \$25,000 each, including three leaders in the automobile industry—W. C. Durant, Walter Chrysler, and Alfred P. Sloan, Jr., all of New York.

The other seven largest contributors were George Eastman, Kodak manufacturer, Jeremiah Milbank, eastern treasurer of the Republican National Committee; E. F. Hutton, Ernest L. Woodward, Mortimer Schiff, banker; Walter H. Aldridge and Charles Hayden, all are from New York State.

There was one \$20,000 contribution from F. Edson White of Chicago; one \$15,000 from Arthur Whitney, Mendham, N. J., and seven who gave \$10,000 each.

Even with this formidable list of contributors and the surplus, campaign directors are not entirely satisfied. Expenses just have begun. Five-sixths of the national budget remains to be raised in the next two months, as the party platform has promised there will be no deficit.

The money raisers are complaining to leaders that their work is more difficult this year because of the recent senatorial disturbances over campaign contributions.

Hoover Shuns Cash Angle

The nominee, Hoover, has disassociated himself entirely from the money-raising or spending angle of the campaign. His only restriction has been an order to his leaders that they must accept no sums from those who may expect returns from the Government.

Hoover today started writing his labor speech, to be delivered at Newark, N. J., Sept. 17. He expects to finish it before Saturday, so he may take his expected fishing trip down Chesapeake Bay early next week.

Bobby Moore Sets High Mark in Winning Prizes

Bobby Moore

Bobby Moore, 10, 1511 N. Haugh St., third place winner in the Times-Capital Dairies derby on the morning of Labor day, is rapidly establishing himself as this city's champion "winner" of contests of various kinds.

Bobby won an art certificate in the third grade, he has won penmanship certificates in every grade, and was awarded an attendance certificate issued by the school board for the first time last year.

Bobby's latest bid in art competition was an entry in the Johnny Jones contest sponsored by The Times, and he won first prize.

LAUDS HOOSIERS AS PRESS-WISE

Methodists Hear Address by Church Editor.

Hoosiers value the press as highly as they do the pulpit, says Dr. Ernest C. Wareing, Western Christian Advocate editor of Cincinnati. Dr. Wareing addressed the Indianapolis district conference of the Methodist Episcopal Church Wednesday at Roberts Park M. E. Church. The conference was followed by a dinner and reception for Bishop Edgar Blake, recently assigned to the Indianapolis area.

"Indiana never has to take a seat second to the honor of being the largest literary center in the world," Wareing said. "Hoosier people value the press as highly as they do the pulpit because they placed that no church can exist without the press."

Bishop Blake, who will preside over 2,000 churches, with a membership of 370,000, recently returned from Paris, where he served eight years.

Pastors and laymen met today with Bert E. Smith at the Chamber of Commerce to plan entertainment for the Methodist men's convention here Dec. 4.

Mrs. O. W. Fifer was elected president of the Minister Wives' Association.

'FREE LOTS' SCORED

Realtors Hear Attack on Selling Schemes.

The "free lot scheme" of selling real estate was denounced by T. M. Overley, manager of the Better Business Bureau, speaking at the weekly luncheon of the Indianapolis Real Estate Board at the Chamber of Commerce Thursday noon.

Overley explained operations of companies which sell lots in subdivisions by offering a chance on a free lot. "Expenses" which the "winner" must pay to obtain title actually only covers the value of the lot, which usually is undesirable. The victim then is urged to buy a more desirable lot at a higher price, he said.

"The Ohio Real Estate Board of examiners recently announced that under a new licensing law, licenses will not be granted to brokers and salesmen using such practices," Overley said.

BULLETS ROUT FIVE BURGLARS

Druggist Blocks Attempt to Enter Store.

W. F. Darnell routed five Negroes attempting to break into his drug store at Thirtieth and School Sts. at 2:30 a. m. today with a volley of revolver shots.

One of the burglars fired at Darnell as he fled. The same burglars previously had broken into the C. F. Risk hardware store, 4035 E. Thirtieth St., and taken \$160 worth of loot, police believed.

Darnell, who sleeps in the rear of the drug store, was awakened by attempts to break into the front door. When he went to the door with his revolver and demanded of the Negroes what they were doing there, they ran. Darnell fired three times at the fleeing men and one fired back at him.

Frank Selbert and Gilbert Heller, motor policemen, discovered the hardware store robbery when they investigated the drug store attempt.

Harry Reed, 3715 Rockville Rd., was awakened early today by a burglar standing at the foot of his bed. The man fled without taking anything.

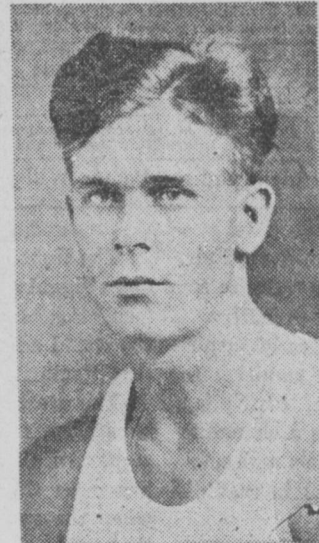

Police are holding a Negro suspected of ransacking the home of Dr. C. R. Schaefer, 1838 N. Meridian St.

CURTIS PLEASED BY RECEPTION ON EAST COAST

Confident New England to Go Republican as Usual.

BY KENNETH G. CRAWFORD
United Press Staff Correspondent
BOSTON, Mass., Sept. 6.—Senator Charles Curtis, Kansas, who is campaigning New England as the Republican vice presidential nominee, will leave Massachusetts today confident that it will go Republican, as usual, next November.

He believes the same issues that have kept the State Republican in other presidential elections—protective tariff and prosperity—will be the deciding factors again in this campaign.

Curtis was pleased with the reception he received from Boston audiences Wednesday with two high tariff speeches. More than 10,000 persons besides the radio audiences of three broadcasting stations heard him.

He made no mention of prohibition, the issue on which Democrats are conceded a chance this year to break New England's normal Republican solidarity, but spoke almost entirely on economic questions.

Curtis will motor to Salem today for a reception and luncheon under auspices of the local Hoover organization. He will make only a brief extemporaneous address there.

Tomorrow he will speak at Bangor, Maine, and Saturday at Portland. Tariff is the announced topic of both addresses.
