Indiana Girl Strong as Boy
"Edith was a very delicate child and was nearly always fretful, nervous or feverish," says Mrs. A. C. Rugsenstein, 1543 Madison ave., Indianapolis. "I tried a lot of things for her constipation but her condition didn't improve. Instead, she got so the little I could force her to eat wouldn't ever digest. She got badly underweight, sallow and weak."

"Then I decided to try California Fig Syrup, and the results surprised me. Her bowels started working immediately, and in little or no time she was eating so she got to be a pest at the table, always asking us to pass things. Her weight increased, her color improved and she began to romp and play again like other children. Now she's the picture of health, and strong as a boy."

Pleasant-tasting, purely vegetable California Fig Syrup acts surely and quickly to cleanse your child's stomach and bowels of the souring waste that is keeping her half-sick, bilious, sallow, feverish, listless, weak and puny. But it's more than a laxative. It tones and strengthens the stomach and bowels so these organs continue to act naturally, of their own accord.

Over four million bottles used a year shows its popularity. Ask for it by the full name, "California Fig Syrup," so you'll get the genuine, endorsed by physicians for 50 years.—Advertisement.

Get the Habit

"Read the fraternal page of The Indianapolis Times every Monday for news of this lodge," is the report read every lodge night by the secretary of a prominent Indianapolis organization.

Not only in this particular leading lodge, but in many other lodges of the city the same report is read each lodge night.

Secretaries or chairmen of publicity committees send their news to the fraternal editor at The Times before Friday of each week. The stories are written by the editor in news form and published on the lodge page each Monday.

The heads of a number of groups have said The Times lodge page is a more efficient medium for reaching members than any other they have found.

Get the habit of reading the page each Monday. Follow the lead of hundreds of others.
