

CEMENT PEACE  
IN S. AMERICA  
AT CONFERENCE

Conciliation, Arbitration  
Pacts Approved by  
Committee.

WASHINGTON, Jan. 4.—The Pan-American conciliation conference unanimously adopted today the convention of conciliation and the treaty of arbitration presented by the conference standing committee for final action.

The vote ratified two of three agreements important in the history of Pan-Americanism.

Those agreements are:

Prevention of war between Bolivia and Paraguay by the signature of a protocol between the two nations providing for a peaceful settlement of their border conflict.

The treaty of obligatory arbitration among the American nations extending compulsory arbitration further than ever before provided in a pact among so many countries.

The convention of compulsory conciliation among the nations of the western hemisphere getting up a permanent organism or conciliation which also is wider in scope than any other pact of its kind ever negotiated.

Today's plenary session was a prelude to the final adjournment of the conference, probably Saturday, when the treaty of arbitration and the convention of conciliation approved today will be signed.

The protocol provisions for a settlement of the border conflict between Bolivia and Paraguay was signed in a simple ceremony at the Pan-American Union Monday night.

SECOND RAID SCORES

Day Squad Take Two in "Come Back" at 416 W. Washington Street.

Returning for a second raid on a poolroom at 416 West Washington street Thursday after their first visit was fruitless, police seized a quantity of grain alcohol and arrested Frank Fletcher, 24, of 155 Bright street, and Jack Sam, 32, of 50 1/2 South West street.

Sergeant Eldridge's raiding squad was the first to descend on the place. Major Lewis Johnson, Captain Walter Claffey and Lieutenant Pettit staged the return raid.

PERU'S FIRE LOSS SMALL

PERU, Ind., Jan. 4.—This city's fire loss during 1928 was only \$5,876, according to a report by Chief Carl J. Ahnert, although there were sixty more alarms turned in than during 1927.

ASKS DAM PERMIT  
Petitions to Build 150-Foot Structure in Arizona.

WASHINGTON, Jan. 4.—Application to construct a dam 150 feet high across the Salt river in Gila county, Arizona, and a power plant generating 6,000 horse power for adjacent copper mines, was filed with the federal power commission today by James Giraud, Phoenix, Ariz.

JOB LINE SHRINKS  
3,000 Still Seek Work at Ford Plant.

DETROIT, Mich., Jan. 4.—The army of men applying for 30,000 new jobs at the Ford Motor company dwindled to less than 3,000 today as the task of employing 500 men daily continued.

In addition to hiring the men at the Fordson plant, the Dearborn factory of the company also received applications today. Two-thirds of the 500 men in line at the Fordson plant at 6 o'clock this morning had been waiting for the employment office to open since 2 o'clock, according to employment office officials.

Window Pulls Out Hair

MARSHALL, Ind., Jan. 4.—Mrs. Mary Ewbank, 80, is suffering from a scalp wound received when part of her hair was torn off after it became caught in a window as she raised it.

DRY LAW FLOP  
BLAME FIXED

Durant Lays Failure to  
Business Leaders.

NEW YORK, Jan. 4.—Business leaders of the country "bear a heavy responsibility for the widespread disobedience" of prohibition laws, W. C. Durant said today in a telegram to William Randolph Hearst.

Durant, who recently awarded a \$25,000 prize for the best plan to enforce the eighteenth amendment, sent his telegram in continuance of the discussion he and Hearst have been holding recently.

Hearst has offered \$25,000 for the best plan to repeal the eighteenth amendment.

"Bottleg liquor," Durant said, "has become the most widely advertised factor in the social life of men whose names are synonymous with success, wealth and power in their communities. The contagion of their lawlessness spreads through the entire population. Citizens who have the largest stake in law observance have taken the lead in law defiance."

"I believe that this is a phase that is already passing. I believe that our business leaders are ready to rally behind the leadership of Herbert Hoover for the law. I believe that for the first time we are going to see the government proceed against the bootleg industry with a wholly honest and effective enforcement system. In other words, I think that the law at last is going to have a fair trial."

DON'T CATCH  
THE FLU!

Break a Cold the First Day

Any doctor or nurse will tell you that if you break a cold the first day you are unlikely to contract pneumonia or influenza. So don't let a cold hang on. At the first cough or symptom of a cold or sore throat start with Turpo and break it right up. Rubbed on the chest or throat Turpo relieves congestion, loosens phlegm. Instantly you will feel the improvement.

As a preventive against flu, sniff a little Turpo up each nostril several times a day and flu germs will have little chance of getting a lodging or breeding place.

Turpo is an effective antiseptic combining the old-fashioned remedies of turpentine, camphor and menthol. Any doctor or trained nurse will tell you that these ingredients have long been recognized as effective antiseptics as well as having really wonderful qualities in relieving colds or congestions. Turpo costs only 35 cents at any drug store.

Quick, Sure, Safe Relief

WASHINGTON, Jan. 4.—A reapportionment bill to change the allocation of members in the house according to the change in population of states during the last twenty years was favorably reported by the house census committee today.

RESEATING BILL O. K.

WASHINGTON, Jan. 4.—A reapportionment bill to change the allocation of members in the house according to the change in population of states during the last twenty years was favorably reported by the house census committee today.

GAS FLOWING HEAVILY

Well Near Petersburg Believed of Million Cubic Feet Volume.

PETERSBURG, Ind., Jan. 4.—Gas is flowing at an estimated volume of 1,000,000 cubic feet daily from a well drilled on the farm of Mrs. Anna McKillip, six miles southwest of here.

The well was put down for oil by the Bement Oil and Gas Company, which holds leases on nearby farms. The drill ran into a gas pocket and it is estimated the volume will exceed that of Old Jumbo, a well from which a number of southern Indiana cities and towns have received most of their gas supply for twenty-eight years.

The latest use for the X-ray is to peer into the heart of a tree.

Don't Let the Flu Get You

Public health officials in Washington say that 1 per cent of the population has influenza, a million cases throughout the United States and "the peak of the epidemic has not been reached."

DR. J. C. VERMILYA  
Founder of VerWilko

AS A PREVENTATIVE

During the terrible Flu epidemic in 1918 Dr. Vermilya was busy day and night and most all his patients were stricken with the Flu. These

cases Dr. Vermilya treated with his now famous Prescription, VerWilko with such marvelous success that, where the treatment was started in time, the disease was immediately checked and the patient returned to good health.

AS A RELIEF

However, if the disease gets the upper hand before starting with VerWilko, a regular course of treatment as directed will cleanse the blood stream, quiet the nerves, establish perfect elimination and be an important ally in fighting this dreaded malady.

AS A BODY BUILDER

When the Patient is in the convalescent stage, VerWilko will prove more important than ever if used as a tonic, because it removes all toxic poisons from the Bowels, it restores the Stomach, Kidneys and Liver to a healthy condition and places the entire system back to perfect health. VerWilko has restored more people to perfect health after having had the Flu than all the other medicines on the market. Great crowds are clamoring for the miracle medicine (VerWilko) wherever it is sold.

Every home should have VerWilko in the medicine cabinet. See the VerWilko specialist at once. Goldsmith's East Washington and Alabama Sts. Drug Store, VerWilko is on sale at all Goldsmith drug stores and by all leading stores in this vicinity.—Advertisement.
