

VOTE SUPPORT FOR FRIENDS IS PLEA OF LABOR

No Choice Made Between Smith and Hoover in Election Appeal.

By ROSCOE B. FLEMING, Times Staff Correspondent
WASHINGTON, Sept. 28.—The American Federation of Labor today issued a plea to organized labor to stand by its friends in the coming election. So far as the presidency is concerned, labor does not say whether Herbert Hoover or Alfred E. Smith is considered more friendly.

No record of votes or other official actions is given for the presidential candidates, although the records of Senators Curtis and Robinson, are given in full.

It was explained that Hoover, never having been a member of a legislative body and never having been in an executive position to decide favorably or unfavorably on labor legislation, has no official record of this sort, and it was considered unfair to give Smith's record in the New York legislature and as Governor of New York, in view of this fact.

Robinson's record as Representative and Senator was given as follows: On 33 bills and amendments considered tests, he did not vote nine times, voted favorably nineteen times, was paired favorably three times, and voted unfavorably twice.

Curtis' record was given as follows: Out of thirty-one possible votes he did not vote three, and cast fifteen favorable votes and thirteen unfavorable.

In a circular sent to local labor organizations throughout the United States, members were urged to register and vote, with the following standards in mind regarding candidates for all offices from President down:

No loyal citizen of the United States will vote for a candidate who will not support legislation prohibiting the use of injunctions in labor disputes.

"No just-minded citizen will vote for a candidate for a State legislature who is not in favor of protecting the Nation's children from industrial exploitation.

"We will not vote for a candidate who has opposed remedial legislation urged by labor.

"We will vote only for those candidates who have proved that the interests of all the people are above the selfish demands of the few."

FRENCH LICK, Ind., Sept. 28.—In a defiant address before the Great Lakes division of the National Electric Light Association in convention here, J. F. Owens, Oklahoma City, Okla., chairman of the association's national public relations committee, declared it had no apology to offer regarding publicity work, now being investigated by the Federal trade commission.

"The public relations section will continue in spite of accusation, in spite of investigation, in spite of unjust attack," Owen declared. Owens described in detail the work and objects of the committee, including discussion of cooperation with schools, customer ownership of public utilities stock, information bureaus, industrial relations and advertising.

LOCKED IN; BREAKS OUT

Man Who Smashed Courthouse Door Glass May Face Charge.

By Times Special
RENSSELAER, Ind., Sept. 28.—Many men have gotten into trouble by breaking into buildings, but Homer Ware, a farm hand, will probably be charged with malicious destruction of property for breaking out of one.

Ware was in the Jasper courthouse when evening closing time came, and though told by the custodian the doors were to be locked, remained. Finding himself locked in, Ware telephoned Sheriff Rouse at his home, and was advised to get out by raising a window in the sheriff's office. Instead Ware broke out a plate glass in a door. Authorities are preparing to file charges.

BOXING BOARD OF 5 PROPOSED IN ORDINANCE

Council to Consider Draft by Springsteen at Meeting Monday.

Creation of a boxing commission composed of five men is proposed in a city ordinance to be presented to city council Monday night by Councilman Robert E. Springsteen.

The council boxing commission met today at the Chamber of Commerce to consider a redraft of the boxing ordinance presented by Smiley N. Chambers, assistant city attorney.

The proposed ordinance takes the regulation of boxing and wrestling contests out of the hands of the present council athletic committee and gives authority to the special commission to be named by the mayor.

CROATS BATTLE SERBIAN RULE WITH BOYCOTT

VIENNA, Sept. 28.—The Croats are not speaking to the Serbs, and Europe is watching a novel experiment in settling a dispute without resorting to arms.

The boycott, begun this week by the Croats against their neighbors and fellow citizens, the Serbs, appeared today to be attaining its object and likely to result in a reorganization of the Jugo-Slavian government.

Both nations are part of Jugo-Slavia, or the kingdom of the Serbs, Croats and Slovenes. The kingdom was created after the war by a union of Serbia, Montenegro and the foreign Hungarian province of Croatia-Slovenia.

The Serbs, being the strongest unit, soon dominated the kingdom, however, and imposed heavier taxes on the Croats, placed Serbians in the government jobs and staffed the army with Serbian generals.

The Croats withdrew their deputies from parliament. They realized any attempt to establish their own
