

KIDNAP KILLER DIES TONIGHT IN OHIO PRISON

Toledo Clubber, Negro to Be Executed at Sundown; Warden's Birthday.

By United Press
OHIO STATE PENITENTIARY, COLUMBUS, O., Nov. 30.—Unless Governor Donahey intervenes, Charles Hoppe, former Toledo chauffeur, will be executed in the electric chair tonight for the murder of 7-year-old Dorothy Sczelagowski of Toledo.

Hoppe will be preceded in death by John Rucker, a Cincinnati Negro, who was condemned to die for the killing of a policeman.

The state board of clemency this morning refused to recommend clemency in Hoppe's case and will report on the Rucker case this afternoon.

Hoppe's wife and his brother Leo appealed to the Governor's office this morning, but the Governor was out of the city and his executive secretary said he would abide by the clemency board's recommendations.

The Sczelagowski child was kidnapped and murdered last summer. Hoppe later confessed and also admitted clubbing a Toledo school teacher to death.

Hoppe ate a hearty Thanksgiving dinner, but remained sullenly defiant. This has characterized his attitude since his arrival at Death Row.

The two men will be executed shortly after sundown, under the direction of Warden P. E. Thomas.

Today is Thomas' fifty-sixth birthday anniversary and will mark ninety-seven executions over which he has presided.

GOES TO JAIL FOR HAT

Woman Prefers Bistle and Bonnet To Paying Fine.

By United Press
OAKLAND, Cal., Nov. 30.—Jail is one thing and a new hat is another, so when pretty Patience Hunt of Oakland had her choice she picked the hat.

Miss Hunt was fined \$15 when she appeared before Police Judge J. V. Gaffey of Burlingame on a speeding charge. He gave her the alternative of spending five days in jail.

The pretty speeder puckered her brow just a second before she came to her decision.

"Fifteen dollars will buy a new hat," she told the judge. "Let me deposit the money so I can go home and straighten up my affairs and then I'll come back, to go to jail."

She kept her word to the letter and went to jail.

QUIT LOST MAN HUNT

Swamp Search Is Abandoned After Two Days; Fear He's Dead.

By United Press
MUNISING, Mich., Nov. 30.—H. A. Kleist Jr., of Pontiac, Mich., has been lost in a swamp near Creighton, while hunting deer. Searchers returned late yesterday from a two-day search for him. Officials believe he died of exhaustion and exposure. Little hope was held of finding the body in the morass and dense shrubbery of the swamp.

HOPEFUL FOR BRITISH-U. S. ARMS PARLEY

Britten Is Undismayed by Unofficial Criticism of Plan.

By United Press
WASHINGTON, Nov. 30.—Apparently undismayed by unofficial government criticism of his move for an Anglo-American parliamentary conference or arms limitation, Chairman Britten of the house naval committee predicted today calling of such a conference in view of favorable foreign press comment on the idea.

Unless the conference is called before 1931, the two governments may spend millions of dollars for needless competition in naval armaments," Britten said.

"There is no rift between England and America and there need be no military competition between these nations.

"People of both nations desire the governments to get together on a limitation against and their desires must be limited. I want to do everything to prevent useless expenditures for armaments. If these two governments are real friends, let them prove it."

Britten said that, should his proposal fail, he believed the interparliamentary union group of Great Britain and the United States would discuss naval limitations at the next interparliamentary union meeting at Madrid, Spain, and then report recommendations to their governments.

Chang Tso-lin thought bobbed hair was "not nice," and girl's were forbidden to bob.

In respect to his father's memory, Chang Hsueh-liang, the "Yung" saved. The bird died.

Joseph R. Gordon post, G. A. R., will hold its annual election meeting at Ft. Friendly Saturday at 2 p. m.

Shumaker in Durant Contest on Prohibition

Rigid law enforcement and education to shape public sentiment are needed to make the Eighteenth Amendment effective, Dr. Edward S. Shumaker, Indiana Anti-Saloon League superintendent, contends in a 1,900-word essay which he entered today in the \$25,000 W. C. Durant contest.

The Indiana dry leader was unwilling to divulge details of his solution of the prohibition problem prior to the decision of the judges, which is promised for Christmas day.

Durant, Eastern motor car magnate, a pronounced dry, some months ago offered \$25,000 for the best plan to make the Eighteenth Amendment effective. Dr. Shumaker at once indicated he would compete for the prize and was engaged on his essay when he made a brief excursion to the Indiana State Farm for contempt of the Indiana Supreme court.

There IS a way of overcoming the tendency to constipation. And here how you can PROVE it.

The next time your bowels need any assistance, don't take the first laxative that comes to mind. Take one the druggist can assure you is made with CASCARA. Just as effective as using force, and it's good for the system. Indeed, it helps make good blood. For cascara is nothing but the bark of a tree. The Indians chew this bark, and live to an old age without a day's sickness.

What happens when you cascaraize the bowels? They will usually function well for SEVERAL DAYS. One more dose—no larger, and perhaps smaller than the first—and the bowels function of their own accord for a still longer time. Until

you don't feel the need of any aid of any sort for weeks-on-end.

So, the only habit you get from cascara is that of natural and normal regularity. How different from things one must usually repeat on the morrow! Cascara is the ideal laxative, and the familiar little candy Cascaret is doubtless its ideal form.

Children beg for these tasty tablets, and many men and women wouldn't think of taking ANYTHING else for the purpose. And EVERY druggist has them.—Advertisement.
