

ELECTION GIVES REPUBLICANS WHIP HAND IN CONGRESS

EIGHT SEATS IN SENATE, SCORE IN HOUSE WON

Landslide Crushing Blow to Democrats; Veterans Lose Berths.

INSURGENT GRIP BROKEN

Edwards, Gerry, Bayard and Bruce Among Those to Pass On.

BY PAUL R. MALLON
United Press Staff Correspondent
NEW YORK, Nov. 8.—Republicans will hold a definite whip hand in congress as result of the Tuesday election. United Press returns showed today.

The Hoover landslide swept aside many veteran Democratic congressmen in both senate and the house and the President-Elect will take office with a congress definitely aligned to his policies. He will have even a greater majority than the Republican congress during the Coolidge administration.

Returns this morning indicated the new congress would find the Republicans with eight more seats in the Senate and perhaps twenty more in the house than the majority they held in the last congress. This will give them a definite margin.

Insurgents Lose Grip

The chief result of this lineup will be that the balance of power no longer will rest with the Republican insurgents of the midwest. Their strength had been such that they could vote with the Democrats to stave off Republican legislation and many times in the course of the last congress their votes succeeded in bringing about paralysis of important legislation.

The Hoover landslide apparently has carried away with it many familiar figures of the senate.

Senator Peter G. Gerry of Rhode Island apparently was defeated by Judge Polk of Ohio.

Senator Edward I. Edwards of New Jersey was defeated by Hamilton S. Kean his Republican opponent.

Senator Thomas F. Bayard (Dem., Del.) also was defeated.

Senator David Bruce, Maryland, was defeated by a Republican, T. A. Goldsborough.

Republican Succeeds Reed

There even will be a Republican senator from Missouri to replace Senator James A. Reed, who has announced his retirement from politics. Roscoe C. Patterson (Rep.) apparently has defeated Charles M. Hay (Dem.) candidate for Reed's seat.

Many of the eastern Democrats were listed as wets and their defeat could be considered as strengthening the dry majority of the senate.

Two contests remained in doubt this morning for senate posts, those in Washington and West Virginia. In the former state Senator Dill (Dem.) is leading slightly over Kenneth D. Mackintosh, while in West Virginia Senator Neely (Dem.) appears to have been defeated by Henry D. Hatfield (Rep.).

FACES TRIAL IN BRUTAL KILLING

Negro Accused of Slaying Illinois Teacher.

CHICAGO, Nov. 8.—Selection of a jury in the trial of David Shanks, Negro, for the brutal slaying of Miss Jennie Constance, graduate student of Northwestern university, continued today.

Picking the jury probably will take two or three days, it was indicated from the delay yesterday, when the trial got under way.

Shanks has confessed to killing Miss Constance, a school teacher seeking a master's degree at the university.

The murder was committed Aug. 7, but the slayer obtained several continuances on account of shifting lawyers. Residents of Evanston, where the young woman was clubbed to death, demanded an immediate trial.

Miss Constance was returning home from the university library about 10 o'clock at night. When she passed a hedge on the edge of the sidewalk, the Negro stepped out, seized her and hit her on the head with a piece of iron pipe, according to his confession.

He dragged her body behind the hedge, where it was found next morning, stripped of all valuables.

Burglars had broken the lock on the case and taken three overcoats and three suits of clothes off the dummies. In their haste they had neglected to take the waistcoats of the suits. The stolen clothing was valued at \$250.

RASKOB WILL REMAIN CHIEF OF DEMOCRATS

Not Fair to Quit Now, He Says; Elected for Four Years.

By United Press

NEW YORK, Nov. 8.—John J. Raskob, the financier who made his first acquaintance with national politics in the campaign just ended, intends to stick to his post as chairman of the Democratic national committee.

"I do not think it would be fair to the party for me to retire from the chairmanship at the present juncture," he said. "I was elected for four years."

Raskob's business plans for the immediate future remain undecided, he said, but he will not resume his former office as finance chairman of the General Motors Corporation.

