

FATHER OF NEW RUSSIAN 'CZAR' SPEAKER HERE

Duke Had Accepted Cyril as Pretender; Now Faces Dilemma.

Prince Nikita, son of Grand Duke Alexander of Russia, who lectured here recently, has been chosen pretender to the throne of Russia by the Paris emigres, according to United Press dispatches from that city today.

The choice was made at a secret meeting, following the death of Grand Duke Nicholas.

Despite the announced pretensions to the throne of Grand Duke Cyril, the group nominating Prince Nikita always have supported the late Nicholas as czar. They term themselves the supreme Russian monarchist council.

Shortly after leaving Indianapolis, Alexander was quoted as acknowledging Cyril's pretensions. Now he is faced with the dilemma of standing by these statements or turning to his son as the real pretender.

Student of Engineering

Alexander's son is a young Oxford graduate, who is studying engineering after working hours spent in a Paris office.

The new "Emperor of Russia" will be leader of the shadowy "white army." He takes the banner dropped by Nicholas and becomes the key figure in an important gesture against Soviet Russia.

Nikita, who married the Countess Vorontzoff in Paris in 1922, was chosen over half a dozen other candidates for the role of pretender to the Romanoff throne because "his attitude and appearance are in keeping with the bearing of a monarch."

Cyril was eliminated because of his unpopularity with the Russian exiles, who have devoted great effort and large sums to the white army. He also was opposed because he is not a member of the Russian orthodox church and, therefore, not eligible to the throne.

Grand Duke Dmitri, another claimant, was opposed as "too frivolous." He spends his time between London and Biarritz and is married to an American girl, Audrey Elroy, who was given the title of Princess Ilyinsky by Cyril in 1925.

Split in Ranks Predicted

The possibility of a rift in the ranks of the monarchists was predicted as the result of the election. Princess Victoria of Coburg, wife of Cyril, is a woman of great ambition and is not expected to rest until she sees her husband acknowledged throughout the world as the claimant to the throne. She is a sister of Queen Marie of Rumania and has English blood. In 1923 she forced Cyril to declare himself pretender in opposition to Nicholas.

The council decided today that the moment was not propitious for announcement of the election of Nikita in view of the death of Nicholas.

The latter left no will, but, out of respect for his wishes, General Koutiepoff, his chief aid, will be made commander-in-chief of the white army. He was a Russian World war general.

According to present plans the white army hopes to regain power in Russia by a revolution and then establish a dictatorship until order is restored and a national assembly can name Nikita emperor.

PLAN BUS-SIGNAL ACT

Propose Law to Warn with Flares of Stalled Trucks.

Operators of busses, motor trucks and trailers will be compelled to place flares at a distance of 100 feet or more from their vehicles stalled on country roads during the night, according to a bill to be introduced by Senator James J. Nejdl of Whiting.

Home-Made, but Ends Bad Cough in a Hurry

To end a stubborn cough quickly, it is important to soothe and heal the inflamed membranes, get rid of the germs and then draw the mucus inwardly to help throw off the trouble.

For these purposes, here is a home-made medicine, far better than anything you could buy at 3 times the cost. From a druggist, get 2½ ounces of Vicks VapoRub, a plain adhesive, and add plain granulated sugar syrup or strained honey to fill up the pint. This takes but a moment, and makes a remedy so effective that you will never do without, once you have used it.

Keep perfectly, and children like it. This medicine does three many things. It loosens the mucus-laden phlegm and soothes away the inflammation. At the same time it is absorbed into the blood, where it acts directly on the bronchial tubes. This explains why it brings such quick relief, even the obstinate bronchial coughs and "flu" coughs.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in a refined, palatable form, and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

Heroes of Sea Rescue

Heroes three are these. Swerving from her course as an S O S call sang through the ether, the steamer *Saguache* raced 200 miles through a stormy sea to the side of the sinking German freighter *Roedelheim* and saved the lives of eighteen men. Pictured above as the *Saguache* docked at Portland, Me., are, left to right: Chief Officer L. Sederholt, who commanded the *Saguache* life-boat crew which made two perilous rescue trips to the foundering German ship; Capt. Benjamin Bendetti of the *Saguache*; and Capt. Dietrich Zeigling, master of the lost freighter, who stood by his ship until every member of his crew had boarded the life-boat.

OGDEN FINDING HITS SHUMAKER

Attorney-General Upholds Gilliom in Ruling.

Contentions upon which former Attorney-General Arthur L. Gilliom built his contempt case against the Rev. E. S. Shumaker, superintendent of the Indiana Anti-Saloon League, are upheld in a reply brief filed by Attorney-General James M. Ogden in federal court Tuesday.

The reply is to the brief of Shumaker's attorneys in the habeas corpus case brought against Sheriff William L. Reson of the supreme court.

The action kept Shumaker from serving his sixty days at the Indiana state farm when ordered to do so by the court over the pardon granted by former Governor Ed Jackson.

Ogden's brief contends that the supreme court was both within jurisdiction and upheld Gilliom's contention that the Governor was without power to pardon.

