

# SOUTH TAKES AL SMITH IN ITS ARMS AGAIN

Governor Cheered as He  
Makes Brief Stay in  
Savannah.

By United Press  
SAVANNAH, Ga., Nov. 16.—Gov-  
ernor Alfred E. Smith and his party  
were en route again today for Biloxi,  
Miss., after a twenty-four-hour stay  
here as guests of Mr. and Mrs. Carl  
Espy.

The train is due at Tallahassee,  
Fla., this afternoon, a 15-minute  
stop—sufficient for Governor Smith  
to greet Florida friends and Dem-  
ocratic leaders who wish to see him  
—is to be made there.

A crowd gathered in front of the  
Espy home last night, and in re-  
sponse to cheers, the New York  
Governor came out on the porch  
"just to say hello." During the  
evening, an informal reception was  
held, city officials and civic leaders  
coming to welcome Governor Smith  
to Dixie.

With W. F. Kenny, James J.  
Riordan and John Neehan, the  
Governor played fifteen holes of  
golf on the Savannah Golf Club  
course yesterday. His score was "a  
secret," he grinned when asked.

The party visited the Georgia  
Industrial college in its tour of the  
city. John J. Raskob, Democratic  
national chairman, gave a check  
for \$500 to the principal at the  
conclusion of a musical program  
which included singing of spirituals.  
The school is a Negro institution  
supervised by the University of  
Georgia.

Before departure of the Smith  
party, it was learned that on the  
way north a stopover will be made  
at Atlanta, where the Governor will  
confer with Major John S. Cohen,  
national Democratic committeeman.

It is expected that Governor  
Smith also will spend a few days  
at Warm Springs with his friend  
and successor, Governor-elect  
Franklin D. Roosevelt.

# CUTS ESTIMATE OF 1928 CORN CROP IN STATE

Purdue Cites Barren Stalks  
and Short  
Ears.

By Times Special  
LAFAYETTE, Ind., Nov. 16.—An  
unusual number of barren stalks,  
combined with shorter ears than  
were expected, has reduced Indi-  
ana's corn yield about 2,500,000  
bushels under the forecast of a  
month ago, according to the pre-  
liminary estimate announced by  
the department of agricultural sta-  
tistics at Purdue university, work-  
ing in conjunction with the United  
States department of agriculture.  
The estimate places the yield at 36.2  
bushels per acre and production at  
170,502,000 bushels, with an unusu-  
ally large amount husked by Nov. 1.

However, the percentage of the  
crop of merchantable quality is re-  
ported as eighty, which is the same  
as the ten-year average and com-  
pares with sixty-three last year.  
Stocks of old corn on farms Nov.  
1 were low, amounting to only  
1,987,000 bushels, where last year  
there were 12,905,000 bushels. The  
available corn this year, including  
carry-over, is 27,428,000 bushels, or  
18.9 per cent above last year.

One of the best potato crops on  
record is anticipated, with the crop  
averaging 109 bushels to the acre.

which is a little better than was ex-  
pected earlier in the season and 26  
bushels per acre above the average.  
Buckwheat is reported slightly low-  
er than last month, while sorghum  
syrup is reported as averaging 96  
gallons per acre, 16 gallons higher  
than last year.

Sweet potatoes are also yielding  
above average by about seven  
bushels per acre. Soybeans for grain  
fell somewhat below earlier expec-  
tations, while cowpeas are reported  
higher. The acreages of both clover  
seed and timothy seed are reported  
much lower than last year, but the  
yields of seed per acre above aver-  
age. The final report on fruit crops  
shows that all of them exceeded  
earlier expectations. Pears and ap-  
ples especially outran the forecasts.

# U. S. SWOOPS ON GAY RESORTS OF NEW YORK

Twenty-One Night Clubs  
and Alleged Speakeasies  
Visited by Dry Raiders.

By United Press  
NEW YORK, Nov. 16.—Fifty fed-  
eral agents early today made their  
second concerted drive on New York  
night clubs and alleged speak-  
easies, raiding twenty-one places  
and taking thirty prisoners.  
The places visited by the agents  
ranged from office buildings in the  
mid-forties to the gay resorts in  
Greenwich Village.

None of the better known night  
clubs, such as those at which Texas  
Guinan and Helen Morgan enter-  
tain, were visited today.  
The squads were sent out in five  
groups of ten each and made a  
sweeping campaign over that sec-  
tion of the city which becomes gayer  
as the early morning hours arrive.  
Some of the federal forces were  
augmented by city police.  
The Gay Paree and Jimmy Kelly's

were among the better known night  
clubs raided.  
In some quarters it was reported  
the raids were ordered directly by  
Mrs. Mabel Walker Willebrandt, as-  
sistant attorney-general, but these  
reports could not be confirmed at  
the federal building.  
Thursday the government lost  
the first of twenty-six cases which  
grew out of the night club raids  
ordered last summer by Mrs. Wille-  
brandt.  
It sought to convict the proprie-  
tor and four employees of "Luigi's,"  
a Greenwich Village cafe, of con-

spiracy to violate the federal dry  
laws. The jury returned a verdict  
of not guilty on that charge. Since  
they admitted selling liquor, how-  
ever, they were convicted of main-  
taining a nuisance.  
A prohibition agent testified that  
one of Luigi's waiters boasted of  
the fact the establishment was pro-  
tected by "Senator Wagner."  
United States Senator Robert  
Wagner became a voluntary witness  
to deny that he had had any deal-  
ings with Luigi or with prohibition  
agents.