The first task before him, Raskob said, will be to clear away the indebtedness incurred by the party during the campaign.

The national committee has spent more than \$2,000,000, he said, in excess of receipts.

The chairman hopes to erase this sum from the books in the next four years so that the party may start preparations for the 1932 campaign free from debt.

Raskob said he was at a complete loss to account for the Republican landslide.

"Before I make up my mind about what caused it, I would like to see the total popular vote," he said. "When the final figures become available, we will know a great deal better what they indicate."

DEFENSE LOSES FIRST ROUND IN 'HOT CAR' CASE

Bill of Particulars Plea Is Denied in Preliminary Skirmish.

The government emerged victorious today in first preliminary skirmishes to trial of the interstate motor theft conspiracy case in federal court.

Motions for bills of particulars sought for defendants Edward Traugott and Fred Binzer, by Attorneys Ira M. Holmes and O. B. Harris, the latter of Terre Haute, were overruled by Federal Judge Robert C. Baltzell.

The court also overruled motion of Wolf Sussman, presented by Attorney Frederick Van Nuy, for a separate trial.

The latter motion outlines Sussman's defense against overt acts listed. The motion explained a \$1,000 loan on a stolen car as follows:

Sussman has been in the business of loaning money on chattels thirty years. On Jan. 16, 1928, one Robert Palmer sought loan of \$1,000 on a La Salle coupe. Being unfamiliar with the value of cars, Sussman called in his son, Harry Sussman, also indicted, for an appraisal. After checking the title at the statehouse, Harry Sussman reported the title clear and the car easily worth the \$1,000 loan, which was made. Sussman taking possession of the car as security. He denies knowledge at the time that it was stolen.

Explanation of a \$1,500 check to Sussman from Edward Traugott & Co., signed by Harry Sussman, was: Sussman, each Saturday, loaned the Traugott company \$1,500 to cash workmen's pay checks, a \$1,500 check being given him the following Monday in repayment.

In denying the motions for bills of particulars, Baltzell said defendants have a right to know what they are charged, but they are not entitled to every detail of evidence prepared by the government.

Hickey intimated at the trial of the case Tuesday he will seek to prevent admission as evidence by the government of any overt acts not listed in the indictment.

CURTIS PLANS REST; BACK IN WASHINGTON

Vice-President-Elect Quiet on Special Session of Congress.

By STANLEY WHITAKER, United Press Staff Correspondent

WASHINGTON, Nov. 8.—Vice-President-elect Charles Curtis arrived here at 8:15 a. m. today from Topeka, Kan., where he finished his campaign and voted.

He was met at the station by his sister, Mrs. Edward E. Gann.

Curtis planned to attend to personal business neglected during his campaign and said he had made no other plans.

Curtis arose at 6:30 a. m., his usual hour and ate an early breakfast. He told newspaper men he felt much in need of a rest and after disposing of his personal business would take a vacation.

He made no comment on Herbert Hoover's proposed plan of a special session of congress to obtain farm relief but after noticing a flock of sheep on an Indiana farm, said: "There soon will be more of them in the country."

There was only the usual traveling crowd at the station and none of Curtis' many friends were on hand to greet him.

CITY MEN HELD IN TERRE HAUTE

Police Believe Four May Be Auto Thieves.

By Times Special

TERRE HAUTE, Ind., Nov. 8.—Four Indianapolis men heavily armed, and possessing sheriff's badges, are in custody here after creating a disturbance at a resort upon being told by a waiter that liquor was not served in the place.

Those held are Lawrence Hyatt, 27, of 1340 South Belmont avenue; Edward Dicks, 25, of 1928 South Belmont avenue; Pierce Sluder, 28, of 742 East McCarty street, and Claude Brown, 23, of 254 South Harlan street.

Police here believe the men can be connected with an auto theft ring in Indianapolis, in which several men are already under indictment and that they can also be charged with run running and hijacking.

Indianapolis police have advised local officers that Hyatt, Dicks and Sluder have been convicted there at various times for liquor law violations. Claude Brown is now known to the capital city police.
