Two Indiana Champions to Compete With Best in 'Corn-Choir Belt'

Which mid-west girl sings best? Which lad in the whole "corn and choir belt" seems destined to be America's Caruso? Which midwest girl and youth will win shares of \$17,500 cash awards and music conservatory scholarships in the 1928 national radio audition? Answers to all these questions will be given next week, when 24 amateur singing champions of states in the heart of the nation compete at Chicago in semi-finals of the second national radio audition. Radio Station WMAQ, Chicago, will broadcast this contest Nov. 24 at 8 p. m. and radio listeners' votes will help decide which contestants receive the Atwater Kent foundation's cash rewards and scholarships.

State Champions Named Here are the state champions, each elected by combined vote of his state's radio audience and competent musical authorities: Illinois—Maria Matyas, mezzo soprano, Chicago; W. Chester Ewers, tenor, Evanston. Indiana—Mary Studebaker Smith, contralto, Gary; W. Bromley House, baritone, Indianapolis. Iowa—Honorable K. Otley, soprano, Fayette; Paul Feddersen, baritone, Belle Plaine. Michigan—Celeste Cole, soprano, Detroit; Filfred Engelman, baritone, Detroit. Minnesota—Gertrude Schmitt, lyric soprano, Minneapolis; Wendell Johnson, baritone, Duluth. Missouri—Glady's Morrison Ball, contratura soprano, Kansas City; Emerson Brown, baritone, St. Louis. Nebraska—Kathryn Iris Dean, contralto, Lincoln; Kenneth Gould, tenor, Omaha. North Dakota—Mildred Kellam, soprano, Jamestown; Kenneth Preston, baritone, Bismarck. Northern Ohio—Thelma Wallette, contratura soprano, Cleveland; Harold Haugh, tenor, Cleveland. Southern Ohio—Martha E. Dwyer, dramatic soprano, Dayton; Clyde F. Kelly, baritone, Columbus. South Dakota—Grayce Lindgren, contralto, Aberdeen; Max Koster, baritone, Vermillion. Wisconsin—Phyllis D. Nowak, soprano, Milwaukee; Stanley Mornier, tenor, Park Falls. Radio audience votes will count 60 per cent in deciding winners. Ballots of twenty-seven official judges, located in every midwest state and listening by radio, will count 40 per cent. W. G. "Billy" Hay, WMAQ's announcing ace, will direct broadcasting of the contest. Mrs. Edmund Joseph Tyler, president, Illinois Federation of Music Clubs, and Eugene S. Thomas, Washington, D. C., assistant manager of the National Radio Audition, are arranging entertainment of contestants. Midwest winners will go with champions of other Audition districts—Dixie, northeast, southwest and far west—to New York, as the foundation's guests for national finals and presentation of cash awards and scholarships, Dec. 16.

With this week's release, all stations should be broadcasting on the new allocations assigned them by the federal radio commission. We have made all changes with the last information sent us, although many stations still are sending in their copy with the old wave lengths and still are following the old schedules. Others broadcasting on the same wave have sent in programs for the same time, while other have failed to send in any copy at all.

These are just some of the difficulties we have had to contend with in compiling our service this week, and we hope that if you discover any errors (which we have tried very hard to avoid), you will overlook them, as we think most of the stations will have their troubles straightened out by next week, sufficiently to send in correct information.

Doctor Found What is Best for Thin, Constipated People

As a family doctor at Monticello, Illinois, the whole human body, not any small part of it, was Dr. Caldwell's practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

In the course of his 47 years' practice (he was graduated from Rush Medical College back in 1875), he found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year his prescription was first placed on the market.

The preparation immediately had as great a success in the drug stores as it previously had in his private practice. Now, the third generation is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day some one somewhere is going into a drug store to buy it. Millions of bottles of Dr. Caldwell's Syrup Pepsin are being used a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Dr. Caldwell's Syrup Pepsin, and we have gotten many hundreds of letters from grateful people telling

us that it helped them when everything else failed. Every drug store sells Dr. Caldwell's Syrup Pepsin, but you may try it free by using this coupon.
