### END ON WEST COAST

Nominee Would Close Drive  
at San Francisco, Just  
Before Voting.

By PAUL R. MALLON  
United Press Staff Correspondent  
WASHINGTON, Sept. 28.—Tentative plans are being made for Herbert Hoover to make a whirlwind windup of his presidential campaign with a two weeks' tour across the country from Boston to San Francisco.

The date of the nominee's final eastern speech in Boston has not yet been determined.

This is so he may frame his plans according to the demands of the final campaign, but if this new scheme is adopted he would speak in Boston Oct. 24, starting west from that night.

Four or five important speeches enroute would be included on his program if he follows the demands of some of his managers.

Invitations have come to him from a dozen cities and States including Buffalo, Cleveland, Chicago, Kansas City, Minneapolis, St. Paul, Boise, Butte, Oklahoma, Texas, Seattle and San Francisco. His acceptances will be determined first by the route he chooses to go to his Pacific coast home and secondly by the political expediency.

Hoover does not think much of the plan to make many speeches.

Only two speeches thus far have been set officially, Elizabethtown, Tenn., Oct. 6 and New York, Oct. 17.

## PETER

Peter is the kind of boy who wins in whatever he undertakes—a boy to whom the school looks for leadership in all its activities. Peter is not a little bookworm—he is an all-round boy, two years ahead of most boys of his age. His mother says: "As soon as he could read, we gave Peter The Book of Knowledge. He fairly 'gobbled up' the simple, delightful explanations of the natural phenomena about us."

## WAS READY

"WHAT Peter read supplemented his school work as he grew older; and when he was twelve I realized the value of what he had been getting from The Book of Knowledge. He then had a chance to win a scholarship. I held my breath while Peter took the tests. He passed."

"No boy who delved as Peter had in the pages of The Book of Knowledge could have failed. The questions of the test interested him; they did not frighten him. He had a vast fund of information and was sure of what he knew. We realize now how much he owes to The Book of Knowledge."

## W. C. T. U. BLAST AT CONVENTION SEARS SMITH

### Speakers Assail Record, Ask Noon Prayers to Aid Hoover.

The sharpest attacks on Governor Smith of the two-day convention of the Marion County W. C. T. U. at Broadway M. E. Church marked the closing session Thursday afternoon.

Reports of convention committees were given, naming of new officers and directors ratified and general announcements heard, including adoption of a permanent meeting place in the Fletcher Savings and Trust Bldg. Then resolutions were offered and adopted calling for the observance of a national narcotic education week and asking the churches of Indianapolis not to sell tobacco in their booths at the State fair.

Mrs. Felix McWhirter offered a resolution condemning Smith as a candidate who does not observe the Eighteenth Amendment, calling for votes for Hoover on that issue alone, and calling for prayer every day at noon, that the people might be guided into "the execution of the divine will" in defeating Smith. The resolution was adopted unanimously.

### Alabama Member Censured

Mrs. W. W. Reedy read a clipping stating that an Alabama member of the W. C. T. U. and of the Baptist church had announced that she would vote for Smith.

The convention voted to send a telegram to her conveying the deeply critical sentiment of the convention and to send another to Mrs. Florence Richards of Ohio, commanding her stand in saying that she personally would see that any member of the W. C. T. U. who said she would vote for Smith should be permanently expelled.

Mrs. McWhirter then reported the world convention of the W. C. T. U. at Lausanne, Switzerland, in August, attended by the largest American delegation in history, including twenty-two from Indiana.

The speaker described the cordial and picturesque welcome the convention received from the Swiss government and people and the impressiveness of the programs from all nations, and expressed the hope that world sisterhood was near.

### Reviews Smith Record

At the close of her report Mrs. McWhirter said: "I hope I may talk on the record of Al Smith again; I am tremendously interested in you, remembering it so that you can tell it."

She then reviewed Smith's record as a legislator.

"Never since Fort Sumter was fired upon," the speaker concluded, "has the nation faced such a crisis."

## Wear Your Cap, Freshman

It was called a tea party, but there was no pink tea. Rather, there was more of a strong black coffee atmosphere at the annual "Rhine" tea party on the Butler campus Thursday afternoon. The freshmen received instructions from upper classmen and a few demonstrations were given.

One of them was in progress when the above photo was snapped. It shows Dan Morgan, 3556 Carrollton Ave., submitting to the standard penalty for failure to wear the little green cap. The "barber" is Gordon Davis, senior football manager, and the spectators are two varsity letter men prominent in disciplinary procedure.

## WHITE IS READY TO RESUME HIS FIGHT ON SMITH

### Kansas Editor Declares He Will Take Stump in 24 Hours.

By United Press

NEW YORK, Sept. 28.—William Allen White, Kansas author and editor, will return to the political battlefield "within twenty-four hours," he announced today on his return from a two-month European trip.

He admitted having received \$500 for a speech to the National Electric Light Association convention at Atlantic City, N. J., before he sailed.

White, who several months ago, attacked Governor Alfred E. Smith on his legislative record, only to withdraw some of the charges from the record later, made no comment on that phase of the political situation.

"I'll have to read my mail first," he said. "But in twenty-four hours I'll be back in the battle again. Then I'll let out a yell."

Regarding his Atlantic City speech, White said: "That was nothing unusual. The fee was not as much as I have been accustomed to receiving for lectures and speeches of other nature."

That White received the \$500 recently was testified to in the Federal Trade Commission's investigation of public utilities' publicity methods.

The editor said he would stop at the National Arts Club here a few days, then return to Emporia, Kan.

## Eat and Learn

By United Press  
CONSTANTINOPLE, Sept. 28.—The Ministry of Public Instruction has ordered cafes, theaters, casinos and other amusement places to purchase blackboard and chalk.

The Ministry intends mobilizing teachers and sending them to public places to instruct the people in the new alphabet, with Latin characters, which President Mustapha is putting in place of the old Turkish alphabet.

Shortly thereafter, he will renew his campaign in behalf of the Republican national ticket, he said, but did not know in what part of the country he would take the stump.

He admitted he was a "great admirer" of Governor Smith, but added, "I'm afraid I can't vote for him."

Four Blasts Reported in 12 Hours in Chicago.

## BOMBS DAMAGE FIVE BUILDINGS

Four Blasts Reported in 12 Hours in Chicago.

By United Press  
CHICAGO, Sept. 28.—Chicago's sixty-fifth bombing of the year and the fourth within twelve hours, occurred early today when a bomb was thrown through the window of a side side store.

Walter Robinson, and his two children, Walter, Jr., 15, and Agnes, 11, who resided above the store, were thrown from their beds by the blast. Property damage was estimated at \$5,000.

Matt Quall, owner of the building, declared he knew of no reason for the bombing. It is believed that a beer racket feud was responsible.

Three other bombings were reported to police during the night.

Two buildings under construction were wrecked within an interval of five minutes shortly before midnight. The owner of one of the structures in answer to police inquiries said he was employing union labor and did not believe the bombing was brought about by labor troubles.

The owner of the other building said he recently had had disputes with the Cement Workers' Union. An ice cream factory and a small laundry were damaged by bombs.
