

# GERMANS WILL FLOOD WORLD WITH NEW 'GAS'

Thousands of Barrels of Artificial Product Made in Secret.

By Times Special  
NEW YORK, Oct. 24.—Germany is manufacturing artificial gasoline at approximately 15 cents a gallon, or half the wholesale cost of natural gasoline in Europe.

For several months 10,000 barrels of the artificial fuel a month have been marketed recently to retailers for the purpose of a commercial test, and to date no user has been able to distinguish it from natural gasoline.

In 1929 the gigantic plant of the I. G. Farbenindustrie at Leuna, Saxony, which has been building under close guard since 1920, is scheduled to produce 100,000 tons of the artificial gasoline—the beginning of a program calculated to revolutionize the use of automobiles and other motive power throughout Europe.

Henry de Korab, a leading French industrial writer, makes these startling announcements in an article just published here in the November issue of The Living Age.

Tests Are Revolutionary  
De Korab claims to be the first journalist to learn the true story behind the huge chemical plant which has created the thriving industrial city of Leuna on a site which eight years ago was open countryside.

It has been known unofficially that the Leuna plant, which ostensibly produces fertilizers, has been carrying on experiments with the artificial gasoline formula developed by Dr. Friedrich Bergius, who produced the synthetic fuel in laboratory quantities several years ago. Patent rights to Bergius' formula are owned both in France and the United States.

But, according to De Korab, who quotes the resident director of the Leuna works, the Bergius method "has undergone a hundred modifications, of which the world at large has remained in complete ignorance."

Close Guard Kept  
It is these improvements in the process that have made the synthetic gasoline commercially practicable. The Living Age writer reports. And they are being kept under a guard as rigid as any that ever protected an army's strategic points in war-time.

To enter the gate of the Leuna works it is necessary to pass two guards and, under their constant surveillance, submit to questioning by an under official, who demands a national passport and personal information as well as recommendations from company and government authorities before the visitor is allowed to see the director of the works.

So far no outsider, German or foreigner, has been allowed farther than the director's office, it is said.

ODDS ON HOOVER DROP  
Wall Street Bets 3 1/2 to 1 He's Next President.

By United Press  
NEW YORK, Oct. 24.—Odds favoring the election of Herbert Hoover have dropped from 4 to 1 to 3 1/2 to 1, according to Wall Street statistics. Several houses in the financial district reported a growing influx of western money.

Says Stomach Fine Eats Anything Now  
Found How to End His Gas and Indigestion, Back-Ache Gone, Too.

Friends of Victor Blanchette, 2036 Erie street, Bradley, Ill., were recently surprised by his rapid recovery of health. In explaining the matter, Mr. Blanchette says: "For a long time, I suffered intensely from stomach trouble, back-ache and constipation. Food would not digest, and the gas and bloating and pains were almost unbearable. I was nervous, tired, and worn-out all the time. Night brought very little sleep. My back ached severely, and often my joints were stiff. I was losing weight and badly discouraged, when I read about Viuna and started taking it. I was never more surprised in my life than I was by the quick improvement in my condition. Today my digestion is perfect, without gas or pains. My back-ache is gone, joints are all right again, and I am sleeping soundly and gaining weight. Viuna gave me back my health after many other medicines had failed."

Viuna acts promptly on sluggish bowels, lax liver and weak kidneys. It purifies the blood, clears the skin, renews strength and energy to the whole body. Take a bottle on trial. Then if you're not satisfied, your money will be refunded. \$1 at druggists, or mailed postpaid by Iceland Medicine Co., Indianapolis, Ind.

## ACTRESS FAINTS IN COURTROOM

### Mae Murray, Acquitted of Misdemeanor, Collapses.

By United Press  
SANTA MONICA, Cal., Oct. 24.—Mae Murray, the actress, fainted in police court here Tuesday just as she was acquitted on a misdemeanor charge brought against her by Jack Donovan, actor and architect.

Miss Murray was revived and taken to her home by her husband, Prince David M'Divani. Donovan had charged that Miss Murray forcibly entered his house on March 15, the actress maintained she had permission to visit the place and Judge Spencer ruled there was nothing to support Donovan's accusation.

The actress contended that the charge against her was the result of spite because of her success in recovering \$32,000 paid toward the purchase of a house owned by Donovan.

## COOLIDGE KEEPS WORKING UP TO 'QUITTING TIME'

Speeches, Social Functions Crowd Days as Term Nears Close.

By United Press  
WASHINGTON, Oct. 24.—The closing months of his administration have brought no slackening of President Coolidge's activities. Preparations for leaving the White House are not expected to interrupt application to his duties.

Mr. Coolidge's schedule from now until March 4 contain the customary number of speeches, visits and social functions.

### Speeches Scheduled

On Armistice day, under American Legion auspices, Mr. Coolidge will speak at ceremonies here, Nov. 16, he will address the National Grange here. Work on his message to congress, which convenes early in December, will demand considerable attention.

Although the White House has made no announcement, Mr. Coolidge is expected to visit Northampton, Mass., his legal residence, to vote in the November election. The presidential social season commences Nov. 8, and ends Jan. 25. During that time, nine White House dinners and receptions are scheduled.

## Fears for Life

John Hertz of Chicago, president of the Yellow Cab Company, has reported to police that his life has been threatened and that he has been warned his grandchild would be kidnapped. Recently Yellow Cab garages in Chicago were bombed and the racing stables of J. Hertz burned, destroying seven thoroughbred horses at a loss of \$20,000. The trouble is ascribed as the result of a taxi-cab war.

One noticeable change in Mr. Coolidge's routine is the fewer number of callers on his daily engagement list. The chief executive however, continues his daily conference with government officials.

## BOY, 15, GIVEN LIFE TERM FOR KILLING FRIEND

Benefactor Who Had Taken Interest in Lad, Shot After Scolding.

By United Press  
PORTLAND, Ore., Oct. 24.—A 15-year-old boy who shot and killed his benefactor has been sentenced to life imprisonment in the Oregon penitentiary.

The boy, Rex Mead, had been befriended by E. D. Dewey while the latter was employed by a Portland newspaper. Upon his retirement, Dewey continued his interest in Rex, took him on outings and helped him in various ways.

The two had gone to a beach on Aug. 1 and had returned to Dewey's ranch near here. Rex, who had been a juvenile court ward before Dewey began to help him, had been throwing stones at Dewey. The man chided the boy for his actions and threatened to tell Rex' parents. The boy then seized a rifle and shot Dewey through the back of the head.