In closing the brief states: "This case has attracted widespread attention throughout the state and possibly beyond the limits of the state. As pointed out earlier in the brief, it has become the duty of the attorney-general, under the statutes of Indiana, to appear for and represent the respondent (William L. Reson) in this action."

The latter left no will, but, out of respect for his wishes, General Koutiepoff, his chief aid, will be made commander-in-chief of the white army. He was a Russian World war general.

According to present plans the white army hopes to regain power in Russia by a revolution and then establish a dictatorship until order is restored and a national assembly can name Nikita emperor.

REMY WARNS OF PERILS

Declares Social Conditions Threaten American Homes.

The American home is facing destruction because of the trend of social conditions, declared William H. Remy, former Marion county prosecutor, Tuesday afternoon before the Shortridge High School Parent-Teacher Association.

He outlined causes of the present "fast age," and attributed the waywardness of "flaming youth" to laxity of the present generation of older persons.

Mrs. George Underwood, president, presided.

HELD FOR COAL 'GYP'

Clarence Smith, 31, Negro, 2836 Martindale avenue, truck driver for Edward Joseph, coal dealer, 4620 Washington boulevard, was arrested Tuesday charged with petit larceny and operating a blind tiger.

It is alleged Smith threw 1,000 pounds of coal from a 4,000-pound delivery into the yard of a friend at 722 North West street. Police said they found a small quantity of liquor in Smith's possession.

Watch Your Kidneys!

Irregular or Painful Eliminations
Demand Prompt Attention.

KIDNEY disorders are too serious to ignore. It pays to heed the early signals. Painful or irregular eliminations; a drowsy, listless feeling; backache are timely warnings. Heed them!

To promote normal kidney action and assist your kidneys in cleansing your blood of poisonous wastes, use Doan's Pills. Endorsed by users everywhere. Ask your neighbor!

50,000 Users Endorse Doan's
Mrs. George Stedler, 3644 Park Ave., New York, N. Y., says: "Doan's Pills were just what I needed. My kidneys were not acting properly. The eliminations were irregular and I was troubled with a stiff back. Dizzy spells annoyed me, too. I want to take this opportunity to tell other folks of the good Doan's did for me."

BOOTH ISSUES CHALLENGE TO OUSTER MOVE

Salvation Army Head States Council Has No Right to Ask Removal.

By United Press
LONDON, Jan. 16.—General Bramwell Booth remains steadfast in his intention to resist efforts of the Salvation Army's high council to remove him as commander-in-chief.

In a statement explaining his reasons for refusing to resign General Booth charged that the council had no power to propose a change in the army's constitution, much less

POSTPONE INSTALLATION

B'nai B'rith Lodge Officers to Take Seats Monday Night.

Installation of officers of the Indianapolis B'nai B'rith lodge, scheduled for tonight, has been postponed to Monday night, because of the lecture to be held tonight under auspices of the Hadassah chapter.

Isidore Feibleman will be installed as president of district 2, and Samuel J. Mantel will be president of the local chapter. Mrs. Mantel will read a paper on "Gothold Ephraim Lessing" at the session.

The meeting will be open to women.

DENY WITNESS STAND TO WIFE

Testimony Against Mate Is Barred in Love Suit.

A divorced wife can not testify against her first husband in behalf of her second husband when the first husband is suing the second husband for \$100,000 for alienation of the affections of his wife, was Judge William O. Dunaway, superior court three, held today.

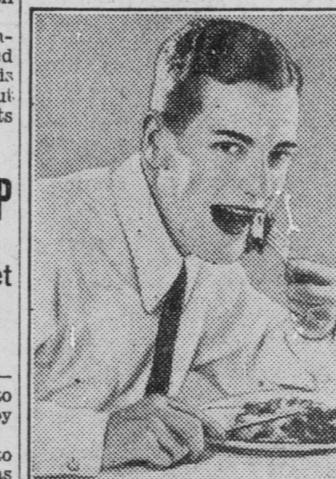

The judge's ruling was given in the trial of the suit of \$100,000 heart balm asked by Vasile Titelaru, 36, baker, 1040 South Fleming street, from Charles M. Bates, 68, piano salesman, Bedford, Ind.

Mrs. Louise Bates, formerly Mrs. Titelaru, was denied the stand when attorneys for Bates placed her name on the witness rolls to give evidence showing that her love for Titelaru ceased long before Bates the piano salesman gave her a photograph when she was Mrs. Titelaru.

The case is expected to reach a jury today.

KEEP STOMACH YOUNG!

Eat What You Want

When the food you eat goes into your acid-soaked stomach, it sour and can't digest, makes foul gas and sour bile. The blood takes these poisonous acids and carries them through the body. Naturally it makes you miserable and despondent because your system is not nourished—your lose weight.

Pape's Diapepsin dissolves the acids and sweetens the stomach. It digests the food; no more sour bile is taken up by the blood. Your appetite is like a youngster's again, and gradually you get back your health, flesh and energy.

Chew a tablet or two of Pape's Diapepsin after meals. It tastes good, and relieves the misery of indigestion in five minutes. It will keep your stomach young and vigorous so you can eat anything you want without being afraid of the consequences.—Advertisement.
